# KIDOKI

KIDOKI is a new children's toy brand that encourages imagination, nurtures personality, and helps develop motor and coordination skills through interactive play.

Kikkerland Design developed KIDOKI along with our new friends at Goodlines, a design group based in England. This brightly colored, retro-inspired collection of games, toys, and tools includes a mix of classic twists and innovative new ideas. KIDOKI toys are targeted towards children aged 3+ and utilize fun shapes and textures that provide a tactile experience.

Sustainability was also top of mind when creating this collection. KIDOKI toys are made with only FSC certified wood. FSC certification ensures that products come from responsibly managed forests that provide environmental social and economic benefits. Additionally, the packaging used for all KIDOKI products is plastic-free, biodegradable, and attractive enough to be gift-ready just as it is!

Since 1992 Kikkerland Design has established itself as one of the top companies in the world offering unique, well-designed products to inspire our customers and their needs. Kikkerland supports and represents independent, self-producing designers from around the world. In addition, our in-house design team creates and develops new products every day.

At Kikkerland Design we pride ourselves on giving back to local and global organizations, ranging from ecological restoration projects to creative writing and design programs for underserved youth.

The mark of  
responsible forestry
