

A collection of various yarn balls and knitting needles is arranged on a light-colored wooden surface. The yarn colors range from light beige to dark brown. Some balls are partially unwound, and two white knitting needles are visible. In the foreground, a piece of knitted fabric with a textured pattern is visible.

ABOUT US /

Inspired by the traditions of the Aran Isles. The folklore and tales of the islands have connected Celtic families for generations. The Aran Islands are home to a close community of farmers and fisherman. Living just off the coast of Galway the Aran Islands face the wrath of the Atlantic Ocean every day. The classic Aran Sweater was created here with a signature cable knitted for every fisherman and the traditional designs have been passed down through the generations. Today, the Aran cable knit is now recognised as a definitive symbol of Celtic heritage.
