LUMINARA™

IVORY CLASSIC WAX PILLAR CANDLES

Since 2006 the realistic effect of our LED candles has managed to convince the most demanding clients and has enchanted their interiors.

OUR TECHNOLOGY

LUMINARA™ is the only brand authorised to produce and distribute these LED candles with patented technology.

This technology is covered by many patents and vastly differs from copy proucts thanks to:

- Increased running time (from 350h)
- Real wax shell on all Pillar Candles with Soft Touch Plastic on Tapers and Tealights
- Better LED light (not too yellow, not too white) and brighter
- Better oscillating flame movement

ALL Luminara candles feature infrared remote control as well as 5hr on / 19hr off security timer.

New Multi-Function Remote for 2021 (One remote operates all Luminara Candles in your Home and Garden)
