Team Potato

Chicken vs Hotdog

Age: 8+

Players: 2+

Time: 10 mins

A flip it and stick it party game.

Okay, it's time to settle this once and for all - who is top dog (or chicken)? Get ready to find out. Split into teams, or go one-on-one, then get ready to bid and flip your way to sweet-tastin' victory.

Turn over a Challenge Card, then secretly bid high if you think you can nail it or bid low to avoid it. If both bids match, then it's Flipperama time!

Every time you compete a challenge you win a letter. Collect enough cards to create your Chicken (or Hot Dog) and you've won the game!

Dash between some of America's most "unusual" locations (such as Ding Dong Texas and Jackpot Alaska) to deliver as much mail as you can before you run out of Transport Cards.

To get your win in the bag it'll take a combination of careful planning and decisive action, so be prepared to go above and beyond as you bid to become the master of all mail carriers.

But, if your answer is the odd one out, you’ll land the Pink Cow and your herd will be worthless – until you can pass it on to someone else!

Snakesss

Age: 14+ Players: 3-8 Time: 25 mins

Don't let them charm you into choosing the wrong answer

In this game you're all trying to answer some pretty slippery multiple-choice questions. After debating them, players choose their answers. The more people who get it right, the more points they win.

But watch out, there are hidden snakes around the table. They already know the answers and their diabolical mission is to charm the rest into choosing the wrong answers, so they bag the points instead.

Get ready for a game of skill, luck and a little venom!

RRP : £24.99 Pack Size : 6 Content : 120 cards, 32 Answer Chips, 8 Character Tokens, 1 Score pad, 1 Mongoose of Truth

3 Wise Words

Age: 10+ Players: 4-12 Time: 20 mins

Birds of a feather, think together.

In this simple party game you have to tune into the way your partner thinks. Your mission: to get them to guess the word that is nesting in your head.

You do this by writing down three words that will lead them straight to it. But watch out! If the other teams guess any of your three words they'll swoop down and steal your points, so don't make your three words too obvious. But then again, don't make them too obscure or your bird-brained partner mightn't have a clue what you're on about.

RRP : £14.99 Pack Size : 12 Content : 100 cards, 4 wooden owls, 1 board, 1 Score sheet

P for Pizza

Age: 8+

Players: 2-4

Time: 10 mins

The easy-cheesy letter game.

In P for Pizza, you don't need super-spelling skills or perfect pizza knowledge. You just need to be able to shout out words (and be speedy about it).

Each round, match up a letter with the category opposite and shout out an answer. The quickest player wins the card and adds it to their collection.

The first player to build their Giant Pizza Slice using nine cards is the winner!

Dino Dump

Players: 2-4

Time: 10 mins

Quick, lose your cards or the dino poo is on you!

Dino Dump is a super-fun game for kids, based on the classic adult card game, Shithead. We've cleaned up the name, added some cheeky dinosaurs and made it easier to learn - not to mention included some dino-poo forfeit stickers (that don't smell) to raise the stakes a little.

To win the game, you must lose all your Dino Cards as fast as possible. Get caught with any in your hand by the end of the game and you'll have to wear the dino-poo sticker for the rest of the day.

JOIN THE POTATO CLUB

Board games often take a battering. Maybe the dog eats the cards, someone sits on the box or the pieces end up inside the Hoover. As a Potato Club member your customers are covered. If they just let us know what they need we'll replace it for free.

GAME RESCUE SERVICE

Board games often take a battering. Maybe the dog eats the cards, someone sits on the box or the pieces end up inside the Hoover. As a Potato Club member you're covered. Just let us know what you need and we'll replace it for free.

LOTTERY TICKET FOR LIFE

Another great perk of the Club is that we enter you into our weekly prize draw to win a Big Potato game, every week. If you're really lucky that's 52 free games a year. (You could open a shop!)

FRONT OF THE QUEUE

As a member, you'll receive our monthly newsletter which features brand new game updates, special offers or free tickets to give away. You'll always be the first to know.

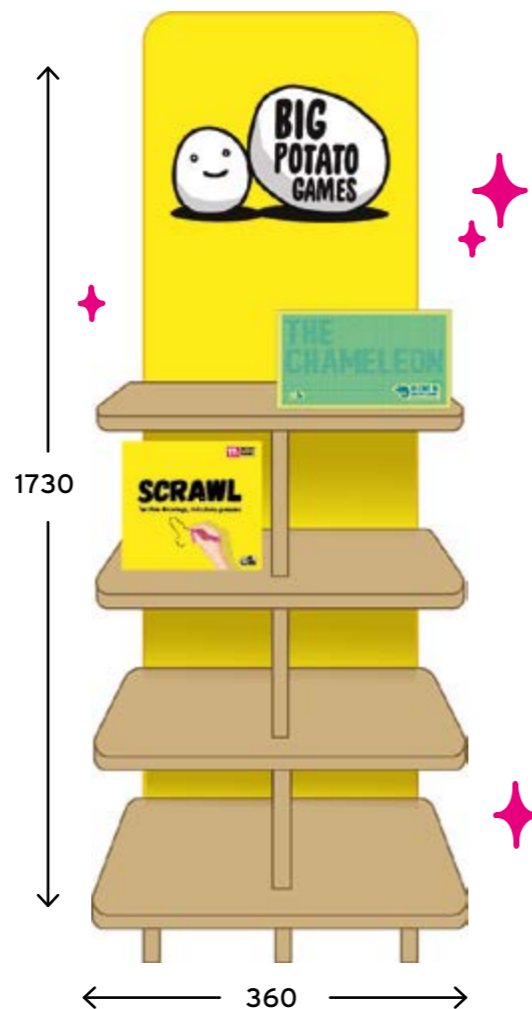

PUTTING THE 'U' IN FSDU

A greengrocer will always advise storing your potatoes in a dark cupboard... but not these ones!

We've designed a bespoke wooden FSDU to help you show off your potatoes in style.

Eye-catching, hand-crafted and super-easy to assemble, the Big Potato FSDU can be delivered straight to your store, alongside a personalised order of games - so you can pick and mix a range of games that work best for you.

Interested in finding out more? Just email your account manager for more details.

A WHOLE NEW LEVEL OF KLASK

Looking for a way to show off your copy of Klask, while adding a little healthy competition into your games shop? Well, look no further!

If you order 11 or more units of Klask, we'll throw in a free copy, as well as one of these bespoke Klask stands to help you demo the game and challenge any customer that comes your way. If this sounds up your street, get in touch with your account manager and we'll go from there.

Cannot be used in conjunction with other offers.
Stand remains property of Big Potato.

POTATO PROPAGANDA

Whether it's installing a board game vending machine or building a full-scale games menagerie, we love trying out creative new ways of advertising our games in shops across the country.

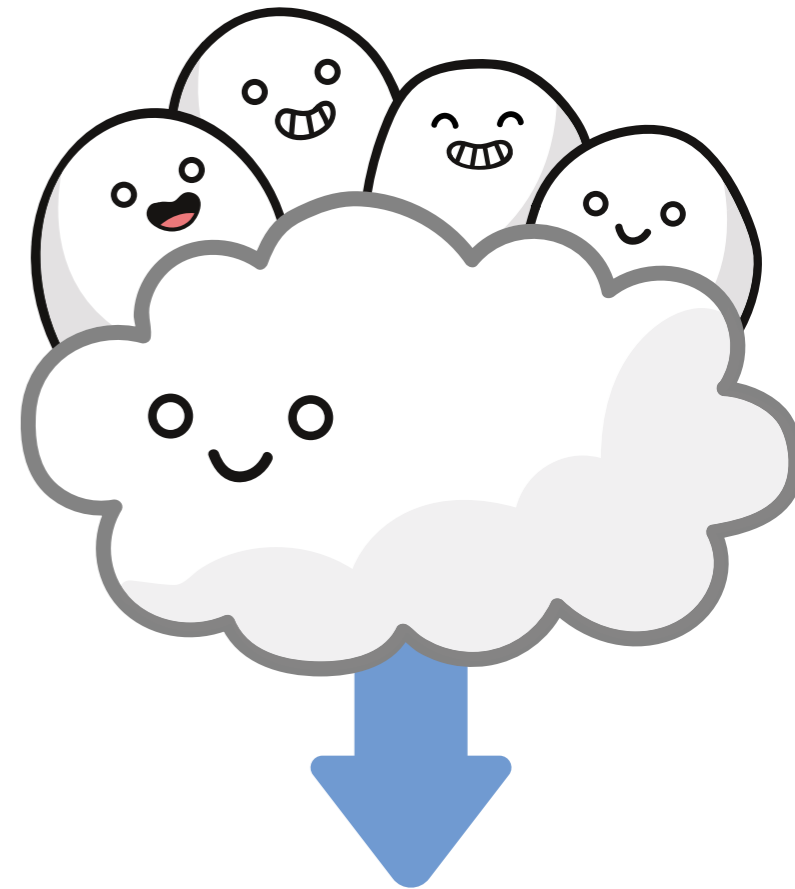

We're on the lookout for places to try out some new in-store promotion ideas, so if you fancy sprucing up your games shelves with a giant party popper of your own (or something similar), send us over an email and we'll get creating.

PICTURES AND WORDS

We know that creating online listings can be a hassle, so we've gathered all the photos and descriptions of our party games and put them in one place for you to access.

They're currently hidden away in a secret folder on the internet, but if you want to access it just get in touch with your account manager - they'll be happy to share it with you.

BECOME A STOCKIST

We currently stock shops of all shapes and sizes, all the way from Perth to Plymouth. So whether you're north or south, near or far, we'd love for our games to be part of your store. Please get in touch to talk about our prices.

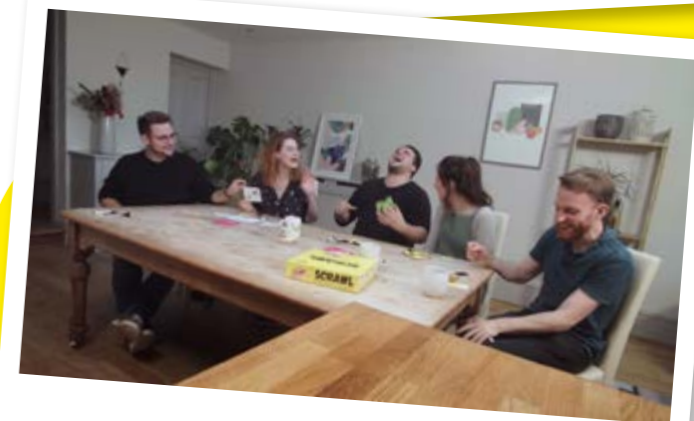

POTATO-POWERED MARKETING

With so many brands out in the world competing for people's attention, it can sometimes take a little extra to get noticed.

That's why in the past year we sent out Big Potato party bags to all sorts of interesting people, including journalists, bloggers and YouTube A-listers. From custom What Came First cards to a Blockbuster night-in kit, each package contained a game of ours with a personalised twist thrown in.

The aim was to get people talking about us and our games –and it worked. We built up a list of over 80 key online influencers, inspired a YouTube series with more than a million views, and topped the year off by getting four of our games onto ITV's 'This Morning'.

MAKING NOISE ON THE INTERNET

We can talk about games until the cows come home, and 2020 was no exception. From showing off our new games, to hosting online quizzes, here's how many people we interacted with last year.
