

Stitching
ME SOFTLY
2022

stitchingmesoftly.co.uk

Welcome to Stitching Me Softly, the home of sustainable craft kits. Each one is designed to inspire creativity and provide the maker with some calming me time.

The last few months have seen a huge surge in demand for fun, mindful activities that we can all enjoy from the comfort of our own homes, and craft kits have taken the top spot on a lot of gift lists.

Drawing on the success of the Crochet Basket Duo Kit, 2022 will see some new home-wear and accessory craft kit designs. Along with the existing range, these will be packed in our brand new bespoke packaging.

The two main elements that we focus on when designing new products are the quality and sustainability of the materials included and the level of detail in the instruction sheets.

For us it is important that every customer is able to pick up a kit, learn a new skill, enjoy the process of some calm mindful crafting, and then be delighted and filled with pride once they have finished.

The items themselves are all designed to be used and enjoyed over and over again, and the packaging is all easy to recycle.

Recycled Cotton

The main ingredient for a lot of our craft kits is a wonderful recycled cotton braided cord produced by Polish brand Bobbiny.

Bobbiny braided cords are made from textile waste that is saved from entering landfill, broken down into individual fibres and then woven into the finished cords.

The manufacturing process uses no additional water or dyes, making it as environmentally friendly as possible.

The cord is hard wearing yet soft to the touch, which is perfect for using to create beautiful textile jewellery and homewares.

Bobbiny cords carry Oeko-Tex certification.
