FLAMELIGHTS, ASIA WOVEN	15
CHEERFUL SCENTED CANDLES	16

▲ Sparklers
A sophisticated diffuser film inside the lamp splits up the light from the dozen internal warm white or coloured LEDs into a myriad points of light which then frame a variety of Winter scenes, giving a bright glistening frost effect to the entire lamp. The high quality moulded glass has a thin coating of iridescent film and this discrete rainbow sheen is enhanced by the two-tone light from the LEDs which display gentle shades of rose and gold throughout the sparkling frosted landscape.

SPECIFICATIONS

- 8, 10 or 12 x warm white or coloured LEDs
- Battery operation, 3 x AA batteries required
- Glass, ABS
- USB + battery option available, 2m USB cable included
- 16, 18, 20cm high, 8cm diameter; USB option + 1.5cm height

◀ Pyramid Lamps

These wonderful lamps with their amazing 3-D holographic windows use 16 LEDs bound to a rotating spindle to display a mass of stars or exploding starbursts swirling around inside them - either in warm white or rainbow colours. These come in two sizes, 60cm and 45cm, and are housed in a highly polished stainless steel frame. The Pyramids are for indoor use only and are supplied with a low voltage mains transformer.

SPECIFICATIONS

- 45cm or 60cm x 14cm x 14cm
- 24V / ultra-bright LEDs
- 525g / 550g
- Steel, PE

◀ Shadow Lamps

Shadow Lamps by Luxa are a highly unusual and attractive LED lamp with hidden images that only come to light when the lamp is turned on. The thick laminated card shade is printed both inside and out to show a gentle, peaceful design when the lamp is off, but something rather more interesting and active when turned on. The Shadow Lamps have an option of three lighting modes – continuous, gentle pulse or a tea light flicker. The Shadow Lamps can be run off the mains with the 2m USB cable supplied or with 3 x 'AA' batteries (not supplied).

SPECIFICATIONS

- Mains or battery operation
 - mains USB cable supplied
- Three lighting modes:
 - continuous
 - gentle pulse
 - tea light flicker
- 10 x 10 x 30 cms
- 210g
- Card, ABS

FROSTY FANTASIA **TWFFAN**

FANTASIA **TWRFAN**

FROSTY WINTER **TWFWIN**

WINTER **TWRWIN**

▲ Frosties

The Frosties variation contain a set of sequentially flashing warm white LEDs whose light is diffused through a sophisticated textured film to give a bright, sparkling frosted effect to the acid-etched designs.

3 designs: City, Winter and Fantasia.

▲ Frosty Twinklers

A hybrid of the Frosties and the Twinklers, the Frosty Twinklers use the same frosted diffuser foil of the Frosties together with the colourful Twinkler LED format. The effect is a bright and sparkling ever-changing multi-coloured display shining through the cut-out patterns of the lamps.

3 designs: City, Winter and Fantasia.

FANTASIA **TWFAN**

FLOWER **TWFLO**

WINTER **TWWIN**

◀ Twinklers

The Twinklers are a really cute and colourful flickering lamp by daylight, but in a dark environment they turn into something really rather special. There are 4 different colours in each LED and these blend into many more shades, and the polished interior multiplies the number points of light many times over to give a very busy and colourful effect indeed. The ever-changing patterns and colours thrown onto nearby surfaces is quite entrancing.

FOREST **TWFOR**

SPECIFICATIONS

- Intricate acid etched designs
- Highly polished stainless steel inside and out
- Sequential LED flicker speeds
- Warm white or multi-coloured
- Light sources multiplied through internal reflections
- Mahogany stained wooden base
- 3 x AAA batteries included

LEAF LAMP, FACET BASE PL 001 LF

FLOWER LAMP, FACET BASE PL 001 FF

FLOWER LAMP, RIBBED BASE PL 001 FR

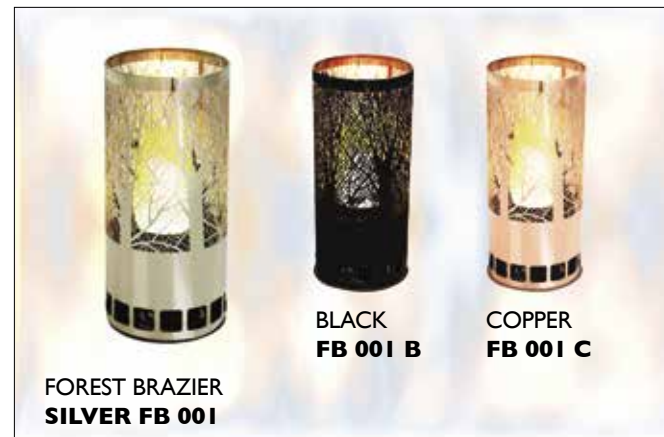

◀ Plant Lamps

Luxa's Plant Lamps are a delightfully cute miniature terrarium with artificial flowers or leaves housed in a light bulb and set into one of two designs of plaster base. The plants are illuminated by a tiny string of 5 warm white LEDs which are powered by 2 x AAA batteries (not supplied).

SPECIFICATIONS

- 5 x warm white LEDs
- Battery operation, 2 x AAA required
- 8cm diameter x 13cm high
- 223g
- Plaster, PE, ABS

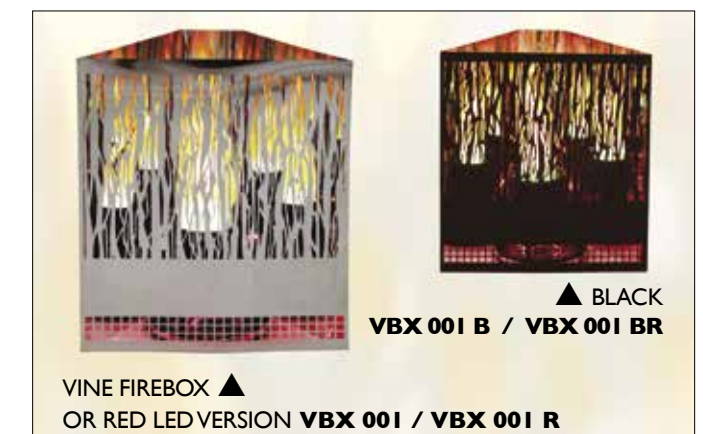

▲ Flamelights - Metallica

A wide range of the most realistic silk flame-effect effect lamps on the planet with three dozen to choose from. Finely etched stainless steel shades on these pages, natural fibre ones overleaf - or just the internal Firelamp console for window or shop displays where a bit of fire is required.

▲ Asia Woven Lamps

A range of woven Flamelights with a shade made from either rattan or a two-tone leather-effect weave.

◀ Fire Lamp: FL 001

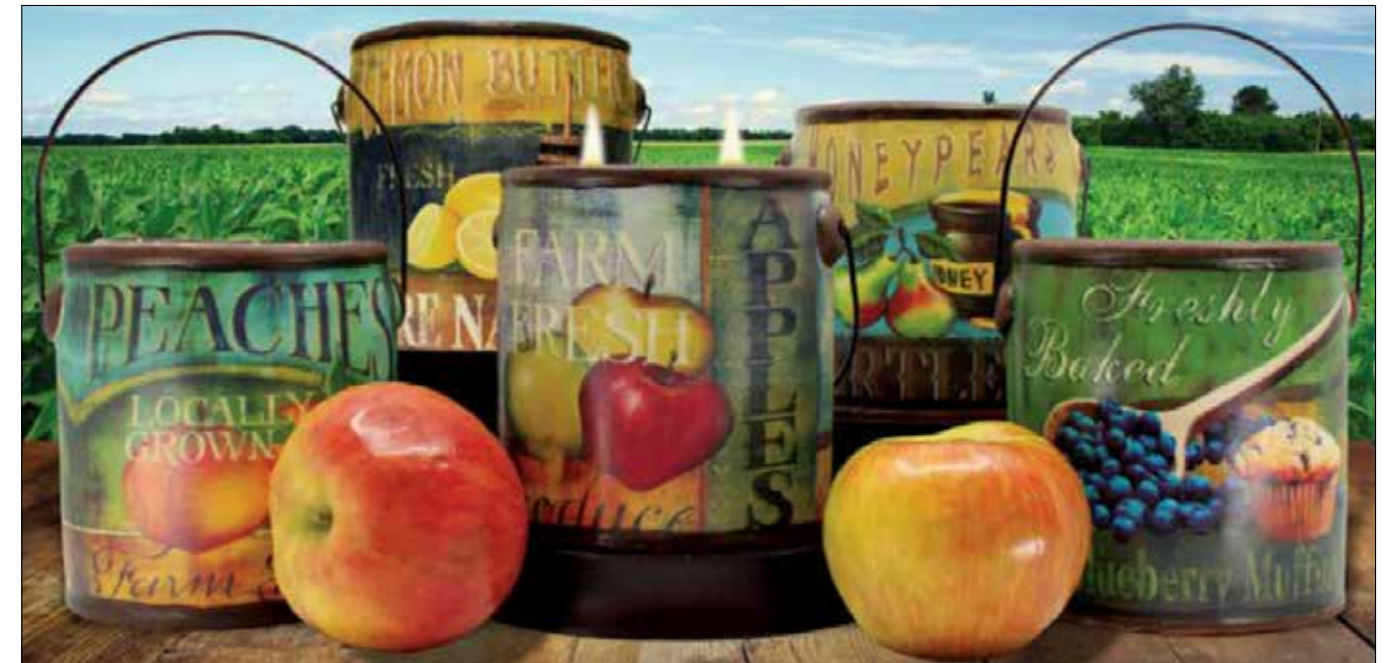

The Firelamp is the central flame-making console that goes inside all of our flamelights. It is available separately for use as a merchandising tool or in seasonal or in-store displays.

or Red LED Version: FL 001 R

This has a string of red LEDs around the base to give a hot glow to its surroundings.
