Top: Keegan sneakers in orange rust.
Bottom: Brando brogue shoes in tan burnished.

The Autumn Winter 2022 collection continues the Young Sole mission to reinvent British heritage styles by bringing contemporary styling to children’s shoes. This collection stays true to the brand ethos of evoking childhood memories by wrapping up warm and bedding down for the Winter.

Young Soles Founder and Creative Director, Louise Shill, comments on the new season, “As a kid I loved the time of year when Autumn falls into Winter and the temperatures plummet. My parents would get our winter clothes and fur-lined footwear out to wrap us up warm before venturing outside and when we returned down us in big-knit blankets before curling up in front of a roaring fire”.

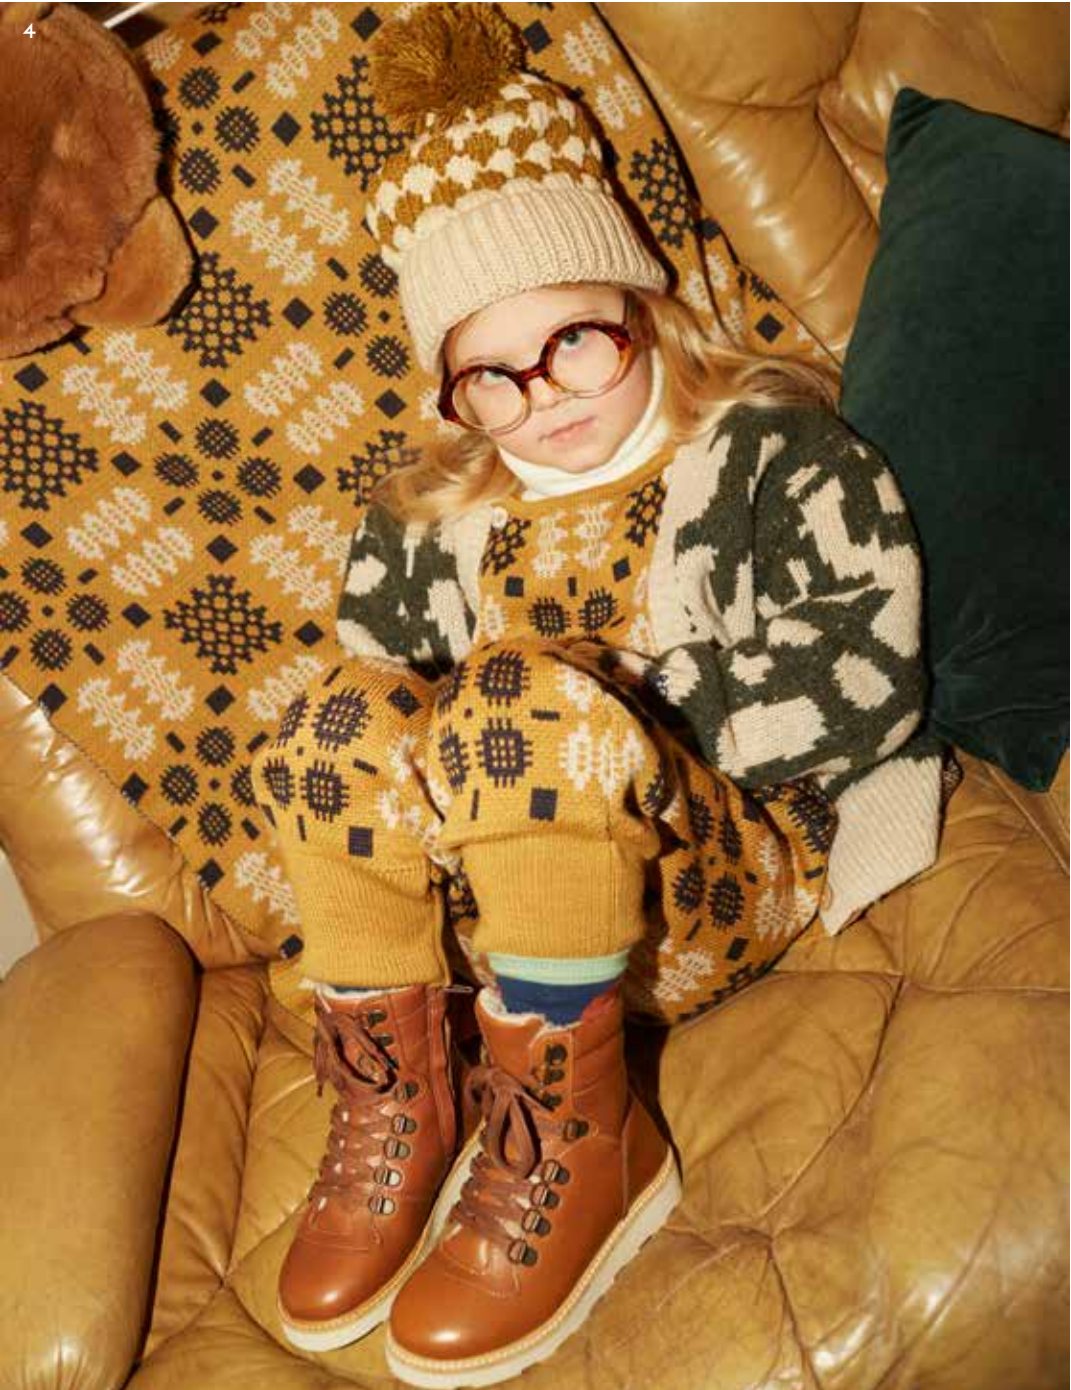

She adds, “But my most favourite time of the year as a kid is when it snowed! There is something magical about waking up to a blanket of snow covering your world. We would crowd around the radio to see if your school had been closed by this amazing act of nature and burst from our house to play all day regardless of how cold you felt, making sure you took full advantage of this infrequent weather occurrence”.

“The colours for our latest collection have been inspired by Dusk during Winter-time, where colours in twilight become soft and gentle and where the wonder of nature creates a beautiful frost-coating that echos the moonlight”.

New styles for the Autumn Winter collection come “snow and cold-weather ready”. Starting with new wool-lined versions of two favourite styles “Fletcher fur” monkey boots and “Heidi fur” clogs. New for this season is “Peak” a retro-inspired water-proof wool-lined snow boot on a lightweight EVA sole. Making a return following a two-year absence is “Smithy” a wool-lined lace-up hiking boot with inside zip on the signature Young Soles EVA sole.

This season also sees a whole new collection of “barefoot” styles. “Holly” a Mary Jane shoe with heritage brogue punch detail; “Lark” a high-ankle T-bar shoe with retro punch detail; “Nova” an elasticated shoe steeped in nostalgia; “Oliver” a Velcro-fastening simple shoe and “Logan” a classic Chelsea boot with heritage brogue punch detail. All styles feature Velcro fastening, uppers made from the finest leathers and a custom-made zero-drop sole, this collection adds another choice for early walkers and growing feet.

The colours for our latest collection have been inspired by Dusk during Winter-time
