Safe & Gentle Piercing

2026 Style Guide

Fresh Looks & Fresh Colours!

Welcome to our 2026 Style Guide! A sparkling celebration of over 50 years of Safe & Gentle Piercing with Inverness.

We are pleased to present a wide range of new products for your piercing business.

Be sure to look for:

- **'Glorious Gold'** - a gorgeous collection of 9ct styles to bring an affordable luxury to all (page 4)
- **'Exciting Enamel'** - colourful enamel piercing studs in 24ct gold plated stainless steel guaranteed to make your customers smile (page 5)
- **'Stylish Stainless Steel'** - Sparkling fresh crystal & cz silhouettes bring a modern twist to your piercing collection (page 7)
- New Piercing Supplies (page 15)

Whether your customers love classic beauty, bright colours, or playful pops of enamel, there's something here to inspire—and to make every piercing feel special.

We hope these looks elevate your collections and bring plenty of smiles to your customers throughout the year.

Happy piercing from all of us at Inverness!

About Our Earrings

Inverness piercing earrings come in a range of sizes & metal choices to match every look and budget.

Safe & Sterile

- Inverness piercing earrings are packaged in sterile, tamper-resistant cassettes.
- Each individual earring & exclusive Inverness Safety Back™ are fully-enclosed in our sterile earring capsules to guard against exposure to potential contaminants prior to piercing.

- All Inverness piercing earrings come with the exclusive Inverness Safety Back™ designed to cover the sharp piercing tip and prevent the back from being squeezed too tight during the healing process.

Gentle

- Every Inverness piercing stud is crafted with ultra-thin piercing posts & a finely-honed tip for the gentlest piercing possible.
- Lab tests show that piercing with Inverness requires 23% LESS force than our leading competition!
- Based on these results, we can confirm that the Inverness Ear Piercing System is significantly more comfortable and gentle during the piercing process.

Proven Gentle

Hypoallergenic Metals

- Inverness piercing earrings come in a wide range of hypoallergenic metal choices including 18CT, 14CT & 9CT gold, 24CT gold plated, medical grade stainless steel, and medical grade titanium.

- All Inverness piercing earrings meet the most stringent global standards for nickel release requirements (European Union Nickel Release Directive No. 1907/2006, REACH Annex XVII).
- Our medical grade titanium earrings are nickel-free, providing maximum peace of mind for people with known nickel allergies.

Crafted from 9ct gold, 24ct gold plated steel, medical grade stainless steel & titanium there is something for everyone. Colourful enamel designs or sparkly silhouettes, brings endless opportunities to your piercing business.

Each Inverness Nose Piercing Kit comes with one pre-sterilized nose piercing stud, a single-use piercing instrument, and detailed instructions.

Ear Care Solution

Inverness aftercare solution is specially-formulated for optimal care of newly pierced ears. Our solution cleanses safely and gently without stinging. The active ingredient is Benzalkonium Chloride which will not dry or chap the skin like alcohol or hydrogen peroxide.
