WELCOME TO

Summer 2027

A season defined by vibrant colour, considered silhouettes and the ease of everyday dressing.

Summer '27 brings a fresh perspective to the FIKA wardrobe, balancing familiar favourites with new shapes, thoughtful fabric choices and a palette made for brighter days. Vivid oranges, turquoise and indigo blues, punchy reds and vibrant lime greens set the tone, complemented by crisp cotton ginghams, lightweight poplins and relaxed linen-viscose blends.

Bestselling styles return in fresh ginghams, stripes and seasonal shades, from the much-loved Monica and Isla co-ord to the Zeta and Eden set. Alongside them, new mini dresses and considered co-ords bring a fresh energy to the collection. Designed with comfort, versatility and ease at their heart, these are pieces made to take you through summer, wherever the season leads.
