A CARRIER.

Cube Bag

PATCH_MAOKO_EZIM

PatCh is a sustainable capacity building enterprise in Harare, Zimbabwe that trains and employs underprivileged women to produce handmade bags from hessian fibre. Each piece is stitched by hand in a slow, meditative process which induces happiness that is in turn crafted into the bag. Our hope is to spread our piece of happiness through you, wherever you carry your handbag, in a world that needs more positive vibes.

"HANDCRAFTING HAPPINESS ONE STITCH AT A TIME"
