SPRING/SUMMER COLLECTION 2022

*Perfect performance —
now and everywhere.*

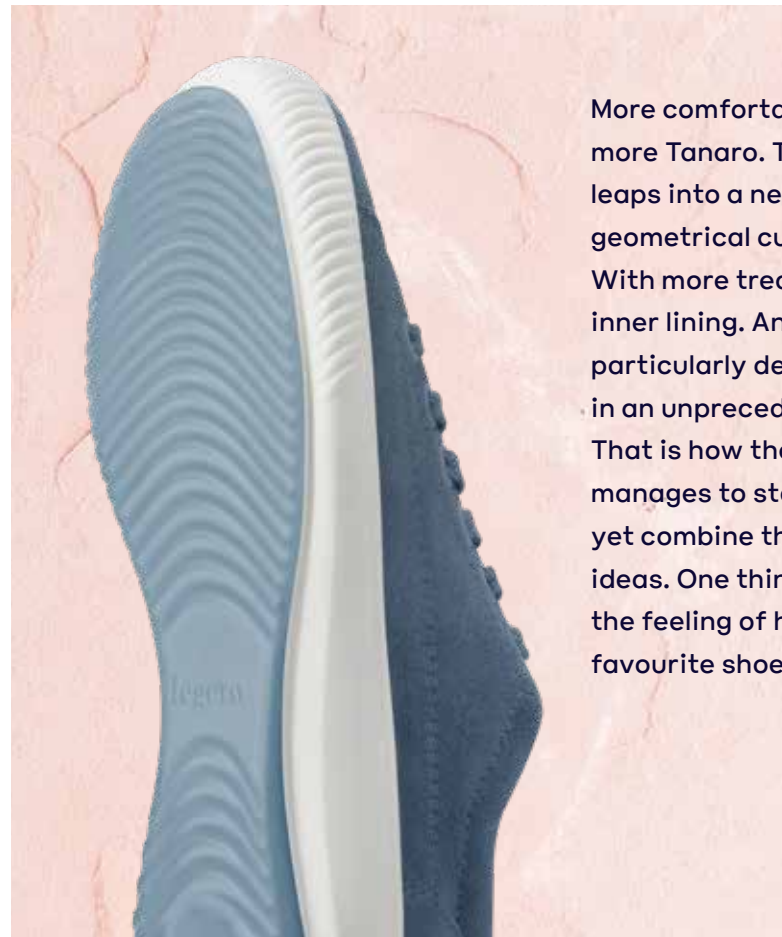

*#with
Lightness
into the Outdoors.*

Memorable and colourful. Sustainable and feather-light – we raised the bar even higher this season. Now we are ready to present it to the world:

With models that are even lighter on our feet and our conscience. That make use 150 years of progress, unparalleled comfort, smart functionality, and exceptional softness, giving the leggero feeling to every step the wearer takes. That bloom in the most beautiful of colours. That fit any situation and any occasion. That convey the feeling of excellently fitting. Even before we put them on. That bring happiness every time we see them on our feet. That were designed with materials that are meant to be touched. That were conceived for any surface. And for all those that might yet come. That carry all the beauty of nature within themselves. So we can carry them into the world.

TANARO 5.0

A new outfit for an old master.

More comfortable, more dynamic, and even more Tanaro. The latest edition takes giant leaps into a new world of wellbeing. With a geometrical cut for a modern feeling. With more tread surface and premium inner lining. And, of course, with particularly delicate Windsor suede leather in an unprecedented blaze of colours. That is how the already fifth generation manages to stay true to its heritage and yet combine the traditional with new ideas. One thing will never change, though: the feeling of having finally found your favourite shoe.

TANARO 5.0 (Silk) / 2-000161-4560

TANARO 5.0 (Forever Blue) / 2-000161-8620

FRESH

Light. Lighter. Fresh.

Fresh is for all who love to lead their lives in pure lightness. While the soft inner lining is caressing to the feet, the super soft leather and the ultralight sole turn this shoe into a terrific flyweight. Moreover, Fresh always manages to surprise us time and again. After all, flower prints and merino wool are not mutually exclusive in this model. On the contrary, its great diversity in materials results in a sneaker of ultimate flexibility. In a sneaker you can casually wear in the city but also in the outdoors in the realm of lakes and oceans to enjoy its wonderful barefoot feeling. In a sneaker that has it all.

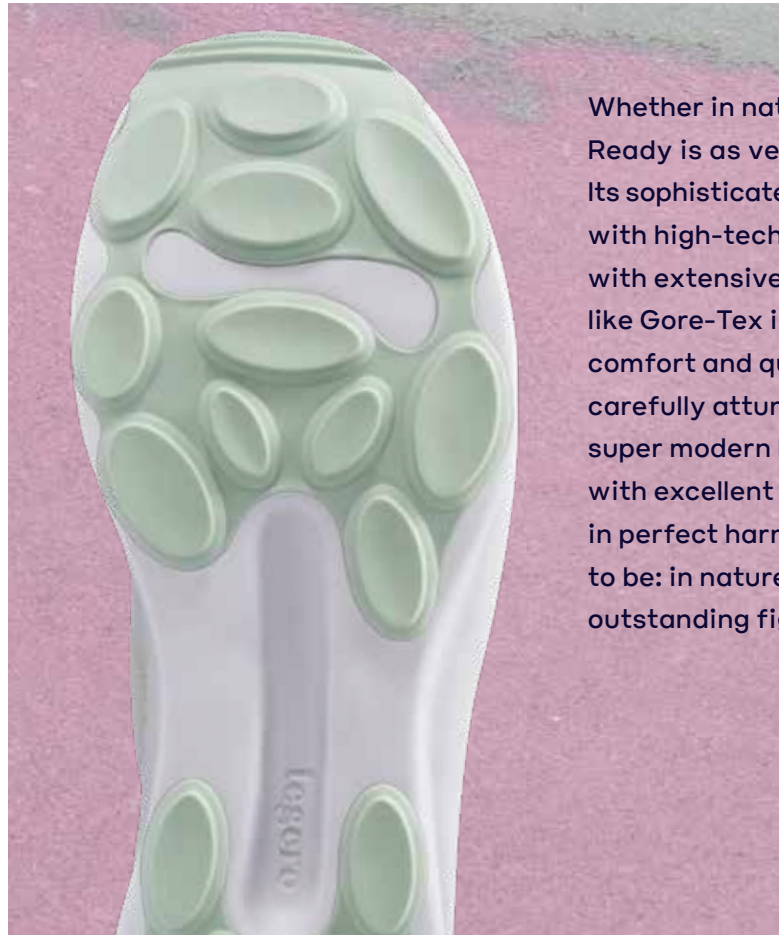

FRESH (Pino) / 2-000117-7520

FRESH (Offwhite) / 2-000117-1000

Trendy elements in carefully attuned colour schemes lead to a super modern look. And all that in one shoe with excellent grip on any surface. A shoe in perfect harmony with where we all want to be: in nature. A shoe that also cuts an outstanding figure in everyday life.
