2022 Collection

Welcome to the 2022 Tilnar Art Brochure. We are looking forward to a very exciting year as we are launching many new Recycled & Eco-Friendly Collections.

We are thrilled that one of our main new ranges for 2022, our AluminArk Collection of Recycled Aluminium Birds and Animals, is already proving a huge success for our retailers since it arrived in stock last Autumn. We took a lot of time and care in designing the products and with the great skill and craftsmanship of our Indian artisans, it looks as if we have created a unique and innovative new range that will prove very popular for years to come.

The AluminArk Collection includes differing-coloured Robins, Garden Birds, Elephants, Giraffes, Stags, Highland Cows and our New Sheep. All items will be suitable for displaying indoors or outdoors and we are excited to have created an innovative new product that is fast becoming a best seller. All the items are finished in our brushed colourways to give a beautiful artistic feel to the products. These stunning sculptures, like the rest of our Aluminium Collections, are fair trade and handmade in India and each product is, not only recycled, but completely recyclable making a perfect eco-friendly gift.

In 2022, we are launching Pot and Plant Stakes versions of our Garden Bird & AluminArk Collection. The Pot and Plant Stake metal rods will screw into the base of the Robins, Garden Birds, Elephants, Stags, Highland Cows and Sheep adding a splash of colour to any pot or garden throughout the year.

Please visit our website www.tilnarart.co.uk to see the entire collections. As always, the team will continue to strive to give you excellent service and an expanding, unique and vibrant Fair Trade range in the coming year.

The ingenuity, creativity and brilliance of our artists never ceases to amaze us and we hope that you will be impressed by the new environmentally friendly products we have developed for 2022.

Thank you for your continued support.

AluminArk Collection

Tilnar Art is very proud to have designed and now be launching our new AluminArk Collection of Recycled Aluminium Birds & Animals.

They are Fair Trade and hand made by Indian artisans. The products are cast, then rough polished and enamelled before being beautifully finished with a smooth polish. Every one of these items is individually made to the very highest quality with a hand finished colour enamel.

These stunning products can be displayed outdoors and will add colour to any garden. As with any product prolonged exposure to sunlight may eventually cause the colours to fade.

Each product is not only recycled but is completely recyclable making a perfect eco-friendly gift.

In 2022, we are launching Pot and Plant Stakes versions of our Garden Bird & AluminArk Collection. The Pot and Plant Stake metal rods will screw into the base of the Robins, Garden Birds, Elephants, Stags, Highland Cows and Sheep adding a splash of colour to any pot or garden throughout the year.
