

A lit candle in a dark, cylindrical container. The candle is lit, and a thick plume of white smoke rises from the top, swirling and drifting upwards against a black background. The smoke is captured in a way that shows its texture and movement. The candle itself is partially visible at the top of the container, with a small flame and a glowing orange tip. The container is dark and has a subtle texture.

WOODEN WICK SCENTED CANDLES

# NOIR

&

Wonderwick™ is a highly developed and refined collection of candles and reed diffusers, presented in stylish glass vessels to encapsulate a luxurious finish. The candles feature wooden wicks which produce a soothing crackling sound as they burn, whilst dispersing the fragrance further. Our co-ordinating reed diffusers fill the air with sumptuous scent for around 3-4 months. Available in Noir and Blanc with 7 complex yet beautiful fragrances to choose from.

# BLANC

AMBER & LAVENDER

BLACK POMEGRANATE

COCONUT & MANGO

LIME, BASIL & MANDARIN

VELVET MUSK & OUD

YLANG YLANG & PATCHOULI

SEA SALTED FIG

All 7 scents are made up of oils sourced from British fragrance houses. A complex mix of top, middle and base notes combine, providing luxurious aromas to beautifully compliment any home.
