

SEEDBALL

A SIMPLER WAY TO GROW FROM SEED

Seeds, clay, peat-free compost and chilli powder in a ball.

Beautiful wildflowers | 100% UK made

Naturally protects seeds from birds, insects and slugs

Helps bees and butterflies | Super easy to use

Welcome to Seedball

Our classic tin packaging

Created by conservation scientists, Seedball offers a new twist on **an ancient technique for increasing seed germination rates** - helping to fill our gardens, balconies and window boxes with native wildflowers, bees and butterflies.

Native wildflowers are naturally slow to germinate, and as such, loosely scattered seed can often be eaten by ants, birds and mice. Seedball helps to solve this problem by encasing the seed in a protective ball of clay, compost and chilli.

A barrier of dried outer clay means that the seed is inaccessible to predators, and once sufficient water permeates the clay, the seed inside will begin to germinate - helped along by the nutrients and minerals contained within the ball. The chilli powder continues to deter slugs and snails while the seed ball slowly degrades and the seeds sprout.

Seed balls are incredibly easy to use - simply scatter on top of soil or compost (no digging or expertise required!) and nature will do the rest.

Established in 2012, Seedball is a multiple award-winning gardening product that appeals to gift-givers, non-expert gardeners, and to people who are keen to support their back-garden wildlife. It's also ideal for people with limited mobility as well as offering a fun educational tool for children learning about nature.

Recycled cardboard range

30 to 100 seeds
per ball depending
on varieties

Clay to protect
the seeds from
predators

Chilli powder
to deter slugs
and snails

Peat-free
compost provides
a little nutrition

Gift Boxes

(Cost £1.20, RRP £19.99)

Supplied with raffia ready for your customers to choose their perfect gift combination. Neatly holds 3 tins.

Tin information

- Each tin is 64mm diameter x 24mm depth.
- Store in a cool, dry location.
- Recommended shelf life is two years from purchase.
- **Each tin contains 20 seed balls** - coverage for 1m² in a garden or three to five 50-80cm pots.
- Fold out instruction leaflet in tin lid.

Seed Boxes - Wildlife Collection

(Cost £6.25, RRP £15)

Set of six beautifully illustrated seed boxes, each with 6 seed balls. Includes 1 box of Bee; Butterfly; Bird; Bat; Beetle and Hedgehog Mix. Coverage for 2m² or 5-10 pots. All packaging made from 100% recycled card. Dimensions: 12cm x 12cm x 2cm.

Includes easy-to-follow instructions and full details of seed mixes.

Mini-Meadow - Bamboo Pots

(Cost £8.50, RRP £20)

NEW

An all in one wildflower pots gift set for anyone who loves wildflowers. Ideal for balconies and window boxes.

Includes 3 biodegradable bamboo pots and saucers with peat-free coconut coir discs and 12 seedballs. Three varieties available. Dimensions: 16cm x 16cm x 19cm. Weight: 1.2kg.

Garden Meadow

Butterfly Mix

Bee Mix

Seedball Tubes

(Cost £2, RRP £5)

For sale in store only.

A collection of our best selling varieties in 100% recycled cardboard packaging. Designed to maximise visibility and product information for retail in garden centres and nurseries.

See page 14 for seed mix details.

Clear written and visual instructions

- Each pack contains 12 seed balls - coverage for 50cm² in a garden or two to three 50-80cm pots.
- Shelf life 2-3 years, scatter by date included on pack.
- Store in a cool, dry location.
- Each pack is 9.5cm height by 10cm width.

Scattering and flowering times

Includes a scatter by date

Die cut hanging hole for easy display

Approx 30-50 seeds in every ball

Barcoded on the base

Seedball Tins - Kitchen Collection

(Cost £2.60, RRP £6) - see page 19 for seed mix details.

Herb Mix

Tea Mix

Salad Mix

Herb Kits

(Cost £6.25, RRP £15)

Created in collaboration with our friends at POD, this organic herb kit is a fun and easy way to grow your own parsley, basil and oregano from seed. A brilliant design-led gift for eco-conscious food lovers.

3 herb growing pods with **Basil**, **Oregano** & **Parsley** seed balls.

Re-use the pods to store your dried herbs

- Organic UK seeds • FSC certified cardboard packaging
- 2 peat-free coir discs (growing medium) • 5–10 seeds per ball
- Recycled aluminium • Full instructions on back of the box
- Re-pot once the plants are established • Use empty pods to store dry herbs

Seedball support

We love our stockists! And we want to help you get the most out of selling Seedball. We provide **point of sale** materials including a box for the tins or stand for the tubes, plus information postcards and posters.

Our point of sale material helps tell the story of Seedball, how **simple** they are to grow and how great they are for **bees and butterflies**.

Free display box with orders of £130 and above - holds 48 tins.

Free with orders of £200 and above - holds 42 packs.

Fold-out leaflet inside the lid with full user information.

Wildflowers listed and illustrated on back of each tin.

Seedball wildflower mixes

Classics Collection

Bee Mix

Native bee-friendly wildflowers **recommended by the Bumblebee Conservation Trust** as being rich in easily accessible pollen and nectar. **Best scattered in Spring or Autumn.**

Common name	Species	Annual/Perennial	Flowers in
Foxglove*	Digitalis purpurea	P	May - Sep
Viper's-bugloss	Echium vulgare	P	Jun - Sep
Birdsfoot trefoil	Lotus corniculatus	P	Apr - Sep
Wild marjoram	Origanum vulgare	P	Jun - Oct
Red clover	Trifolium pretense	P	Apr - Nov

Also contains extra pollinator friendly annuals to help ensure flowers in the first year: Cornflower, Chamomile, Corn Marigold & Night-Flowering Catchfly. *Foxglove is poisonous if eaten.

Butterfly Mix

Native wildflowers aimed to attract butterflies and **recommended by Butterfly Conservation** as ideal nectar plants for butterflies. **Best scattered in Spring or Autumn.**

Common name	Species	Annual/Perennial	Flowers in
Forget-me-not	Myosotis arvensis	A	Apr - Oct
Red campion	Silene dioica	P	May - Jun
Yarrow	Achillea millefolium	P	Jun - Aug
Purple loosestrife	Lythrum salicaria	P	Jun - Aug
Musk mallow	Malva moschata	P	Jun - Aug

Also contains extra pollinator friendly annuals to help ensure flowers in the first year: Cornflower, Chamomile, Corn Marigold & Night-Flowering Catchfly.

Sky Meadow

An **all blue-flowering** mix of native wildflowers that are great for bees and butterflies. **Best scattered in Spring or Autumn.**

Common name	Species	Annual/Perennial	Flowers in
Forget-me-not	Myosotis arvensis	A	Apr - Oct
Cornflower	Centaurea cyanus	A	Jun - Aug
Meadow cranesbill	Geranium pratense	P	Jun - Sep
Wild clary	Salvia verbenaca	P	Jun - Sep
Selfheal	Prunella vulgaris	P	Jun - Sep

Shade Mix

A mix of native wildflowers that are most likely to **thrive in shadier gardens** and balconies.

Best scattered in Spring or Autumn.

Common name	Species	Annual/Perennial	Flowers in
Forget-me-not	Myosotis arvensis	A	Apr - Oct
Red campion	Silene dioica	P	Mar - Nov
Meadowsweet	Filipendula ulmaria	P	Jun - Sep
Bellflower	Campanula trachelium	P	Jun - Sep
Oxeye daisy	Leucanthemum vulgare	P	May - Sep
Ragged robin	Silene flos-cuculi	P	Jun - Jul
Meadow buttercup	Ranunculus acris	P	Apr - Oct

Urban Meadow

Developed in collaboration with River of Flowers (an organisation working to promote urban wildflower corridors), this mix is great for pollinators and will **thrive in urban environments**.

Best scattered in Spring or Autumn.

Common name	Species	Annual/Perennial	Flowers in
Cornflower	Centaurea cyanus	A	Jun - Aug
Common toadflax	Linaria vulgaris	P	Jun - Oct
Cowslip	Primula veris	P	Apr - May
Meadow cranesbill	Geranium pratense	P	Jun - Sep
Red campion	Silene dioica	P	Mar - Nov
Musk mallow	Malva moschata	P	Jun - Aug
Oxeye daisy	Leucanthemum vulgare	P	May - Sep

Cloud Meadow

A selection of beautiful all **white-flowering native wildflowers** that are hugely beneficial to bees and butterflies!

Best scattered in Spring or Autumn.

Common name	Species	Annual/Perennial	Flowers in
Meadowsweet	Filipendula ulmaria	P	Jun - Sep
Oxeye daisy	Leucanthemum vulgare	P	May - Sep
White campion	Silene latifolia	P	Jun - Sep
White clover	Trifolium repens	P	Apr - Nov
Yarrow	Achillea millefolium	P	Jun - Aug

All varieties use only flowers from the RHS Plants For Pollinators List.

Garden Meadow

A beautiful and colourful mix of **hardy native wildflowers** that are great for pollinators and will thrive in most environments.

Best scattered in Spring or Autumn.

Common name	Species	Annual/Perennial	Flowers in
Cornflower	Centaurea cyanus	A	Jun - Aug
Common toadflax	Linaria vulgaris	P	Jun - Oct
Cowslip	Primula veris	P	Apr - May
Meadow cranesbill	Geranium pratense	P	Jun - Sep
Red campion	Silene dioica	P	Mar - Nov
Musk mallow	Malva moschata	P	Jun - Aug
Oxeye daisy	Leucanthemum vulgare	P	May - Sep

Plantlife Mix

Proceeds from the sale of every tin go directly to supporting Plantlife's Greena Moor Nature Reserve in Cornwall.

Best scattered in Spring or Autumn.

Common name	Species	Annual/Perennial	Flowers in
Meadowsweet	Filipendula ulmaria	P	Jun - Sep
Oxeye daisy	Leucanthemum vulgare	P	May - Sep
Red clover	Trifolium pratense	P	May - Sep
Self heal	Prunella vulgaris	P	Jun - Sep
Yarrow	Achillea millefolium	P	Jun - Aug

Hedgehog Mix

Proceeds from the sale of every tin go directly to supporting The People's Trust for Endangered Species.

Best scattered in Spring or Autumn.

Common name	Species	Annual/Perennial	Flowers in
Common poppy	Papaver rhoeas	A	Jun - Aug
Birdsfoot trefoil	Lotus corniculatus	P	Apr - Sep
Yellow Rattle	Rhinanthus Minor	A	May - Sep
Wild carrot	Daucus carota	B	Jun - Oct
Red clover	Trifolium pratense	P	Apr - Nov
Tufted vetch	Vicia cracca	P	Jun - Aug
Self heal	Prunella vulgaris	P	Jun - Sep

Artist's Meadow

Mix contents and artwork by our favourite contemporary artist **Yvonne Coombes**. Inspired by the wildflowers growing outside of her studio in Devon with proceeds from the sale of every tin go to the **Wildlife Trust**. **Best scattered in Spring or Autumn.**

Common name	Species	Annual/Perennial	Flowers in
Common poppy	Papaver rhoeas	A	Jun - Aug
Oxeye daisy	Leucanthemum vulgare	P	May - Sep
Musk mallow	Malva moschata	P	Jun - Aug
Corn marigold	Chrysanthemum segetum	A	Jun - Oct
Purple field scabious	Knautia arvensis	P	Jul - Sep
Red campion	Silene dioica	P	Mar - Nov
White cow parsley	Anthriscus sylvestris	P	Apr - Jun

Singles Collection

Poppy

Simply native **red poppies**.

Best scattered in Spring or Autumn.

Common name	Species	Annual/Perennial	Flowers in
Common poppy	Papaver rhoeas	A	Jun - Aug

Cornflower

Simply native **cornflowers**. **Best scattered in Spring or Autumn.**

Common name	Species	Annual/Perennial	Flowers in
Cornflower	Centaurea cyanus	A	Jun - Aug

Oxeye Daisy

Simply native **oxeye daisies**. **Best scattered in Spring or Autumn.**

Common name	Species	Annual/Perennial	Flowers in
Oxeye daisy	Leucanthemum vulgare	P	May - Sep

Festive Collection

Bee Merry seeds as per Bee Mix - see page 14.

Wonderland seeds as per Shade Mix - see page 15.

Let it Snow seeds as per Cloud Meadow - see page 16.

Natural History Museum Collection

Developed in collaboration with scientists at the Natural History Museum in London to support garden wildlife. Suitable for both rural and urban environments, these three colourful native wildflower mixes will attract food for Birds, Bats and Beetles. **Best scattered in Spring or Autumn.**

Kitchen Collection

Herb Mix

A collection of **scrumptious cooking herbs**. The perfect addition to a kitchen garden. **Best scattered early Spring to late August.**

Basil (Ocimum basilicum) Aromatic annual or biennial with bright green leaves and tubular white or pink-tinged flowers.

Chives (Allium schoenoprasum) Bulbous herbaceous perennials with a strong onion or garlic scent with star-shapes or bell-shaped flowers.

Dill (Anethum graveolens) Its leaves are invaluable for cooking: its flowers for decorating salads and arranging, and its seeds for salads, baking and tagines.

Parsley (Petroselinum crispum) Aromatic biennials with broad leaves and small white or pale green flowers.

Sweet Marjoram (Origanum majorana) Leaves and flowering sprigs are popular in Greek and Italian dishes, where they are best used towards the end of the cooking process.

Tea Mix

A collection of **wildflower and herbal tea plants** that taste great alone or as an infusion of flavours together.

Best scattered early Spring to late August.

Anise (Pimpinella anisum) A fantastic treatment for asthma and a bronchitis cough, in addition to digestive complaints like bloating, colicky stomach pain, nausea, and indigestion.

Chamomile (Anthemis austriaca) Eases insomnia and boosts the immune system.

Mint (Mentha rotundifolia) Mint tea is a delicious and refreshing way to boost overall health due to its ability to improve digestion, reduce pain, eliminate inflammation, relax the body and mind, treat bad breath, aid in weight loss and boost the immune system.

Salad Mix

A collection of scrumptious **cut and come again** frilly salad.

Best scattered early Spring to late August.

Cress (Greek - Lepidium sativum) A versatile salad item with a peppery flavour.

Kale (Red russian - Brassica oleracea) A nutritious leafy vegetable, Kale is packed full of vitamins, antioxidants and iron. It can be eaten raw or added to stir fry recipes.

Mustard (Green frills - Brassica juncea) Spice up your salads and sandwiches with these bright green shoots which become serrated as they grow.

Mustard (Red frills - Brassica juncea) The burgundy-red leaves add the taste of mustard and horseradish to salads, stir fry recipes and sandwiches.

Salad rocket (Dentellata - Eruca vesicaria ssp. sativa) A fantastic peppery flavour to salad, can also be lightly cooked as a delicious spinach substitute, added to sauces, stir fried or sautéed.

Social media

A strong social media presence has been key to the growth of Seedball's brand and reach. Our followers and fans have supported us from the start, continuously sharing their seedball growing pictures and joining the daily discussion around our shared love for wildlife gardening.

To date we have over **50,000 followers on Twitter** (@seed_ball) and over 85,000 across all platforms. We love connecting with our customers (and stockists too!), and we are committed to growing our online brand presence. We also have a PR team working to insure we complement our online focus with a regular presence in print magazines and newspapers.

Eco friendly

We care about our world and we want to do everything we can to help more people grow wildflowers in the most **sustainable** way possible.

- **100% UK made and manufactured.**
- Our tin packaging is **locally manufactured** by the last tin can maker in London and powered with the help of a solar farm on their factory roof.
- Our tube packaging is made from 100% recycled cardboard.
- We only ever use **peat-free compost** and all of our wildflower seed is sourced from Flora Locale accredited suppliers.
- Each year we **donate** over 200,000 seed balls to **schools, community groups** and **conservation groups**.
- Seedball is owned by parent company Project Maya, an **eco-social enterprise** working to build its own network of wildflower nature reserves.

How it all began

Seedball was founded in 2012 by Dr. Ana Attlee and Dr. Emily Lambert following a Natural Environment Research Council training scheme to help scientists turn their research into business ventures.

Whilst researching sustainable land management practices, they stumbled across work by Japanese Agronomist and Monk Masanobu Fukuoka, who revived an ancient technique of seed propagation to grow crops more efficiently. They were instantly inspired and went about adapting the recipe to suit wildflower seed, which can be notoriously tricky to grow!

With the help of social media the word began to spread, and it didn't take long for people to start buzzing about Seedball. For Ana and Emily it's been a whirlwind journey from conservation scientists to award-winning business women. They can't wait for you to join their wildflower revolution!
