MERN-001

INTRO

Welcome to Pineapple Island! We are a handmade jewellery and accessories brand based along the South Coast of the UK. Born from a journey of solo travel and self-discovery, we exist to introduce the fashion industry to ethical jewellery and bohemian accessories that won't cost the Earth.

With every product made, we aim to break the cycle of extreme poverty through sustainable job creation for our makers. This is why we are proud to call ourselves Freedom Trade; creating jewellery and accessories that directly contribute towards positive social change.
