You have your rainbow party tableware sorted,
now all you need is a rainbow cake!

Ingredients

360g softened butter
360g self raising flour
360g golden caster sugar
6 large eggs
1tsp baking powder
pinch of salt
4tsp vanilla extract
40ml milk
purple food colouring gel
red food colouring gel
orange food colouring gel
yellow food colouring gel
blue food colouring gel

For the icing

200g softened butter
220g full-fat cream cheese
700g icing sugar, sieved

Method

1. Heat your oven to 180°C, fan 160°C. Grease and base line three 20cm (8in) sandwich tins.
2. Put 180g of butter into a bowl with 180g of caster sugar, 180g flour, 3 eggs, 2tsp vanilla extract and 20ml of milk. Beat until light and creamy.
3. Divide the mixture equally between 5 bowls. To the first bowl add purple food colouring, red to the second, orange to the third, yellow to the 4th and finally blue to the fifth (or your preferred colours!). Make sure to mix well then pour each bowl of sponge mix into a prepared tin and spread to make it level. Bake three of your sponges in the oven for 12-15 minutes until firm to the touch, then turn onto a wire rack to cool and repeat with the remaining two sponge mixes.
4. To make the icing, put the butter and cream cheese into a bowl and beat until smooth. Add half the icing sugar and mix well. Then add the remaining sugar and beat until smooth.
5. Place the blue sponge on the cake stand and spread with a little icing, then place the yellow on top and continue layering. Spread a thin layer of icing around the sides of the cake and chill until firm.
6. Spread the remaining icing over the top and sides of the cake, decorate and chill until firm.
