# clean, fresh fragrance

Inis makes you feel close to the sea - no matter where you are

Inis in Laguna Beach, California

## Inis the Energy of the Sea

A sparkling, clean unisex fragrance that captures the feeling of a perfect sunny day by the sea, Inis is a boutique brand favourite around the world.

Light and invigorating, the scent of Inis has an extraordinarily wide appeal to all ages, and to both women and men.

Inis is the Irish word for island, and the fragrance was inspired by the beauty and energy of the wild Atlantic coast of Ireland. The cold, pristine waters of the Atlantic Ocean are the source of the nutrient-rich seaweed found in all of our body care products.

## The signature scent of Fragrances of Ireland

We are a family owned boutique perfumery, and Inis the Energy of the Sea is our signature collection. Independent and passionate, we operate from a converted farmhouse in County Wicklow. For over thirty years, we have been creating perfumes and toiletries inspired by the magic, beauty and nature of Ireland.

## We believe in small business

As a family owned enterprise ourselves, we are devoted to the independent market. In support of local businesses, it is our privilege to partner with unique shops and boutiques in many countries around the world.

## Our commitment to dolphins and whales

The ocean is a place of wonder of magic, its energy is the inspiration for Inis the Energy of the Sea.

For over 19 years, it has been our honour to be the core funder of the Irish Whale and Dolphin Group - dedicated to the protection, conservation and better understanding of dolphins and whales in Irish waters and around the world.

Their work helps ensure that the seas of the world will continue to be a source of delight and joy for generations to come.

## connected to the sea

Devoted users around the world tell us that Inis makes them feel close to the sea - no matter where they are. Here's what some of them have to say:

*I've always been drawn to the ocean. When I wear this fragrance, I just have to close my eyes and in my mind I'm there.*

*Inis is one of the most refreshing fragrances I have ever worn. It's light and smells wonderfully of the sea.*

*I love Inis, I get nothing but compliments. I could be standing in line at the store and the person behind me will ask me what I'm wearing. It smells so good, so fresh, love it!*

*I love Inis because it reminds me of traveling. The fresh feel and scent brings to mind the happy feeling of going somewhere new and exciting!*

*It's such a comforting scent. Makes me feel happy ❤*

## Sea Minerals & Seaweed

All of our body care products feature skin restoring ingredients from the sea - seaweed extracts and sea minerals - that can help soothe, hydrate and rejuvenate the skin.

We formulate our body care with varieties of nutrient-rich seaweed – harvested from the cold, pristine waters of the North Atlantic Ocean.

### **Chondrus Crispus** *'Irish Moss'*

Exceptionally rich in nutrients and antioxidants, Irish Moss can have a moisturising and soothing effect on the skin.

### **Fucus Vesiculosus** *'Bladder Wrack'*

Full of Vitamins A and C with a high concentration of minerals plus amino acids that can help hydrate the skin.

### **Laminaria Digitata** *'Tangleweed'*

This cold water species contains an abundance of minerals and is known for its anti-inflammatory benefits which can help protect the skin.

**Refresh and feel close to the sea  
- no matter where you are**

Clean, light, yet lasting fragrance - energising top notes of lemon and marine bring a fresh feeling like sunshine on your face, heart notes of lily of the valley are like a soft summer breeze on your body, while base notes of sandalwood and clove give an earthy warmth like sand between your toes.

Our signature frosted bottle allows the purity of the liquid to shine through, and the cap is reminiscent of glass pebbles you might find on a beach.
