

# Ginger Ray

A long, narrow outdoor dining table is set up in a natural setting. The table is covered with a white tablecloth and is set with white plates, glasses, and lit candles. The table is surrounded by wooden chairs. The background features a mountain range under a clear sky, with trees and string lights in the foreground.

SPRING  
SUMMER  
2023

# Welcome to Spring Summer 2023!

We are back in full swing of post covid celebrations and we have been working hard to create an SS23 collection that embraces our eco-friendly ethos, whilst bringing you the most forward-thinking and innovative trends.

With over 220 new SKUs and nearly all packaging being FSC certified, there's so much to be excited about this season! We look forward to seeing you back at trade shows throughout 2023.

We have taken advantage of being able to travel again which inspired us to create an exciting glam Hen Weekend range – which includes beautiful bridal swimsuits and headwear.

Celebrate with us and discover our new collections - from elegant and timeless wedding decor and adorable kids party themes, to the Coronation of His Majesty The King - we have you covered for every occasion.

We as a brand are committed to not only bringing the most forward thinking innovative trends and products to market, but also doing this in a sustainable way. Take a look at how...

**GingerRay**

## Our Eco Journey

We've been working hard to make our products more eco-friendly and for us to be more transparent. This is just the start of our eco journey... We have loads more we want to achieve and we are looking forward to the future!

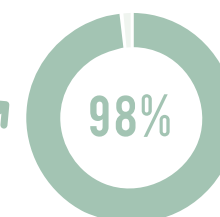

The below highlights the massive journey the business has been on in a short period of time, it illustrates how we are entirely focused on recycled materials and sustainability.

For Spring Summer 21

of our collection  
had recyclable  
packaging

For Spring Summer 23

of our collection  
has recyclable  
packaging

For Spring Summer 23

of our packaging  
for SS23 is  
FSC certified

We're being transparent and making our messaging on packaging and our website super clear so our customers know exactly what is and isn't recyclable. The below roundals are some examples of how we've made our messaging as straightforward as possible.

We will continue to innovate products in the most sustainable way, the journey continues. Now for the fun stuff...

happy
