THE SONGS

2022

**Bring the dancefloor
to your shopfloor.**

We've all got a song that takes us back to a time, a person, place or special moment in seconds... whether it's a love song, a dance floor classic, a heavy rock anthem or guilty pleasure... in just a few notes we are literally right there.

Then there's the song with the lyrics that mean so much... the lyrics that resonate, to help us through, give us strength or make us smile.

This is exactly why Say it with Songs was created.

A brand that helps us connect and reconnect with the special people through the music that has formed the soundtracks to our lives.

Our story so far...

Say it with Songs launched online in January '21 in the form of greetings cards and was an instant hit! The collection combined the sentiment of a greeting card with the power of a song - a world first!

Each ethically-sourced card has a recognisable song lyric on the front plus a QR code on the reverse so customers can choose their favourite song and then stream in full with a smartphone camera through Spotify, YouTube or Amazon Music.

More than cards!

Nominated for 'Gift of the Year 22' and 'Best Contemporary Trend' in the 2021 Henries (and again in 2022), we now have a gifts and accessories range that we sell alongside our cards, bringing the dancefloor to the shopfloor, one song at a time!

Say
it with
Songs.

LOVE this business / product!!

I LOVE this product and company. When I saw the website I think I fell slightly in love. Such an incredible idea and my card ('SHINE') was fantastic quality. Can't wait to give it to my friend :)

Henries 2021
—FINALIST—

In the wise words of 'Montell Jordan'...

This is how we **do it**

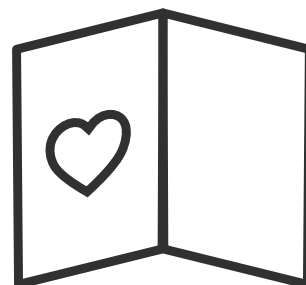

Say
it with
Songs.

1

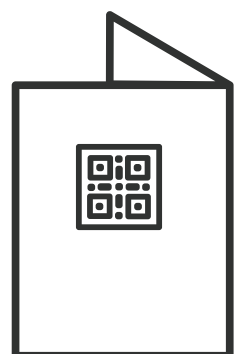

Every card features a song **lyric** on the front.

2

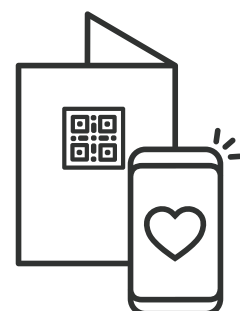

The inlay of every card includes a message that alerts the recipient to the **song link** on the reverse of the card and instructions on how to listen to the song.

3

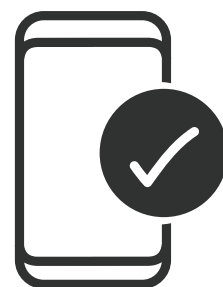

The reverse of every card features a **scannable code** that enables the recipient to stream the entire song with a **smart phone**.

4

The recipient simply opens their smart **phone camera** and holds it over the code on the reverse of the card. This will automatically direct them to a page where they can stream the song in full at **no cost**.

5

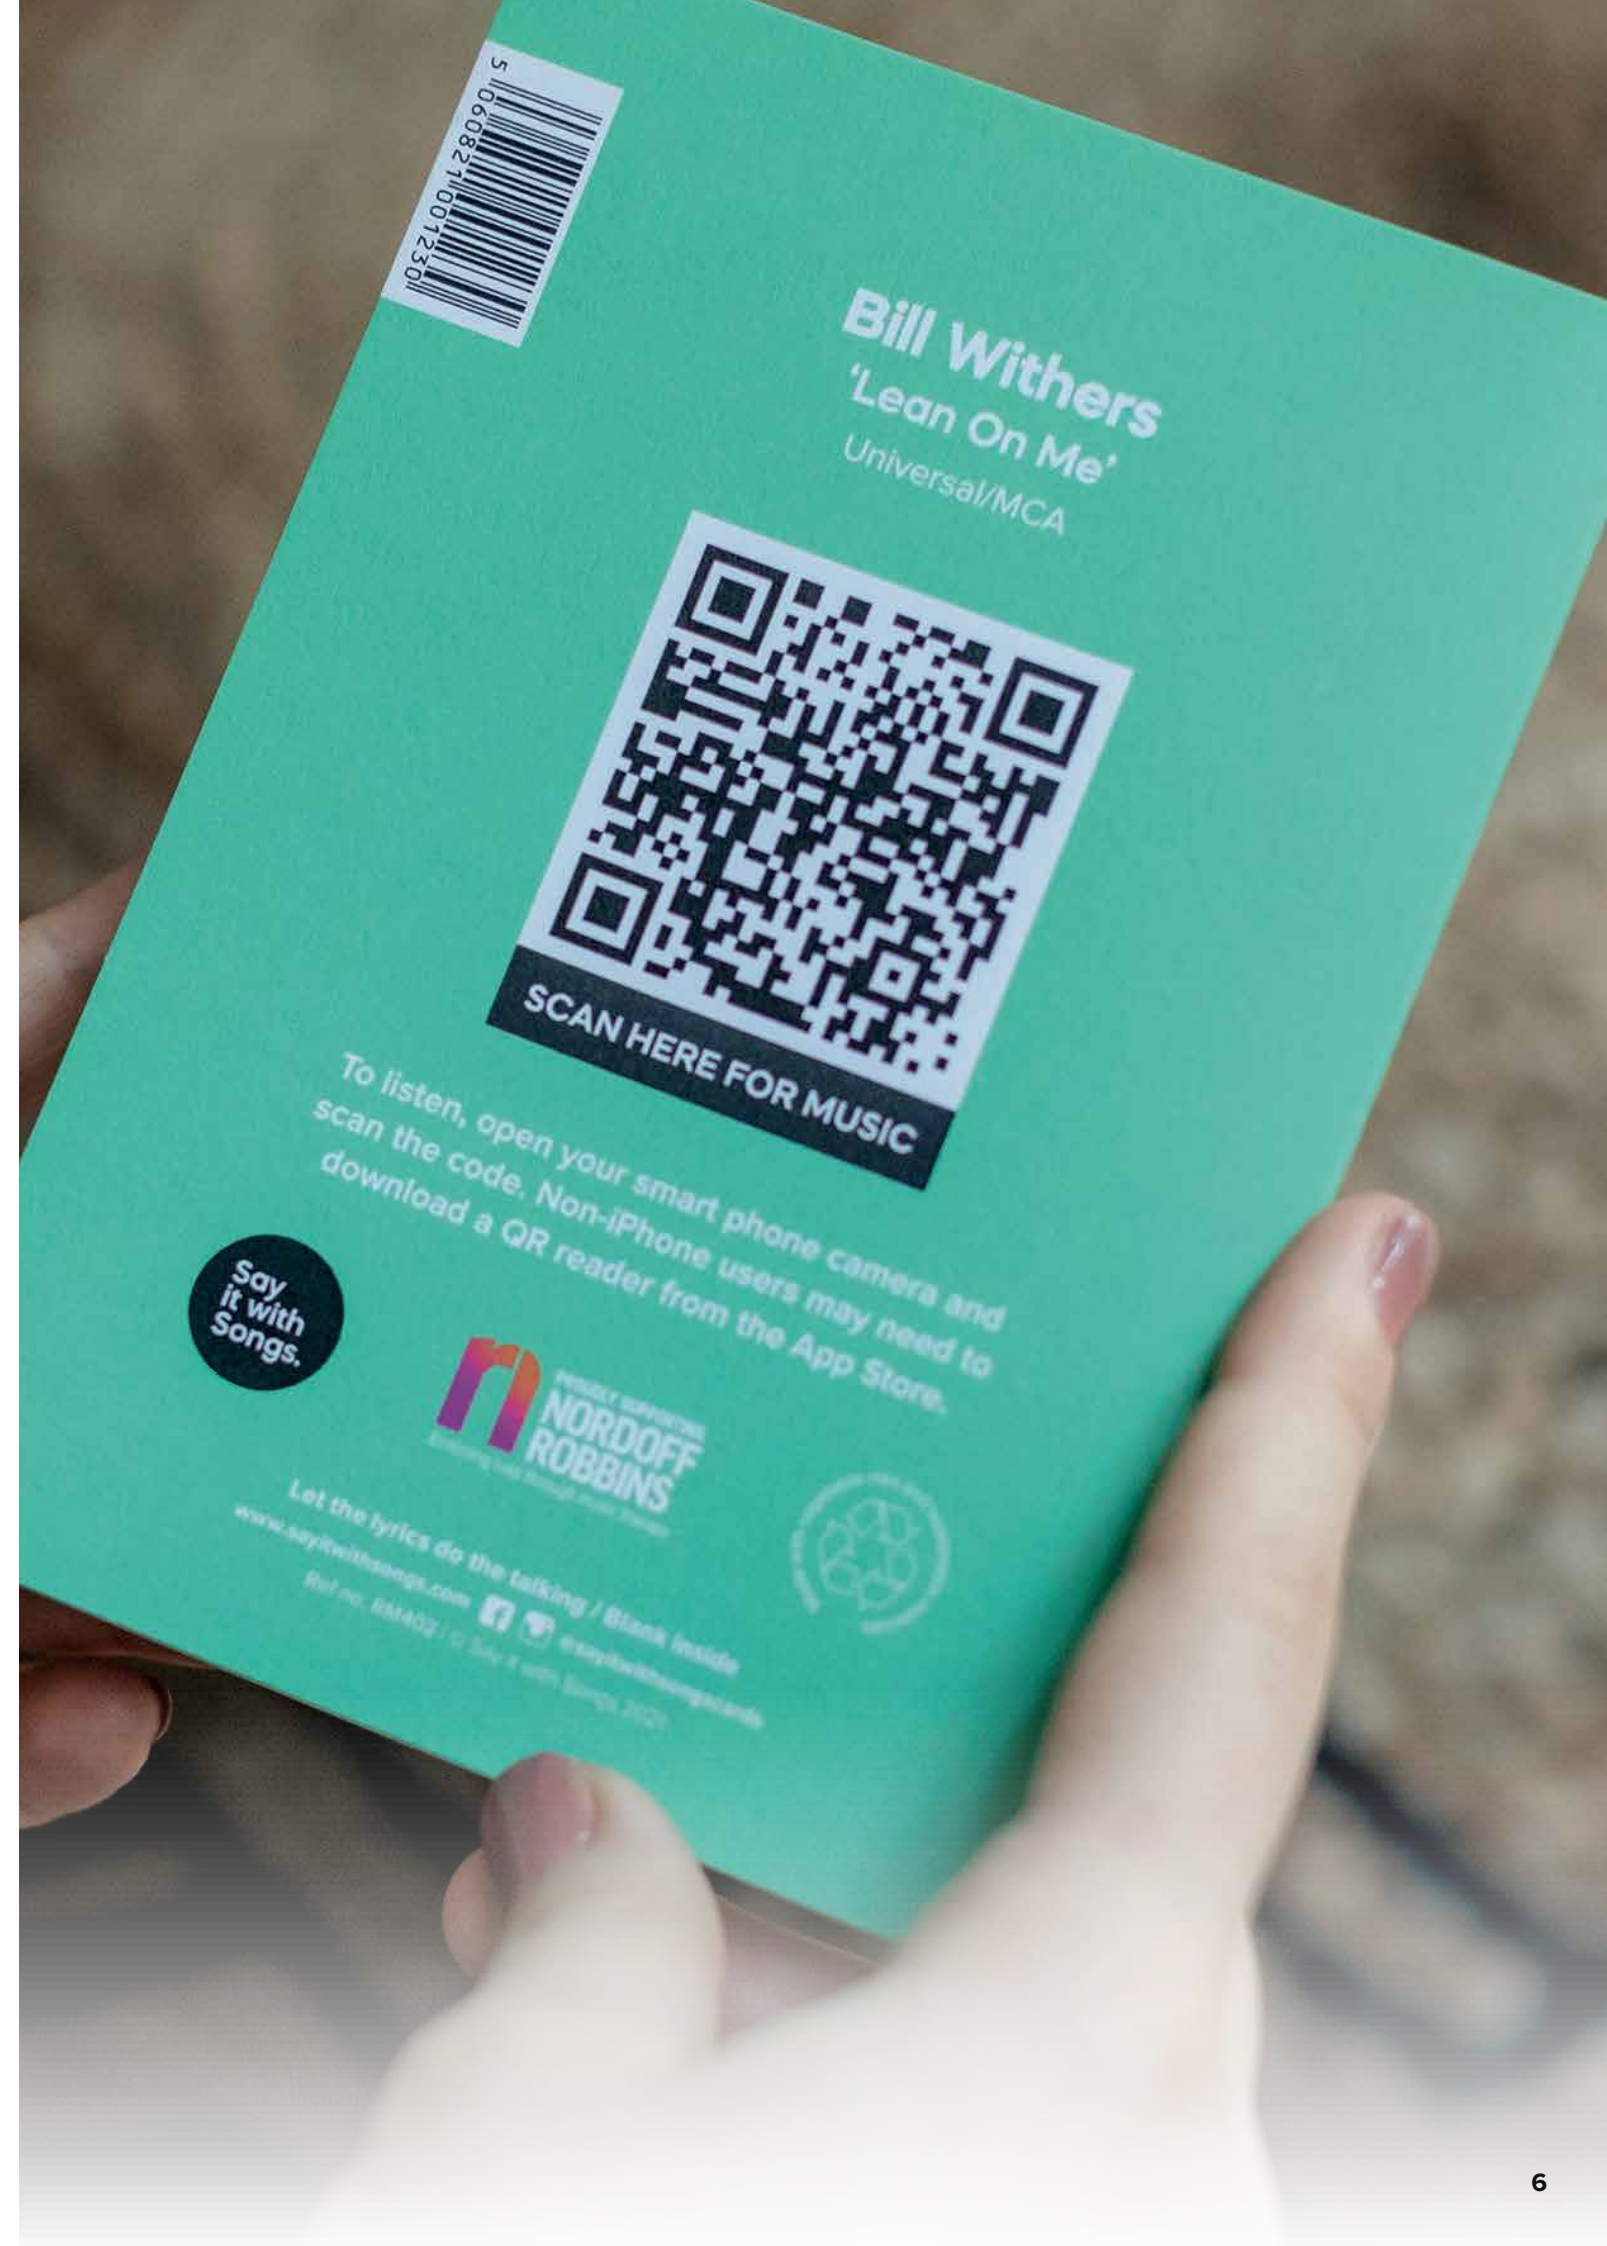

Our range is compatible with Spotify, Amazon Music and YouTube. Listen to the song **as many times as you like**.

6

Non iPhone users may need to download a **QR reader** from the App store to access the song.
