

Bubblegum Stuff

Autumn/Winter 2022

WHO ARE WE?

first of all, we don't
make chewing gum...

We're a small gift and games company based in London. We respond to pop culture trends by making fun products that are far from usual. Everything you see here is proudly made by us.

A MESSAGE FROM BUBBLEGUM HQ

We had a lot of fun over the summer... Glastonbury, the Platty Jubes, and Love Island were all culturally significant events – in ascending order, of course! But that's all in the past, now. This feels like the perfect time to take a look forward to some brand new products...

Exclusive to the UK, we've got our trumps-style Motorway Services and UK Huns card games. The first gets players pitting the best UK service areas against each other. The second has players doing the same only with everyone's favourite hun icons – it's our homage to hun culture in the UK.

Also look out for our 6 brand new houseplant products. We're building on the global success of Plant Life Support with an assortment of practical and decorative gifts any plant parent would be proud to own. Honestly, these products are so great we could soil ourselves with excitement!

As much as we love to look forward, we'd also like to look back at our success stories so far in 2022... Plant Life Support continues to sustain and nurture otherwise neglected houseplants the world over. And our Penis Puzzle might be hard, but people can't get enough of it.

Into the back end of this year, we're looking to continue our fruitful partnerships and spread the fun a little further. We're tremendously excited about what lies ahead. And we're thrilled to be on that journey with you!
