OUR STORY

IT ALL STARTED WITH A BALL OF FLUFF NAMED TACHE

Tache is the story of Frank, Pennie...and a kitten called Tache, named for her moustachioed face markings! A millennial love story of two young creatives, struggling to make ends meet while attempting to forge their careers.

In 2013, Pennie moved in with Frank after a series of unpaid internships in London left her, well, penniless! From their small flat in Bournemouth and with money tight, an idea spawned that would change their lives forever.

'Frank often watched me hand-making greeting cards for family and friends, seemingly fascinated' says Pennie.

'You thought I was mesmerised by your creativity, but really I was stealing your ideas,' chuckles Frank.

And so, Pennie was surprised to receive a handmade card from Frank on her birthday - an elaborate 3D cut-out of two quirky cartoon cats - a smug Tom handing a heart-shaped balloon to his sweetheart.

Despite taking his inspiration from Pennie, Frank had employed some genuinely innovative

techniques, giving the card true originality you'll recognise in every Tache greeting card today, including a patterned envelope designed specially to match the main image and, as a final loving touch, a matching mini envelope inside, containing surprise tickets to a London show!

By the time Frank and Pennie welcomed their cat to the family: a furry bundle of fun with moustache markings below her whiskers - aptly named Tache - the card was all but forgotten.

But when Pennie was made redundant from her role in visual merchandising, she chanced upon the card and was reminded again just how special a gift it had been.

Inspiration kicked in. With its original and rustic handmade charm, would other people appreciate this as much as she had? With nothing to lose, Frank and Pennie decided to take a leap into the unknown and started laying the plans for a company that would take the greetings card world by storm.

All it needed was a name...

WE'RE KEEPING TACHE GREEN

Our cards continue to be a sustainable choice, but don't just take our word for it! Here's a few of the ways we're making sure of it.

 We've achieved a 30% reduction in paper usage with a small change to the size of our cards.

 We've developed a Tache branded, cardboard corner display clasp which is fully recyclable, and our cards are now supplied with them as standard.

 By only using FSC certified materials we're ensuring our cards are responsibly sourced and made in the UK.

 Cards in our best-selling Krafty Collection are all made using recycled, FSC certified board.

 Where cellophane packaging is required, we've moved to a biodegradable option.

Vintage Dream

Vintage Dream is a thoughtfully crafted range of female-inspired cards, accompanied by matching printed floral envelopes.

We collaborated with the whimsical Frankie Norman, an illustration graduate from Hampshire, to bring Vintage Dream to life. Frankie's beautiful and romantic vintage style suited our vision for the range perfectly. From her dainty florals to her unique illustrations of people, all evoke a warm and dreamy, nostalgic feeling from days gone by.
