

McLaggan®

Marvellous mugs and more. Since 1974.

2021/22

Welcome

As we go to print in August '21, we're feeling positive and looking forward to trade shows and seeing customers face-to-face at long last. We're excited to show off our latest mug designs and newest products.

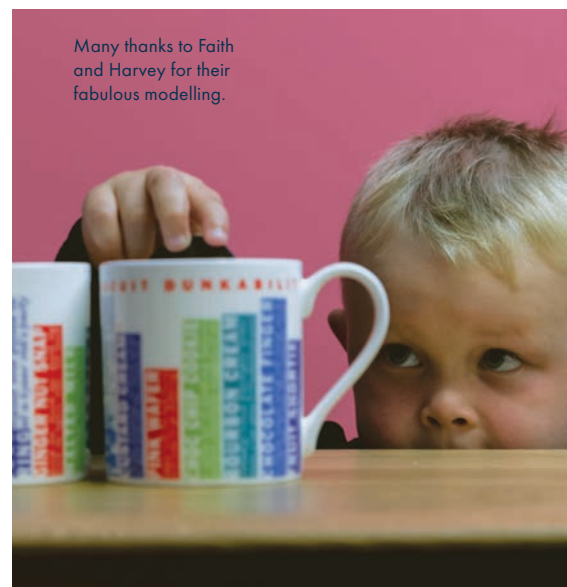

We've had some staff changes over the past year. Most notably, Camille has kicked her heels and is off to live in Yorkshire with her husband Wally (who set up Mclaggan way back in 1974). They will both be sorely missed. You'll see some new faces on page 35. Curtis and Susan will be at the trade fairs and they are keen to meet customers so please come and say hello!

Bookmarks, coasters, notebooks and placemats were a huge success when they launched last year. We're delighted to introduce some super new mug designs and also our newest products in this brochure. Some of our most popular designs are available on these products, including the bestselling Women Who Changed The World.

In this brochure you'll find full listings for our three top-selling ranges, Orla Kiely, Picturemaps, and Rosie Made A Thing, plus new lines and products. Other ranges are still available, we just don't have space to list everything. Visit the trade website (trade.msbugs.com) for full ranges or ask the office for the full digital brochure.

We couldn't do what we do without the support of our lovely customers, so a huge thank you to customers old and new alike for their continued support over the last few years. If you have feedback, a burning question you need answered, or perhaps you'd like advice on which products to pick, please get in touch and we'll be happy to help.

Here's to a brilliant last quarter of 2021 and a marvellous 2022,
Team Mclaggan

Many thanks to Faith and Harvey for their fabulous modelling.

Candles - we use a local supplier to fill our candles. All are tested to strict legislations and we have a variety of fragrances available. Again, please just ask for details.
