JANE TAYLOR

Founder of Collaborative Craft Projects

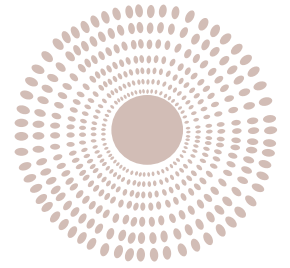

Specialising in bespoke basketry and unique natural flooring solutions, Jane Taylor works in tandem with top international designers to help realise their vision, and create exceptional lifestyle products.

Jane has more than two decades of product design and production experience, and a strong passion for sustainable and authentic interior design. Her natural aesthetic has allowed her to create CCP's signature collections as well as work on many regional installations in the hospitality sector.

Collaborative Craft Projects was born out of Jane's desire to bring the community into her craft, and CCP now offers both customized product development and training programmes for implementation in communities, as well as wholesale opportunities for the trade through her export range.

HERITAGE COLLECTION

“Deeply rooted in the core beliefs of Collaborative Craft Projects is the fundamental responsibility to preserve the traditional skills and natural heritage of Zimbabwean culture and craft.

This carefully curated collection gives our audience an opportunity to invest in the preservation and continuation of artisanal skills by purchasing and making a commitment to showcasing what we believe, are handmade, woven artworks and collectables.”

- Jane Taylor

NEW! BINGA BRIGHT BASKETS

At CCP our values stand firmly in creating opportunities for women artisans all around Zimbabwe. As a team, we're incredibly proud to be embarking on a new community and product development journey with a group of rural women artisans whose vibrant baskets reflect exactly who they are. These unique baskets are woven with Ilala Palm and recycled plastic with the intention of being less harmful to the environment. The group harvests the Ilala Palm in a regenerative way, using less of it and allowing the natural landscape to recover from harvesting. While the plastic used is saved from eventually ending up in a landfill.

The image displays several rectangular samples of rush matting arranged on a dark, textured surface. The samples vary in color and pattern. Some are a uniform light tan or beige, while others feature dark brown or black vertical stripes. One sample in the upper left has horizontal stripes. The matting has a visible woven texture. The text 'RUSH MATTING' is centered over the middle of the image in a white, serif font.

RUSH MATTING

..... ©
.....

RUSH MATTING

Our rush matting comprises of a broad range of universal standard sizes. Each mat is made entirely by hand using sustainably harvested ibhuma, and all dyes used are organic. We use a 100% natural trim, no synthetics, and our mats are bound with sisal twine which is harvested in the surrounding areas.

These mats are durable and long lasting to offer functional and practical solutions for hospitality. Perfect to anchor a space with a natural texture and creates an organic look and feel.

These mats are a soft underfoot solution for any hospitality or home setting and their neutral tone lends itself to layering texture and colour.

MEASURING & SIZING GUIDE

All dimensions are centimetre measurements according to the metric system.

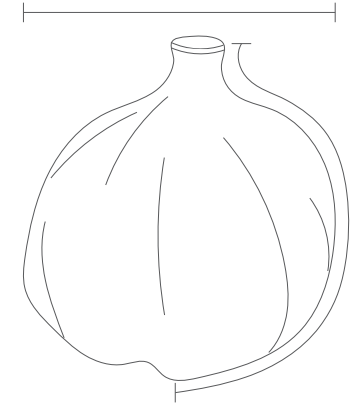

BINGA STATEMENT BASKETS

Size is determined by cm measurement of the diameter.

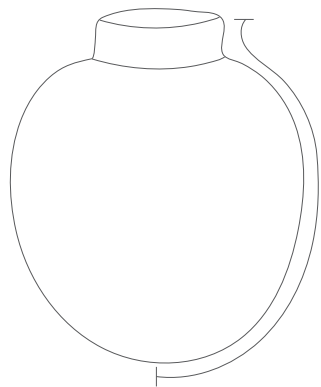

BABY NONGOS

Size is determined by the cm measurement from the top - to the base of the basket.

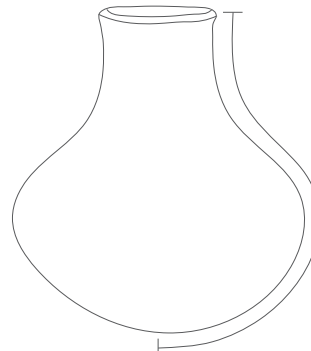

GARLIC GOURDS

Size is determined by the cm measurement from the top - to the base of the basket.

BUHERA BASKET

Size is determined by the cm measurement from the top - to the base of the basket.

LUXURY GIANT IVORY NONGOS

Size is determined by the cm measurement from the top - to the base of the basket.

JELLYFISH LAMPSHADES

Size is determined by the cm measurement from the centre base to the edge of the basket.

Our wholesale catalogue, has been designed to showcase a carefully curated representation of our most current work and the crafts we create together with the artisans we support. We are a small team making a big impact, and truly value our relationships in the global marketplace.

All enquiries and purchasers are treated as discerning ‘guests’ in our world of woven homewares and the ordering process is a personal experience for all our clients. Each order is as unique in its delivery, execution and destiny, as its appeal to a varied audience.

CCP operates within and across many rural communities throughout Zimbabwe, and draws from a vast artisan resource built over two decades of working within these communities. The products themselves are all handmade, and while we maintain a high standard of production and quality control within the weaving groups, we equally celebrate the individual and their craft, and trust our customers appreciate and value this too.

At the heart of CCP is the desire to build a legacy for women artisans through partnership and collaboration, and it is key to our long standing commitment to pursue this goal. By purchasing a “product with purpose” your support continues to secure their future, by enabling a valuable sense of financial freedom and the ability to provide for their families.

PORTFOLIO OF SERVICES

TRADING AND EXPORTS

CCP supplies wholesale and retail buyers across the globe with the range offered in this catalogue. We welcome and accommodate buyers with Air Freight or LCL throughout the year. We also offer container orders via Sea Freight and limit our containers annually. Please enquire for the cycle of orders to find your optimum time slot, and the best fit for your company or brand.

INTERIOR DESIGN AND HOSPITALITY PROJECTS

Working alongside a growing community of Interior Designers and Boutique Hotel Groups in the world of hospitality, we offer a Bespoke Design Option for highly specialised projects. Inherent to this, is the belief and mutual understanding of our shared values, and a desire to use sustainable materials in our products in any installation from the ground up. With a long history in hospitality and a genuine understanding of this space, we offer woven design solutions which include but are not limited to: functional homeware, lighting and natural flooring.

PRODUCT DEVELOPMENT AND DESIGN PROGRAMMES

The fundamental need to continually make an impact in the lives of the communities we work with, is embedded deeply within the culture of our small brand. We work in tandem with NGO's and globally recognised institutions to provide evaluation and assessment of groups in the field, and implement effective training and design workshops to develop new products, build capacity, and enable functional and sustainable simple business models for these groups. These programmes aim to empower rural artisans and groups to develop their craft, master their skills, and refine their business models. We are able to create new products that meet the needs of a global marketplace, brand or retailer, and strive to build capacity and provide access to market that never previously existed for these groups.
