## About the project

I am a Ukrainian designer and manufacturer of Women's Clothing and Underwear.

I was forced to flee my country due to the war.

For 7 years I have been the owner of my own clothing brand and for the last 2 years I have been a designer and product owner of a premium segment underwear brand, which was sold in more than 35 stores throughout Ukraine. I had the opportunity to explore and study the technology of production at the best companies in the world.

After my coming to the UK my goal was to help Ukraine and Ukrainian refugees and the best way how I can do it it's use my skills, knowledge and experience so I decided to create distributor company with Ukrainian designers. I want to help them work and pay taxes for Ukrainian government and safe work positions for people who stay in Ukraine in this hard time.

I choose the top quality brands with unique concepts, sustainable philosophy and leaders of the Ukrainian market.

I'm happy to present these brands for you and make a partnership.
