SPECIALIST

Pure Table Top is a specialist supplier of ceramics and glass, working closely with retailers and brands in the UK and worldwide. We guide and support our customers through the product lifecycle, sharing our market knowledge along the way.

WHERE

Our showroom is based in the heart of the Leicestershire countryside, amidst rolling fields but still easily accessible from Leicester and only 1 hour by train from London.

QUALITY

Taking pride in our quality and value for money, we work tirelessly with our factories and customers alike to design and manufacture products to the highest standards.

MissPrint®

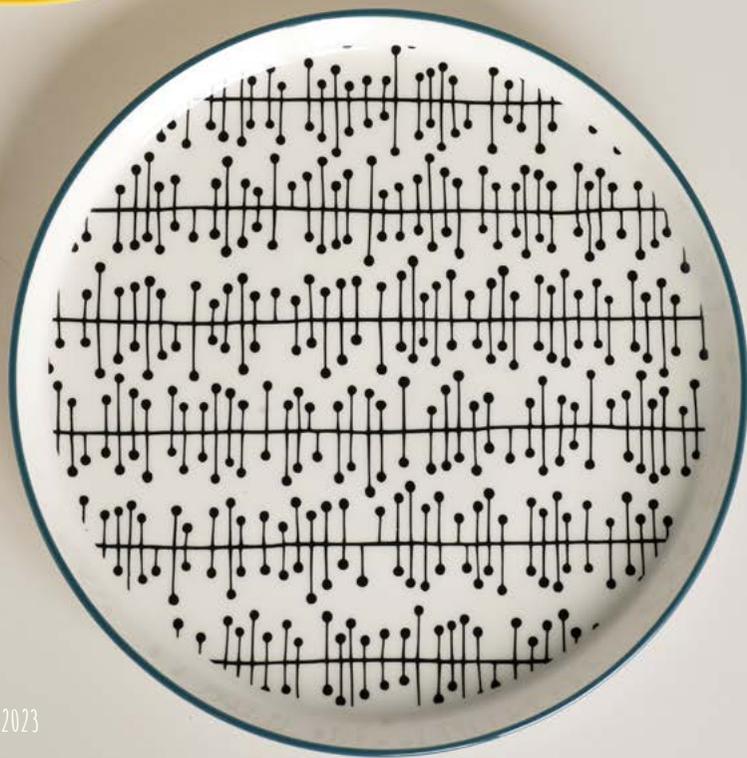

Established in 2005 by mother/daughter co founders Yvonne and Rebecca Drury, MissPrint's first ever collection included a series of patterns printed onto silk at the family dining-room table and has since grown to become a leading British design studio specialising in wallpaper. One of the newest in Pure's family of brands, Pure Table Top's brand new range in partnership with MissPrint will be launching for SS23. It features a unique, beautiful mid-century bold collection of ceramics, kitchen textiles, and placemats and coasters. Illustrated by hand and lovingly designed in the UK, the debut tabletop collection captures MissPrint's signature style and identity beautifully. Celebrating the effect of pattern in the modern home, the collection approaches colour and pattern with confidence to breathe new life into the home.

MissPrint®

The SS23 Hero breakfast collection marries together beautiful shades of yellow, soft pink and blue to give a contemporary nod to mid-century design. Simple, yet beautiful, the Hero collection features side plates, cereal bowls, mugs, teapot, milk jug, egg cups, kitchen textiles, placemats and coasters and seat cushion.

We believe as a family business it is easier to be open and honest with each other and we have a deeper understanding of the people we are working with. It also helps that we all have a similar taste in design and agree on the important decisions, most of the time! As the business has grown over the years so have our roles in the company. I am responsible for design with the aid of my mum, who also runs the office and the day-to-day tasks of MissPrint. Dad is logistics manager, packing all orders and taking care of the warehouse management. Even my sister helps out; she is a photographer so takes all our photos...and not forgetting the family pets. We all have dogs and you will always find at least one furry friend to greet you if you visit us.
