## About 1 two KIDS

1 two KIDS is a leading distributor in the baby and kids market - we pride ourselves on finding some of the very best ranges available throughout the world and selecting great retailers to supply them to - a principle which remains core to what we do.

We work exclusively with our brands so we can ensure they are positioned perfectly in the market. It all started with Sophie la girafe in 2007 and we're now fortunate to also work with amazing brands like 3 Sprouts, Play & Go, nailmatic Kids and Milestone.

We hold all stock in a 5,000 sq ft warehouse based in Dunfermline in bonny Scotland, and that's where our office is too. This allows us to ship goods quickly and efficiently to our stockists.

Easy online ordering for independent trade customers!

Our B2B trade ordering site [trade.1two.co.uk](http://trade.1two.co.uk) allows you to order 24/7, see live stock, and pay securely online - orders ship immediately.

We're happy to talk on the phone if you need any help 01383 735 134

Or catch us on email [contact@1two.co.uk](mailto:contact@1two.co.uk)

We hope this book will give you an insight into the beautiful brands we have the pleasure in offering, this is only a highlight of what we have to offer, so please get in touch or go online to see the whole range.

We are also open to video calls to show and demonstrate products, please just drop us an email if we can help with anything.

LA GIRAFE®  
— Paris 1961 —

## Sophie la girafe

Once upon a time, the simple story of a giraffe born on May 25th in the year 1961

In those days, the only animal toys available were farm animals and pet figures, until Monsieur RAMPEAU, an expert in transforming the latex from the HEVEA tree using the rotational moulding of rubber as a toy-making concept, came up with the idea of designing a giraffe. Such an exotic wildlife figure would be a first on the market, and its size and shape would be ideal for a baby's small hand to grasp.

Sophie la girafe, who looked exactly the same as she does today, went into production on a Thursday, May 25th, Saint Sophie's day, hence her name.

She was an immediate success. young parents immediately recognised that she was a must for their baby when the first signs of teething appeared.

To this day, Sophie la girafe is still traditionally produced, a process that involves more than 14 manual operations. and made from 100% natural rubber derived from the latex of the Hevea tree.

**Sophie la girafe X GCF - Giraffe Conservation Foundation**

Giraffes need our help...  
Over the past 30 years, the giraffe population has declined by almost 30%... It's time to act!  
For every set purchased €1 will be donated to the Giraffe Conservation Foundation to contribute to the safeguarding of the species. The funds raised will be used to support a "trans-location" program led by the GIRAFFE CONSERVATION FOUNDATION.

This operation will allow the re-introduction of giraffes into areas with low numbers or where they have become locally extinct. Trans-location programs are key conservation tools for securing a future for giraffes in the wild.

Included in the gift set:

- Sophie la girafe teether made from 100% natural rubber
- Sophie la girafe keyring: made from 100% natural rubber.

# play&go® NEW organic soft

A creation from Play & Go Soft, the organic range, made of GOTS Certified Cotton. That means: no toxic dyes. No bleach treatments. And no unethical sourcing. For the filling, we chose GRS grade recycled PET (rPET). Because 1kg of rPET saves 63 bottles from ending up in the sea or on a landfill. Making our Organic Soft Collection not just a beautiful play mat to have, but a sensible, sustainable option for those who want the best for their babies and the world they live in.

# BLOOM

This super versatile, highly padded play mat that can be turned from flat mat into cocooning nest with the pull of a drawstring. In high side mode you can guarantee a small baby will stay put no matter how good they are at rolling while in flat mode they can see all around them and get some great tummy time.

For older children it makes a great little den or toy store. It rolls up compactly for transporting, making it a great way to guarantee you have the perfect spot for an on the go cat nap.

Made from Organic cotton in four earthy tones to match any design-led playroom.
