WELCOME TO SCRATCH!

Children's puzzles and games made from recycled card

Scratch is an authentically Belgian brand that stands for great design, quality products, sustainable materials and stylish packaging. Scratch offers beautifully designed, sturdy puzzles and games for children from 12 months and above. Each puzzle is made from recycled card and the manufacturer is gradually moving to the use of soya-based inks across the entire product range, making this a truly eco-friendly and sustainable choice for gifting.

Our UK collection includes stacking towers, puzzles with 3D elements to extend play value, magnetic puzzle books ideal for keeping children occupied whilst 'on the go', beautiful, shaped puzzles, as well as some 3-in-1 game sets. Each item has a fun, unique design in Scratch's distinctive style, and comes in an attractively shaped box. Perfect for gifting!

Scratch is owned by Belgian company, DAM, who have been a leading distributor of toys in France, Italy and Benelux since 1992. For 30 years their focus has been on quality and safety, driven by play value.

DAM approached us to distribute the brand in the UK after chatting with us at a trade fair, as they felt that our focus on sustainability would give their brand the best chance of success. We are thrilled to be able to offer Scratch to our customer base of toy and gift shops, garden centres and visitor centres, where we feel the products will sit perfectly alongside our portfolio of sustainable toys!

Our initial range includes compact puzzles retailing at £9.99, right through to the 3-in-1 games compendiums retailing at £24.99. We have also put together a start-up deal for £150 + VAT, which includes some free display items and is an ideal way to try the brand in your store.

Stacking Tower On the Road

ABOUT SCRATCH

BELGIAN DESIGN

Scratch is an authentically Belgian, and therefore European, brand. Over the years, Scratch evolved into a lifestyle brand using a variety of materials such as wood, cardboard, fabric, metal and plastic. With the emphasis on innovation, Scratch expresses its style all around the world. This globalisation continues unabated. Scratch currently has a presence in more than 35 countries, in all corners of the world.

SAFETY FIRST

Scratch products comply with or exceed international safety standards (such as EN 71, ASTM F963). From design to production: safety and quality always come first. Scratch toys can be entrusted to your little ones with confidence.

PLAY & LEARN

Every product is adapted to the age of the child, with a focus on the development of specific skills. These can range from practicing fine motor skills, making connections and recognising colors and shapes, to building, drawing, walking and cycling. Each child plays according to his or her own creative approach, and Scratch is eager to support these explorations!

STYLISH PACKAGING

Scratch is convinced of the power of beautiful packaging that gives an instant wow factor at first sight. The sleek, serene design combined with high-quality, durable materials creates a stylish appearance. Wonderfully delightful designs with an eye for playful learning, the timeless beauty of traditional materials, all combined with a touch of humor, make a Scratch toy what it is.
