

LAGOON

UK 2022

Following the acquisition of **Lagoon** by **University Games** in 2020, I promised that we would invest in the **Lagoon brand** to keep it at the forefront of the gifting game and puzzle market and with over 60  lines in this catalogue I believe it's fair to say that promise has been kept.

I am delighted that we will be launching a full range of over 40 wonderful products from **The Purple Cow**. This fantastic brand has been at the cutting edge of both educational and travel games in uniquely attractive packaging for many years and I am delighted and proud to be able to add The Purple Cow range into the Lagoon portfolio for 2022.

If that wasn't enough, we have also added in the amazing **Smart Egg puzzles**, new additions to our famous tinned range with our new **Music Quiz** and **Festive Couples Quiz**, two wonderful new **Guinness puzzles**, a new murder mystery tube in the **Tower Of London** and some lovely high quality **dominoes** presented in the usual striking gift packaging that, along with outstanding retailer margins, is Lagoon's trademark.

We continued to remove single use plastics from our games and puzzles in 2021 and will make further progress in 2022. Every product decision we make has our environmental commitments front and centre and the net result is over 1 million games and puzzles sold in 2021 have had single use plastic removed from the packaging. Oh! and we have installed electric car charging points at the office as well, 'every little helps' as someone once said!

I hope you enjoy browsing through the catalogue and if you want some more information why not check out our new website at www.thelagoongroup.com. Finally, if you are an existing customer, I would like to thank you very much for your continued support and if you are looking at **Lagoon Games** for the first time, or returning after a short break, I look forward to welcoming you on board for what promises to be an exciting and record-breaking year in 2022!

Best Wishes
