About us

Present Time is a wholesaler, specialising in home decoration items - design clocks, lighting and small furniture. As a Dutch company with a Danish CEO, we have a surprising combination of Dutch design and Scandinavian style.

Our history

In the early 1980's, a small gift company called Kaleidoscoop started. Due to the success of this company it merged with Clockwork and they decided to combine their strengths under the name Present Time. In 1999 Present Time expanded by buying two other companies - Karlsson and Leitmotiv. Today these companies are still recognisable as brands of Present Time. Present Time continued to grow over the past decade and is now the parent company of the brands: pt, Karlsson, and Leitmotiv.

Our creative department travels around the world to surprise everyone with new collections that are presented in our catalogues twice a year.

The Spring/Summer catalogue comes out in January and the Autumn/Winter catalogue is launched in August. To keep you surprised and excited, a small range of products will be added throughout the year.

The Present Time Head Office is located in Almere, the Netherlands. Present Time is active all over the world, where you can find our products in the world's most famous department stores, but also in exclusive gift shops and online.

pt,'s surprising and accessible home accessories have an indescribable 'must have' feeling. In our wide collection, we have enough choice for every interior style. While the primary focus is on the elements of form and design, they are also functional.

Leitmotiv - 106

Leitmotiv products are items with strong and timeless design elements. These appear in each and every collection. Their products will surprise you with daring, challenging designs, which makes this a unique collection.

KARLSSON - 196

Karlsson is a world-renowned Dutch clock brand. The Karlsson brand is synonymous with high quality, stunning graphics, aesthetic shapes and innovative design. This is the result of a unique collaboration between national and international designers and our own creative team.

What's new: Arctic Air

Introducing a new theme this Summer collection: Arctic Air!

Colours from the early dawn, like warm grey to the colours dark purple and night blue. These colours fit perfectly to materials like bamboo, black metal, stone and nickel metal.

This theme has a cool, stylish look which matches in a natural or industrial interior.
