

BEAU & ELLIOT

Spring Summer 23 Outdoor Living

Our Beau & Elliot design ethos has always had our signature 'Confetti Split Hearts' design at the front and center of what we do, creating a timeless brand identity that both retailers and consumers have come to know and love.

For the first time we have brought the same design elements used in our Lunch on the go and home and living collections to a range of picnic and alfresco dining products with a high quality, design inspired line up for all things alfresco, whether it's a day at the beach, an informal dinner party on the patio or adding a touch of class to your glamping or festival trip.
