

EUROPE'S LEADING
MANUFACTURER FOR SOFT
ACCESSORIES AND HOME
FURNISHING

V.FRAAS UK

EST 1880.

Sustainable textiles are our passion & heritage

[WHO WE ARE]

Woven textiles are our passion & heritage since 1880. We have been producing exquisitely handcrafted woven & knitted soft accessories and homeware for multi-brand and retailers around the world.

We are Europe's leading manufacturer, wholesaler and proudly a key manufacturer for prestigious brands in the retail, travel and hospitality industries.

V.FRAAS has fully owned operations in Germany & China. Our factories are ISO certified and environmentally friendly with the key mission of sustainability. We are proud to offer Made in Germany goods with beautiful craftsmanship and locally sourced yarns.

Our product offers Öeko-Tex Standard 100 certification, GRS, Woolmark, SFA and many more in the pipeline. Our capabilities are in woven accessories, woven blankets, prints and various knitted products.

Since 2018, at V.FRAAS we've developed key new qualities and construction focusing on our sustainability mission. We are proud to promote our exclusive Cashmink now offers CO2 neutral guarantee in collaboration with Climate Partner.

We are also proud to endorse our new recycled Cashmink qualities which come with GRS certification. These yarns create a perfect product which helps us to bring sustainable pieces to consumers whilst maintaining the super soft hand feel.

At V.FRAAS we offer a vast number of weaving techniques from Dobby & Jacquard on numerous yarns. We also offer competitive MOQs with fully scale-bale solutions for your business. We offer fast production turnaround, landed deliveries in the UK, along with distribution, storage and fulfilment services coming very soon.

Our mission is implemented into every product we produce. From our beautifully sourced yarns to our craftsmanship, we guarantee to be a reliable and high-quality manufacturer as your new partner.

V.FRAAS
Quality, Craftsmanship & Service.

[WHITE LABEL] OWN LABEL & DESIGN

We offer a white-label service and bespoke designs for brands, retailers and the hospitality industry.

At V. Fraas, we have vast design archives and expertise who can produce your design concept. We primarily serve Men's, Women's and home furnishing categories. Our capabilities are endless with new developments mainly focusing on our sustainability mission.

Product: Scarves, capes, poncho, hats, gloves, mittens, wraps, snoods, pareo, blankets, throws & cushions.

At V. Fraas we offer a vast number of weaving techniques from dobby & jacquard on various yarns from acrylic, cotton, wool, cashmere and many more. We also offer competitive MOQs with fully scale-bale solutions for your business. Along with fast production turnaround, landed deliveries in the UK, along with distribution, storage and fulfillment services coming very soon.

We are currently proud to offer Made In Germany goods which are produced with locally sourced yarns and premium craftsmanship. We offer competitive production lead times along with favourable delivery terms.

Our sustainability mission is the most important value for V. Fraas and we have since created our new recycled Cashmink qualities. These all come with GRS certification and our factories are SCOPE certified. We believed these products create a perfect piece to bring sustainable items to consumers whilst maintaining the super soft hand feel.

If you are interested in developing products for your label, please do contact us, we would love to collaborate and help create your concepts.

[PRODUCTION LOCATIONS]

Our Germany factory is based in northern Bavaria, Wustenselbitz, Germany. The headquarter of V.Fraas, operating since 1880. Our German production unit offers the following facilities: Weaving, Warp Knitting, Finishing, Processing & Logistics

Our China factory is based in Zhangjigang, China. It is just over an hour outside of Shanghai. We have been operating in China since early 2000 and our facilities and layout replicate our German factory. From quality, workmanship and machinery. Our China production unit offers the following facilities: Weaving, Warp Knitting, Printing, Finishing, Processing & Logistics
