

CANLS

CAN YOU CANOFF?

Official Canoff cans are to be played with the Canoff game. Let the games begin!

THE SETUP

● 2X OFFICIAL CANOFF CANS

Official Canoff cans are currently sold separately from the game, these are designed for the game which are made from a thicker gauge aluminium to withstand more impact than regular cans.

Place the cans on top of the can mounts from the Canoff Game and let the fun begin!

THE CANS

PRODUCT COST

Being a new product our first finished goods production cost is high with a minimum order of 3000 units. On top of this the pandemic has brought soaring raw material & shipping rates effecting the product landed unit cost into the UK.

Our cost price is reflected based on these factors above to ensure buyers retain a large margin whilst we still retain the covering charges and expenses in the short term.

Cans

RRP – £7.99

COST PRICE – £4.33

SALES PROFIT (ex VAT) – £2.33

HOW TO PLAY

It's simple: two teams, two poles, two cans and one flying disc

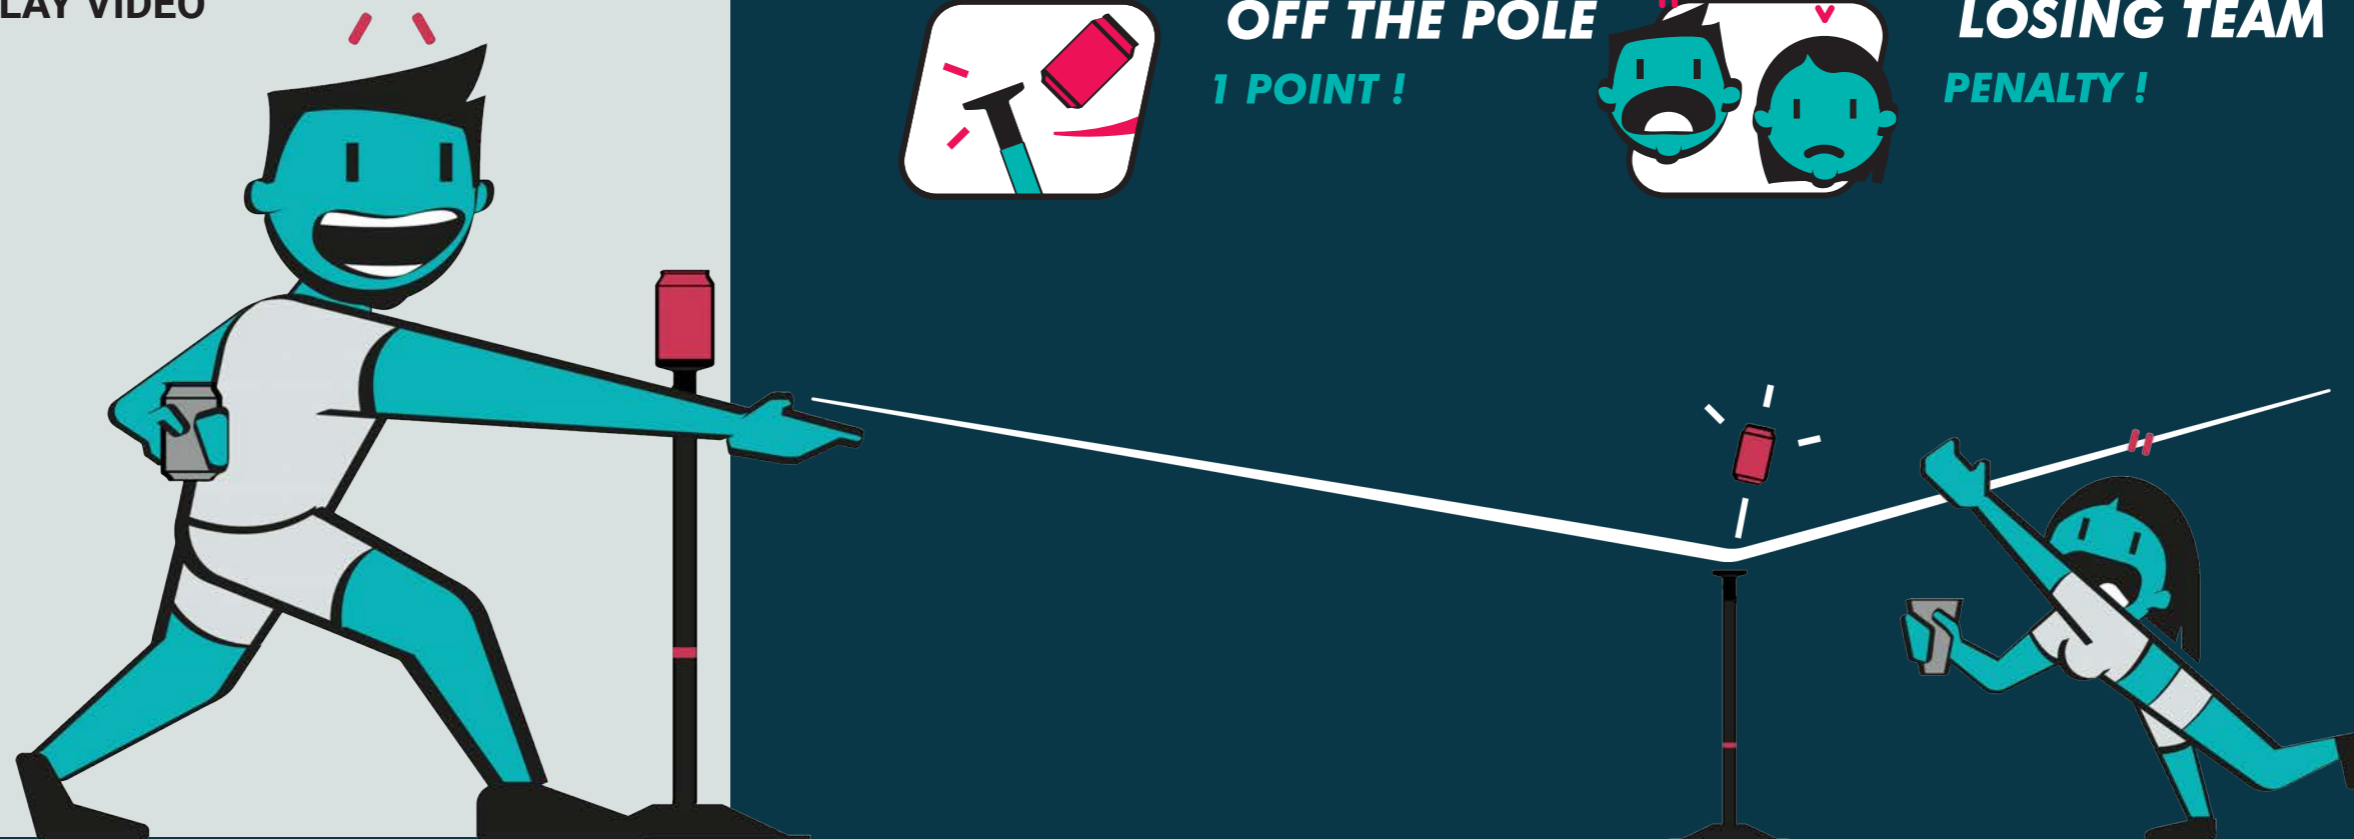

Score points by knocking the other teams can off a pole. The first team to ten points wins!

Two points for hitting the can clean off, one point for hitting the pole and the can falls off, but, hit the can or pole and the other team catches the can, then that team is awarded a point. But be careful, a mistake knocking your own can off will lose you one point! Additional rules can be applied such as penalties and play with one hand.

Wherever you are and who you play with, Canoff is a thrilling competitive game to play by all ages.

You can play Canoff anywhere with outdoor space, it's a fun game for everyone to enjoy! Let the fun can off battle begin!
