# Meet our Amazing Makers

## Nepal

Our working relationship with one of our Nepalese suppliers has grown into what is now a lifelong friendship, after almost 30 years of collaborating together.

**“Our entire craft team and all the producers heartily thank Siesta Crafts for continuing to work with us and putting up the work to sell our products in the most adverse times. We hope we can work with you for more generations to come!”**

The past 2 years have been challenging for all suppliers, whether big groups or smaller family businesses.

**“Siesta helped us in our good times and bad times. In this pandemic, we didn't have any orders apart from yours. This year we hope you and us can prosper together.”**

say hi to the team!

measuring up!

anyone for stripes?!

Our very first trip to Bali was 25 years ago! Over the years we have built a solid relationship and created many new items together.

**“It has been difficult for everyone in the world because of the Covid 19 pandemic, but I feel grateful that I still get a job from Siesta. I represent all suppliers to say thank you very much because of the many orders that were obtained and hope that in the future it can be better!”**

steady hands!

quality checking!

## Bali

## India

We have several amazing suppliers located around India who we source our craft items from, and we have worked with the same clothing manufacturer for many years.

**“Siesta is like family. They have been a very strong pillar for us throughout the pandemic, and we have had regular orders from them, and have also developed new samples and ranges together.”** (clothing supplier)

**“It has indeed been a tough time. Our goods are produced at various places, by many different people living in villages, rural areas, and cities and most of them are daily wagers. Siesta has been a supportive friend and so many benefited from the orders placed.”** (crafts consolidator)

ding-a-ling!

hand at work!

## Peru

Peru has been badly hit by the pandemic and sadly government help for artisans has been minimal.

**“This pandemic changed our lives completely. Every little order that came to us was a big relief for our basic economy - daily food, medicines and medical care. It was a real help and joy for every single artisan. We feel very grateful to Siesta.”**

making netablos!

glass painting!

## Guatemala

Every Christmas our Guatemalan supplier gives out presents to the poorer children in the villages, and this year will hopefully be no different. Despite the obvious difficulties they still do everything they can to support their team of crafts people.

**“Our main objective during this pandemic has been to create a sustainable avenue for our 75 artisans to support their families. They were able to work from home and make their own hours while not feeling scared to assure an income. We are grateful for our customers loyalty and support which has allowed us to provide this stable work.”**

haki sack packing!

## Mexico

Despite Mexico suffering immensely during the pandemic, our suppliers have taken great care to keep their workers safe throughout.

*“Thank you to you, to your family and all your work team for continuing our friendship and work relationship, you have been a great support for us and for all the people who work with us, before and more now that we have to live such a complicated pandemic. Together we will move forward as always with effort and dedication.”*

## Thailand

We source most of our Thai goods from Northern Thailand which has been hit very hard economically, but we are supporting as much as we can and have added many new designs to our collections this year.

*“Tourism is a very important part of the Thai economy and as this has almost completely stopped, small businesses and village cooperatives are unable to sell their products in local markets and so now must solely rely on orders from abroad. It is thanks to you and your customers of course that they can continue their work which brings valuable income, a sense of purpose and some security in these very uncertain times.”*

**This is just a snapshot of what we have to offer.**

**Log on to your wholesale account to see our full 2021 collection, plus all of your old favourites and even more from our Showroom!**

Please note: the prices shown are wholesale prices ( ex VAT ) and available to trade customers only.
