Spring Summer 23

Spring Summer 23

The Spring/Summer season is back again with fresh styles embedded into our new range of capsule collections.

In true Nomads spirit, this season is packed full of new colours inspired by our beloved Cornish coastlines as well as landscapes further afield.

Bursting with bright colours and tactile textures, each capsule collection is designed to reflect the ambience of daily life and are filled with a range of styles for all occasions. We've continued with our Loungewear Collection as we've all got used to dressing in a more relaxed way and feeling comfortable.

We've also added BCI (Better Cotton Initiative) cottons to run alongside our GOTS certified range, and reworked our knitwear using a recycled cotton and bamboo yarn for a new option in sustainable knitwear.

Introducing a brand-new addition to our SS23 collection – our very own range of Nomads shoes that have been designed to complement the rest of this collection. Our shoes are produced in India using a range of ethically sourced materials.

SS23 will be sure to bring you fabulous, ethical styles that support our suppliers whilst keeping you looking fabulous whatever the occasion.

with love

ECO FRIENDLY

Nomads is dedicated to creating beautiful clothing with ethical values.

We've been fair trade since day one and believe strongly in following ethical fashion guidelines. We have embraced the slow fashion movement by taking the time to ensure quality production, giving value to the skilled hands that produce each product, and by contemplating our connection with the environment. We support traditional artisan techniques, handloomed fabrics, and are proud supporters of the Fashion Revolution campaign, encouraging consumers to ask – who made your clothes?

Our Fabrics

**Our fabrics are: Breathable | Biodegradable | Sustainable
Machine washable | Hypo-allergenic | Recycled**

In our search each season to widen our offer of eco-friendly fabrics, we have continued our Liva viscose range and added woven Ecovero - both use much less energy and water than regular viscose and are produced in a 'closed-loop' system - both fabrics drape beautifully and have minimal impact on the environment, as do our new recycled cotton and bamboo knits.

We also have our extensive range of Organic Cotton which includes plain and printed jerseys.

Natural Fibres

We consider the impact that each step of our journey has on the environment and are actively seeking to use environmentally friendly materials and methods at every opportunity.

Nomads Clothing is made from the best quality natural fibres and eco-fabrics, including GOTS certified Organic Cotton. We choose to use natural fibres because they are better for the environment, as well as the farmers, producers and finally you, the wearer. All prints are created with Azo free, environmentally approved dyes. Our clothing is not tested on animals and are free from animal products. We are committed to seeking the best materials and methods available for both people and the planet, which is why our packaging is also biodegradable.

Organic Cotton GOTS certification

Our GOTS license number is DK26875. We're proud to be GOTS (Global Organic Textile Standards) certified which is the gold standard for sustainable processing of textiles.

A GOTS label in a garment means that you can be sure that it has reached the GOTS specifications of social and environmental compliances.

Dedicated to creating beautiful clothing with ethical values

Sustainable*

FAIR TRADE

Fair trade

We have been committed to ethical trade since 1989.

Wherever we do business, either in the UK or overseas, we are committed to doing our best to deliver a high standard of ethical conduct. For us, it's not enough to simply comply with legal requirements; we are constantly looking for new ways to improve our relationships, and we work closely with everyone involved in the Nomads journey.

We require complete transparency in our production process, and our suppliers hold certificates for social and ethical audits as well as following our code of conduct. All except the very smallest factories also have SEDEX certification.

We have been committed to ethical trade since 1989.

Our India based production manager, Manojj, visits our suppliers regularly throughout the year, even when our team in the UK can't get there, to ensure our standards are being met - we personally know where our products are made and have a good relationship with each factory, one of which we have been working with for 25 years. Manojj works closely with us and each of our fair trade suppliers and is an extremely valuable member of the Nomads team.

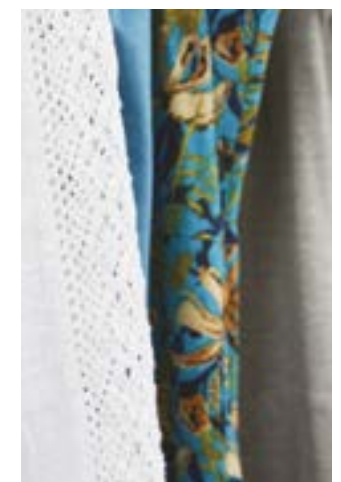

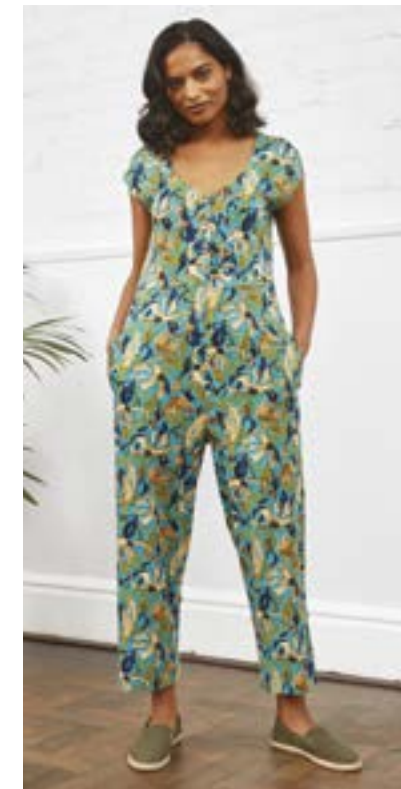

A NEW APPROACH

We've shown how you can also merchandise the collection in a more minimal way by selecting more plains and just one of our modern prints.

nomads

nomads

A woman with long brown hair, smiling, stands on a sandy beach with her arms crossed. She is wearing a short-sleeved, knee-length dress with a red and white geometric pattern. The background features a rocky coastline with green bushes and a body of water under a warm, golden light.

LOUNGEWEAR

BCI Cotton / Embroidered Details

LOUNGEWEAR

Juice, Gull, Ivory, Blush

Loungewear continues to be key as we've all got used to dressing in a more relaxed way and feeling comfortable. New additions include BCI soft cotton jersey in our in-house designed Yuzu print, giving a great priced product that is still ethically sourced and includes a relaxed tunic dress and curved trousers.

We also have a GOTS Organic cotton lightweight terry jersey range for summer – try the gorgeous embroidered sweatshirt with our new jersey jacquard stripe skirt or trousers.

Recycled cotton and sustainable bamboo

Better Cotton Initiative

*Helps farmers
to grow cotton
more sustainably*

Our Yuzu print and Fine Striped Jersey are produced using BCI cotton.

The Better Cotton Initiative helps smallholders, farmers and their communities to grow cotton more sustainably, which in turn improves the working conditions, and helps reach a better standard of living for them and their communities. BCI also help to overcome inequalities and help women become more empowered. For more info visit: www.bettercotton.org

ARTISAN

New Handloom / Jute Bags / Ecovero

ARTISAN

Astral, Tradewind, Pepper, Ecrú, Wasabi

Hand crafted details and fabrics are always something we celebrate in the Nomads collection and this season we continue to celebrate traditional artisan practices with the introduction of a new Ikat fabric range as well as a bold handloom geo cotton.

A gathered hem midi dress in our bestselling handloom stripe and side pocket skirt in the Geo handloom are new key shapes for SS23. Our handmade jute bags also return in a range of designs and colours. We've added a twisted cotton fabric to create a jacket, slim leg trouser and cropped dungarees in easy to wear Ecrú.

Hand crafted fabrics

Our bestselling handloom stripe

Handloom ikat

*Our exclusive
patterned fabric*

Ikat is a dyeing technique that has its origins in many traditional textile centres around the world.

The skilled technique is used to create a characteristic 'blurred' fabric design, a result of the extreme difficulty the weaver has lining up the dyed yarns so that the pattern comes out perfectly in the finished cloth. It is created by resist dyeing bundles of yarn prior to weaving into cloth.

The unique nature of Ikat fabric allows us to create our own exclusive textural patterned fabric using cotton yarn to perfectly complement the range. This season we have worked with our talented artisans in India to develop a graphic check Ikat pattern that gives easy-to-wear everyday pieces a special textural touch.

Our lovely
Matisse print

Ecovero

Breathable,
biodegradable
and traceable.

This beautiful eco-friendly fibre has a beautiful drape and soft handfeel.

Ecovero has been awarded the EU Ecolabel for meeting high environmental standards from sourcing to production and distribution, using less water and with lower emissions than regular viscose. The fibre is made from sustainable wood pulp, from certified and controlled wood sources, creating a fabric that is, breathable, biodegradable and traceable.

A woman with long brown hair, smiling, is sitting in a field of tall, green grass. She is wearing a red sleeveless dress. A woven basket with a yellow and orange patterned cloth is next to her. In the background, there is a sandy beach, a body of water, and distant hills under a blue sky with light clouds.

TUSCAN HILLS

Recycled Cotton / Liva Viscose / Summer Prints

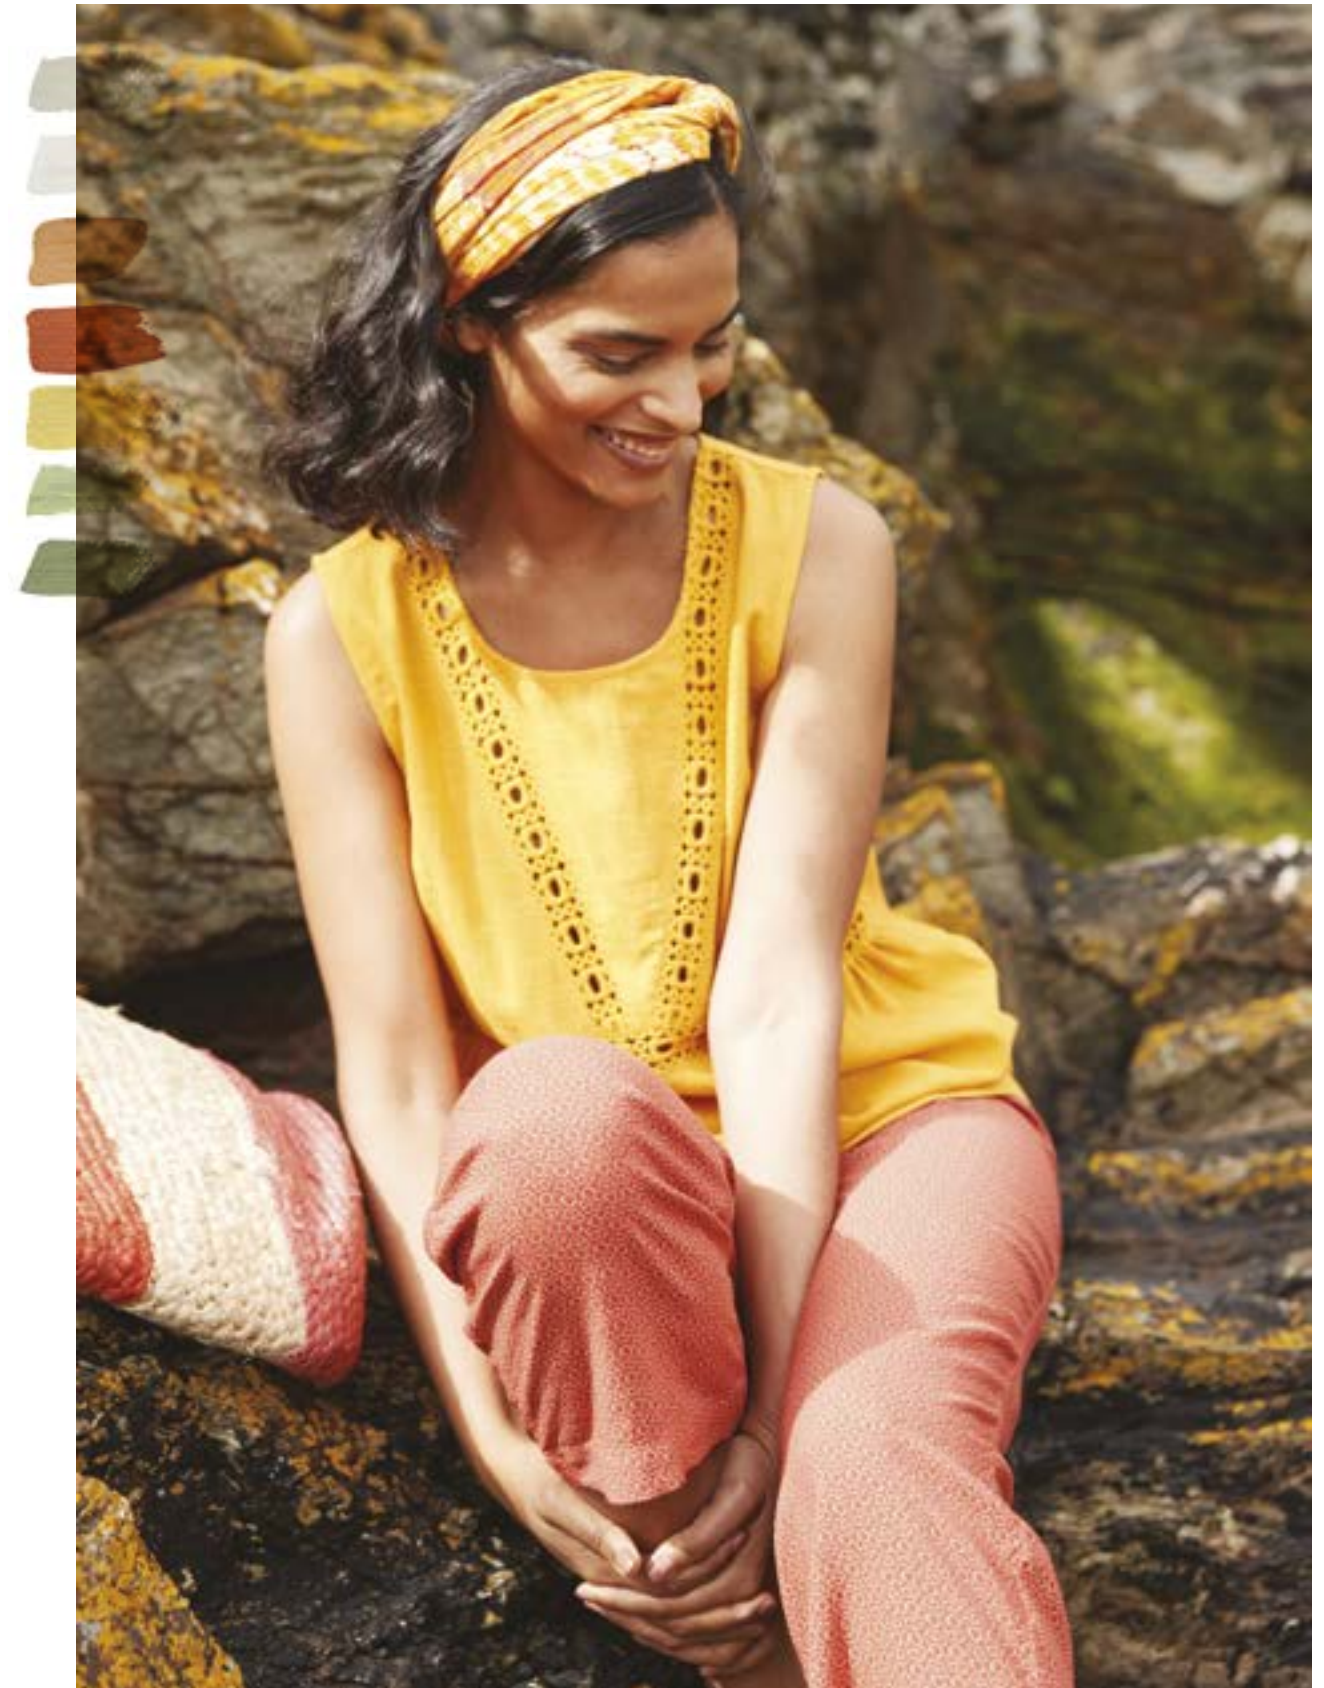

TUSCAN HILLS

Tuscany, Camomile, Caper, White

Floaty summer dresses in ethically sourced viscose crinkle and the return of our handmade Jute bags create a carefree summer look. Relax in our twisted cotton cropped dungarees or try our exclusive in-house designed Ombre Cornfield print.

We've created a co-ordinated group in soft fabrics and easy silhouettes that can be dressed up or down for maximum versatility. With a range of trouser fits to select from its easy to mix and match with the pretty lace trim vests and printed tops.

*Soft fabrics and
easy silhouettes*

Knitwear

Recycled cotton and sustainable bamboo

This season our knitwear is produced using a sustainable bamboo and recycled cotton yarn which has a beautifully soft hand-feel as well as being good for the planet.

This new soft and sustainable yarn is created from a mix of recycled cotton and sustainable bamboo that is produced in a closed-loop system. Not only does this help to reduce textile waste but also uses less water than growing new cotton. A natural, breathable and biodegradable yarn.

Choose from our textured stitch v-neck tunic with side splits, a raised striped textured jumper or edge to edge cardigan.

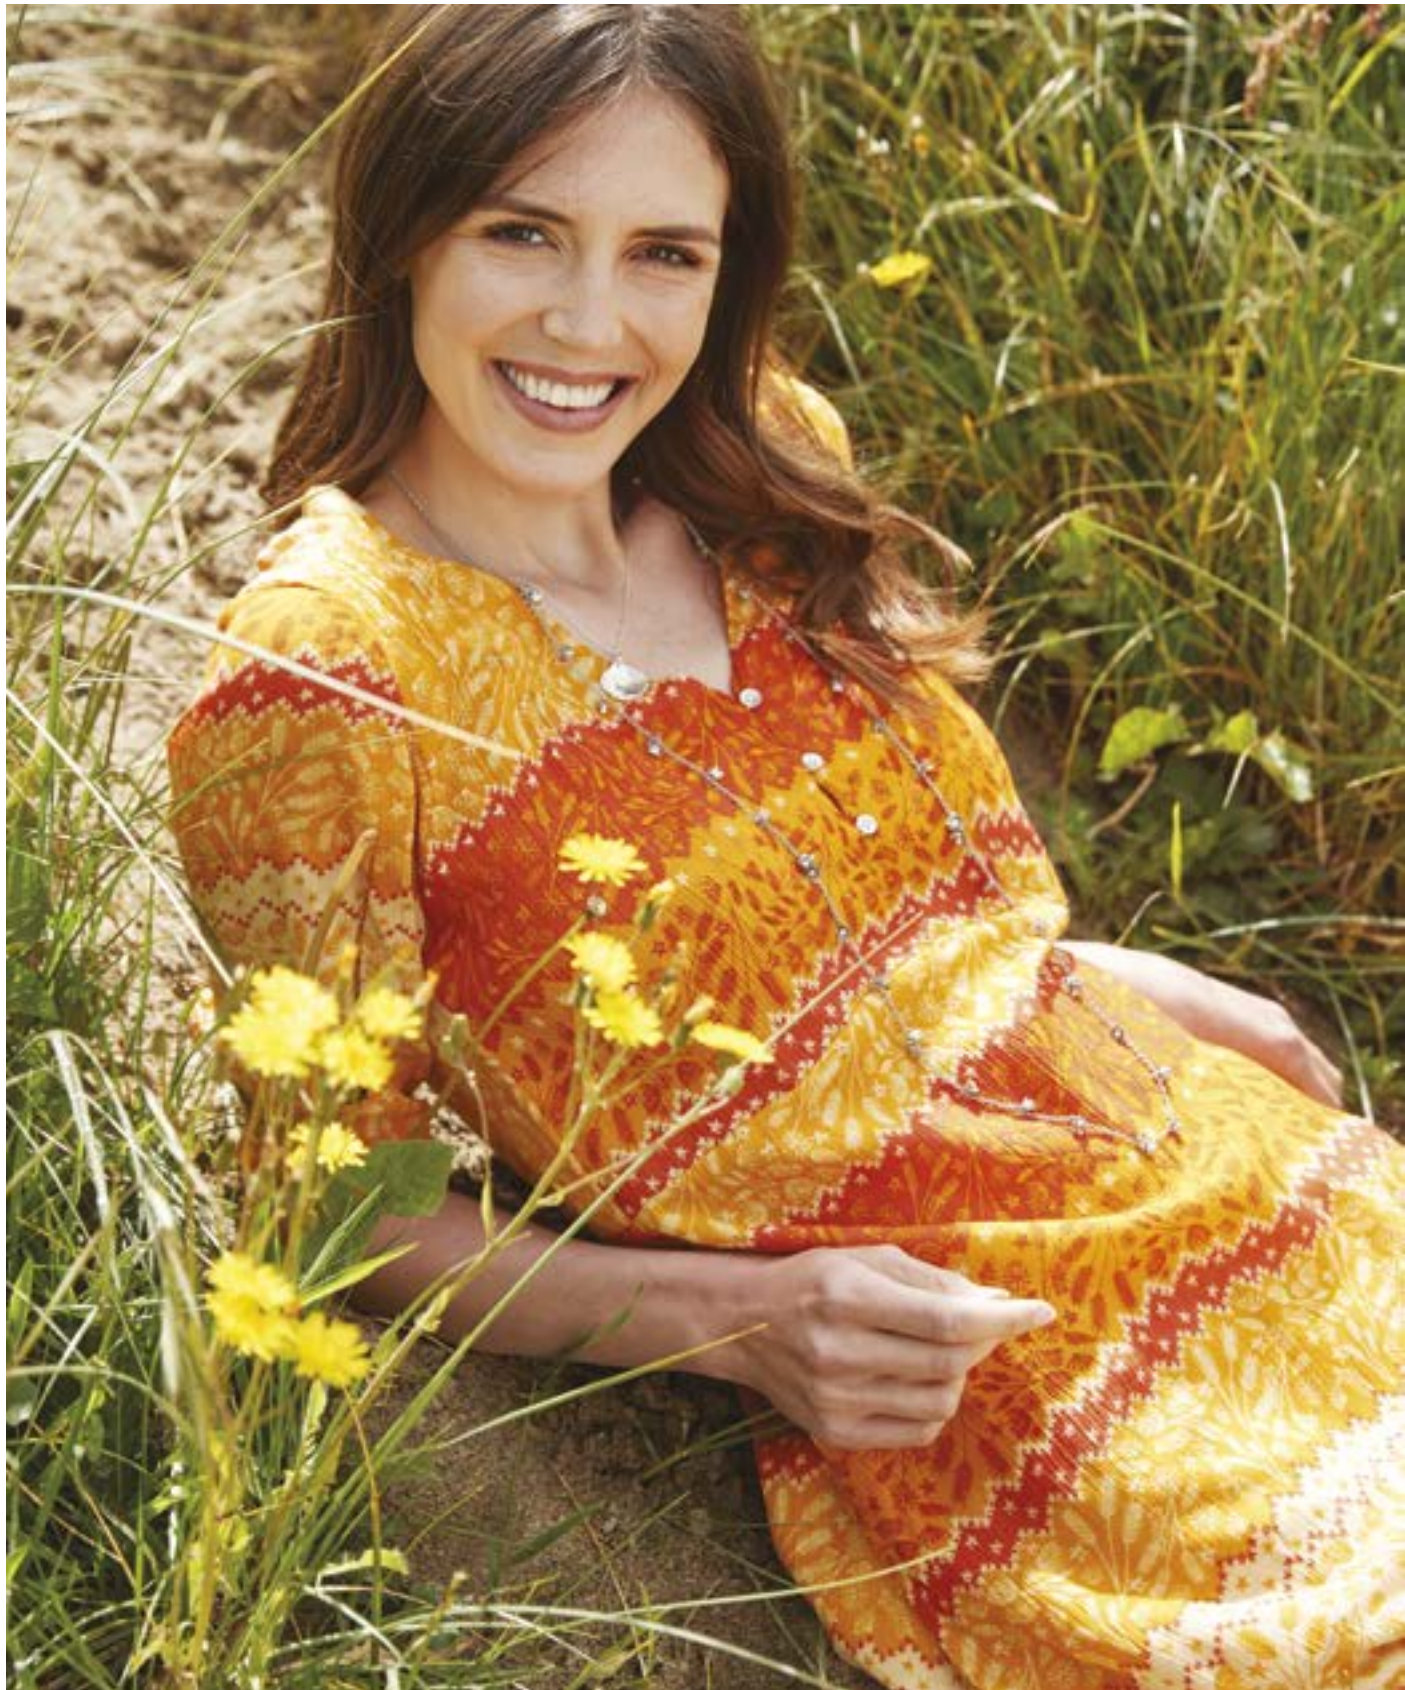

New twisted cotton fabric

Wear with our Heligan print

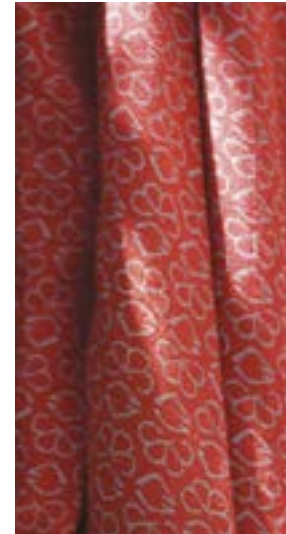

Sustainable Liva Viscose

*Sustainably
produced viscose*

Liva is a sustainably produced viscose made using wood pulp sourced from FSC certified sustainable forests.

The wood pulp is processed using a closed-loop system to minimise environmental impact and uses much less energy and water than regular viscose. The fibres are Oeko-Tex 100 certified and create a wonderful draping fabric that is both breathable and biodegradable.

Handloom

Geo handloom

*Traditional Artisan technique
in three beautiful styles*

As well as the handloomed Ikat fabric, we also have the handloom striped cotton in new colours this season and a gorgeous Geo handloom. These traditionally produced fabrics have a modern look and are an essential addition to any wardrobe this season.

At Nomads, we love the unique quality that each metre of handloom fabric possesses, and we celebrate this original material that could never be replicated by a machine. The nature of the handloom process means that no two lengths are ever the same – crafting this fabric takes time, patience and a unique set of skills, which is where our talented artisan partners really shine.

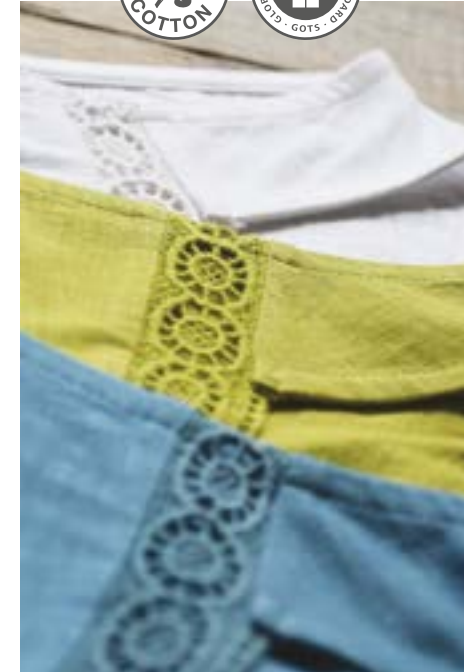

The handloom process begins with yarn being hand dyed before being carefully woven on a handloom which is operated solely by a skilled artisan. Because the manual loom does not require electricity to operate, it allows artisans who do not have access to electricity the ability to weave fabrics – whilst also being more environmentally friendly than an electric loom.

Organic Cotton

Organic Cotton is the best form of cotton

Simply put, organic cotton is the best form of cotton, both for the planet, the growers and the people who wear the clothing.

Organic cotton clothing is a pleasure to wear because of its breathability – it will keep you cool in the summer, and cosy in the winter, plus it will last far more wears in between washing than synthetic fibres. Reducing water usage and your energy bill – who can argue with that?!

All organic cotton used to make Nomads clothing is certified by GOTS. The Global Organic Textile Standard (GOTS) is the leading authority on textile processing standards for organic fibres, focusing on all aspects of the supply chain. GOTS certified organic cotton is grown using methods and materials that have a low impact on the environment, with systems in place to replenish and maintain soil fertility, reduce the use of toxic pesticides and fertilizers, and build biologically diverse agriculture. Organic cotton is naturally breathable and biodegradable.

CORNISH COASTS

Chambray / Organic Cotton / Exclusive Prints

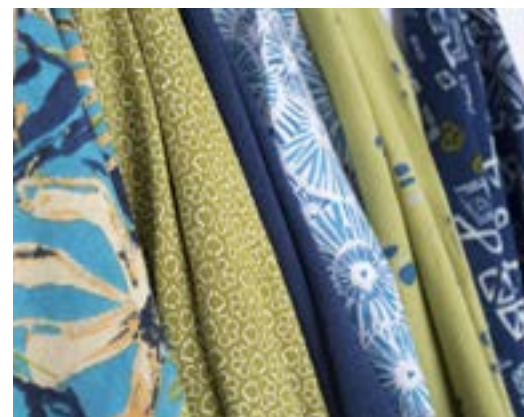

CORNISH COASTS

Island, Wasabi, Rio, Ink, Ecrú

Fresh summer colours and easy to wear shapes in our range of mix-and-match prints. Our bestselling Chambray fabric returns for SS23 in a new tunic dress as well as our best selling bubble trouser. This season our organic cotton jersey comes with a slub texture, perfect in Rio blue with our twisted cotton trousers in Ecrú. Layer up with a tunic jumper for cooler days and evenings.

*Fresh colours and
easy to wear shapes*

Chambray

*Our bestselling
cotton chambray
fabric returns*

Our bestselling cotton chambray fabric returns to our collection to give you a smart yet lightweight alternative to the classic summertime denim look.

With a much softer texture, and lower environmental impact than traditional denim and a far more breathable consistency, chambray makes the perfect fabric for gathered tunic dresses and trousers to see you through the whole season.

Exclusive Prints

You won't find our prints anywhere else.

It's no secret that we love print here at Nomads – and our latest collection features a range of exclusive designs created by our in-house team.

Inspired by both their surroundings in Cornwall and the cultures of far flung places, the team work closely together on trends and colours to deliver fresh designs each season. Our team research trends and colours and combine their extensive knowledge and great personal taste to create exciting new prints for us each season – and this Spring/Summer is no different!

All prints for SS23 were designed by our in-house team. Look out for the Heligan, Breakwater and Kas prints which are highlights of the collection.

ORGANIC COTTON
SOCKS

Rio, Tuscany, Ivory

Crafted from 80% organic cotton, we challenge you to find a comfier pair of socks. In original Nomads' designs, the organic cotton content means they are breathable for maximum comfort, whilst also being perfectly cosy for cooler days.

Our GOTS certified organic cotton is kinder to the growers and the environment as well as to your feet!

Our socks are available in 2 size ranges, UK 4-8 Euro 37-42 and UK 7 – 11 Euro 41-46.

Zero Waste Socks

We hate waste so we've used up left over yarns from our previous seasons to create these two beautiful new socks designs!

Choose from delicate spots or graphic stripes.
Great for the environment and your feet.

ABOUT OUR SHOES

Camomile, Tuscany, Sand, Berry

Our new range of shoes, designed to complement the rest of the collection, are produced in India using a range of ethically sourced materials. These include LWG Gold rated leather and suede, natural cork, and organic cotton, as well as low-impact dye, to minimise pollution and waste.

Our boots and trainers include organic cotton linings and padded insoles for a comfortable fit, and the sandals include a layer of natural cork which is super eco-friendly. Our collection of shoes feature TPR rubber soles that are fully recyclable. Additionally, suede is a by-product which means that we are using up waste and reducing landfill by creating beautiful products. Plus, we have a range of different colours and styles for you to choose from!

Designed to complement our collection

MENS

Ink, Island, Denim

Our menswear for SS23 includes cotton Chambray shirts for an eco-friendly 'denim - look', a GOTS certified sweatshirt in organic cotton terry jersey, organic cotton t-shirts and a range of cotton shirts in exclusive Nomads prints, as well of course as organic cotton socks.
