ABOUT US

WELCOME TO OUR WOODY TREASURES 2022 COLLECTION!

At Clever Child Ltd, there are two things that matter most to us. Firstly and most importantly your child's educational growth takes top priority! Secondly being kind to the environment is very important to us. There's a good reason (many actually!) why our Woody Treasures brand is the #1 choice of so many parents and educators bringing the next generation all sorts of fun, engaging, and educational games.

Sustainability and education are at the foundation of what Woody Treasures offers. You'll find each toy to be safely rounded at the edges, painted with non-toxic kid-friendly dyes, and made with sustainable wood. By educating your child about the world through eco-friendly games, your little ones will have a greater understanding and appreciation for the wonders of the world we live in.

There are several different games for your child to play with each product made to enhance their motor skills, hand-eye coordination, and their ability to think creatively. Our fun wooden games help you connect with your child on a deeper level that gets them excited for playtime... every day of the week!

We hope you enjoy this new catalog- and we have many more exciting and educational toys coming soon, so make sure you are on our mailing list!

WOODY TREASURES™

WHAT PARENTS HAVE TO SAY:

“ I love wooden toys instead of plastic so these were right up my street. My son absolutely loves them too. He loves putting them back in their slots and then taking them out and driving them around. They are well made and nice and colorful. ”

HAYLEY HENDERSON

“ I brought for my new grandson for when he is a bit older. It looks very well thought out with interesting tasks to do. It is well built and I hope he will get a lot of fun playing with it when he is old enough. ”
