HOW TO PLAY

It's simple: two teams, two poles, two cans and one flying disc

Score points by knocking the other teams can off a pole. The first team to ten points wins!

Two points for hitting the can clean off, one point for hitting the pole and the can falls off, but, hit the can or pole and the other team catches the can, then no points are scored for that throw. But be careful, a mistake knocking your own can off will lose you one point! Additional rules can be applied such as penalties and play with one hand.
