

BRONTE
BY MOON

INTERIORS AUTUMN 2020

Within our factory in the heart of Yorkshire, we make extra efforts to be a more sustainable business each and every day. Wool is of course a 100% natural, renewable, and biodegradable fibre, which when combined with our commitments to zero waste, recycling and solar energy create a product of the highest ethical quality.

Two new capsule collections designed with AW20 interiors trends in mind, but with the foresight & longevity to remain a part of our range season after season.

Crafted in wonderfully soft Merino Lambswool, the calming **Soft Neutral** throws are a luxurious yet understated addition to your sofa, bed or outdoor spots. The natural tones of chocolate brown and creamy off-white are woven into popular Windowpane, Diamond and Checkerboard designs.

The **Madison Check** meanwhile adds a stunning splash of colour, available in three carefully combined colour variations.

Brand New Autumn 2020

Transitional Collection

Our range of Transitional Shetland-quality wool throws brings together favoured design concepts of both traditional and contemporary furnishings, cleverly amalgamating these two usually diverse interior styles into one concise collection.

Using intricately woven patterns in combination with subtle dusky hues, we've created a series of accessories with a fresh aesthetic. The pastel palette of aqua, sage, lilac and coral offers a wonderfully eclectic mixture of colour stories; creatively combining our unique mélange yarns with the balanced ethos of Transitional design.

Natural Lambswool Collection

Using a subtle neutral palette of camel, slate grey and off-white yarns, our in-house creative team have crafted a versatile collection of natural home accessories all in supremely soft Merino Lambswool. A combination of Scandinavian and British design elements offer up a unique take on this classic colour group, with the aim to tie in to a broad range of interior styles.

Milan Collection

A re-creation of a design found in one of our century old pattern archives, Milan became an immediate Bronte favourite upon its introduction to the interiors range in 2018. This year we've added six new shades in this intricate reversible design; perfect to display either as a full set or within their own individual colour stories.

National Trust Collection

by Moon

These fine wool throws have all been inspired by the places in the National Trust's care; stately designs in a rich colour palette. Woven in Yorkshire to the highest standards at our historic mill, this licensed collection represents a unique collaboration between two quintessentially British brands. With special product branding and a donation made to the Trust charity, we are proud to support the National Trust.

MILAN ORANGE CORAL-MINT T0336-BF41
Lambswool

Our historic mill in Guiseley, West Yorkshire, pictured in 2018. Featured within the scene is the dyehouse courtyard (left) and showroom (upper right).

We craft our beautiful ranges of throws, cushions and fashion accessories from the historic Moon mill in Guiseley, Yorkshire. Established in 1837 and with over 180 years of proud British manufacturing & design heritage already to our name, we are now one of Great Britain's last remaining vertical woollen mills.

The term 'vertical' is a throwback to the Victorian era when mills would rise several stories, with each floor containing separate parts of the manufacturing process. Today it remains a unique confirmation of our authenticity; we control every stage of production from raw wool to finished product including Dyeing, Blending, Carding, Spinning, Warping, Weaving, and Finishing.

We create our collections with a balance between innovative design & traditional craft, maintaining our position at the forefront of commercial trends with consistent high quality. Our passion for distinction remains as strong now as ever, carrying the message of what it truly means to be 'Made in Great Britain'.

Craig Adamson

Blending Warehouse Operative | 5 Years

The secret to creating rich colour is in the blend. With Craig's trained eye, he picks out up to seven different coloured wools to go into the recipe for each yarn, creating the finished colour. This is what gives Tweeds, Heathers and Plaids their uniquely rich texture. For example, if a check design includes 5 different colours, and each colour has 7 different shades in the yarn, the eye is picking up 35 different colours in the finished pattern.

Herringbone Collection

The classic Herringbone pattern is a guaranteed best seller in our range season after season. We've created a ten strong selection of trend-led colours, perfect both to tie in with our latest launches or as a simple Scandi-inspired addition on its own.

Classics Collection

Stylish designs which have stood the test of time, including the best-selling Herringbone. Each design has been woven in a choice of contemporary Grey or Beige.

Our Merino Lambswool products are renowned for its supremely soft handle. These fine wool fibres arrive at our mill with less than 0.3% impurities (i.e. dirt!) after being scoured at the farms; the fully woven throw is then washed again at the end of our making process using pure Yorkshire water to enhance this luxuriate quality.

Union Jack Collection

Large scale Union Jack throws in Lambswool, celebrating all things Great Britain in both classic red, white & blue and neutral grey colourways. British design, British made, and British quality from one of this country's last remaining vertical woollen mills. The perfect patriotic display for sporting events such as Wimbledon, Silverstone and Athletics.

Size Guide

Merino Lambswool:
200 x 130cm (WxL)
