TAKING RESPONSIBILITY FURTHER

Environment

At Go Travel, we're committed to developing products that balance innovation, performance and durability, while continually looking for ways to reduce our environmental impact.

We're excited to be exploring **next-generation fabrics** and fibres that combine advanced performance with more considered material choices. We've already made significant progress, with our latest developments including Q-CYCLE fibre in our flight socks, **made using recycled tyre materials** that help give waste a new purpose. We're also introducing innovative materials such as SeaCell™ and TENCEL™ blends, incorporating **responsibly harvested seaweed,** alongside organic cottons and PFAS-free water-repellent finishes across selected products.

Looking ahead, our roadmap includes a phased transition to **recycled polycarbonate (rPC)** across our entire adaptor range, the introduction of rPC into selected chargers, and **recycled PVC** across our cable range.

At Go Travel, sustainability isn't a box to tick. It's part of how we approach product design, and we're continually exploring new ways to make our products better.

Social

We have an **Ethical Code of Conduct**, which applies to the supplier, manufacturer and any other individuals involved in supplying products to our company.

Our Compliance Team visits our main suppliers and factories regularly to maintain and grow these relationships. We support and encourage a **diverse workforce** throughout its entire operation and supply chain.

Governance

All suppliers are members of either **Sedex, BSCI** or **Social Accountability Platforms** and are **annually audited** to these standards.

ADVANCING TEXTILE INNOVATION

SeaCell™ & TENCEL™ Ocean-Derived Softness – Enhanced by Plant-Based Fibres

As we explore more considered materials for our Comfort Range, we're bringing together SeaCell™, an innovative fibre produced using responsibly harvested seaweed, with the softness and breathability of wood-derived TENCEL™ fibres. This advanced blend offers a comfortable, gentle feel against the skin, reflecting our focus on developing travel essentials that bring together material innovation, everyday comfort and performance.

Q-CYCLE® Giving Tyres a New Purpose

We're taking an exciting step forward in performance textiles with the introduction of Q-CYCLE® into our flight socks. This innovative polyamide yarn uses raw materials derived from end-of-life tyres through a certified mass-balance process, helping reduce reliance on virgin fossil-based resources without compromising the strength, durability and comfort we expect from our products. It's another example of how we're exploring new material technologies to make better use of existing resources.

Q-SKIN® Intelligent Fibre – Advanced Freshness & Comfort

Our focus on textile innovation goes beyond material sourcing to the performance benefits we can bring to our products. Q-SKIN® is an advanced polyamide fibre incorporating silver-ion technology to help inhibit the growth of odour-causing bacteria. Designed to support freshness, breathability and moisture management, with functional properties developed to withstand repeated washing, it allows us to introduce enhanced comfort and practical performance into our travel accessories.

SLIM THREE SIDED SPINNER

REVOLVING DISPLAY WITH LOCKABLE WHEELS

REF	1251.101
NO. OF FACINGS	3 Product grids
DIMENSIONS (H X W X D)	140 x 50 x 50cm (55 x 20 x 20")
ADDITIONAL INFO	- Includes 50 Hooks & Swing Ticket Holders - Storage space inside header to house additional hooks & swing tickets - With lockable wheels

REVOLVING DISPLAY WITHOUT LOCKABLE WHEELS

REF	1252.101
NO. OF FACINGS	3 Product grids
DIMENSIONS (H X W X D)	140 x 50 x 50cm (55 x 20 x 20")
ADDITIONAL INFO	- Includes 50 Hooks & Swing Ticket Holders - Storage space inside header to house additional hooks & swing tickets

THREE SIDED SPINNER

REVOLVING DISPLAY

REF	1250.101
NO. OF FACINGS	x3 Product Grids
DIMENSIONS (H X W X D)	140 x 64 x 64cm (55 x 25 x 25")
ADDITIONAL INFO	- Includes 70 Hooks (103B) & Swing Ticket Holders (103ST) - Storage space inside header to house additional hooks & swing tickets

THE QUAD

DISPLAY

REF	1240.101
NO. OF FACINGS	x2 Pillow Sections & x2 Product Grids
DIMENSIONS (H X W X D)	140 x 74 x 75cm (55 x 29 x 30")
ADDITIONAL INFO	- Supports removable header graphic card inserts - Includes 45 Hooks (103B) & Swing Ticket Holders (103ST)

SLIM PILLOW STATION

DISPLAY

REF	61.101
INCLUDES	Header and x3 Generic pillow graphics
DIMENSIONS (H X W X D)	121 x 25.96 x 30.46cm / (48 x 10 x 12") No header 151.5 x 25.96 x 30.46cm / (60 x 10 x 12") With header

REF	061CS / 62.101
INCLUDES	x2 Metal Clip Strips
DIMENSIONS	116 x 5cm / 46 x 2"

PILLOW TUBE

REF	1247 / 1247.101
DIMENSIONS (H X W X D)	140 x 40 x 39cm (55 x 16 x 15")
ADDITIONAL INFO	- Supports removable header graphic card inserts. Various graphic content available. - x3 Self adhesive price holders - Integrated metal shelving - angled base presents product more efficiently.

COUNTER DISPLAY UNIT

REF	56.101
DIMENSIONS (H X W X D)	29 x 49 x 20.7cm (11 x 19 x 8")
ADDITIONAL INFO	- Includes 9x150mm hooks

DOUBLE BASE

REF	1246
DIMENSIONS (H X W X D)	65 x 87 x 44cm (26 x 34 x 17")
ADDITIONAL INFO	Angled cut outs allow the Double Base to drop down over x2 Pillow Tubes securing them efficiently in place PILLOW TUBES NOT INCLUDED - ORDER SEPARATELY
