

SMART

TOYS AND GAMES

SPRING - SUMMER
2024

Dear Smart Partner,

Welcome to Smart Toys and Games, where fun meets learning!
Our catalogue is full of exciting new toys and games that entertain and stimulate our minds.

At Smart we believe in game-based learning. By playing with our toys and games everyone can unlock their potential while having a good time. Passion fuels us, and our talented team continuously works to create innovative and enriching play experiences.

Each product in this catalogue reflects our commitment to quality, fun, and education.

Specialising in logic puzzle games that ignite imagination and strengthen cognitive abilities, SmartGames offers an educational and engaging experience for all ages. Explore our well balanced selection of construction toys with SmartMax® and GeoSmart®, where creativity blends seamlessly with education, stimulating fine motor skills, spatial awareness and motor skills. Additionally, our other brands such as Happy Cube®, The Happy Puzzle Company®, Smartivity®, Yatzy®, Mimiq®, Foooty® and Rockees® contribute to the stable growth of our company.

A big thank you to all our partners, especially those who distribute or work with our product lines. Your support helps us bring these great toys and games to people all around the world.

Explore the world of Smart, take a look at our catalogue, and let the adventures begin!

On behalf of the Smart Team,

Rolf Vandoren,
CEO Smart Toys and Games

Authentic

We are driven by our love for 'smart' games, and we hope our customers have as much fun playing our games as we have in creating them.

Challenging

We engage our players into critical thinking, and we act on their problem-solving skills so they can challenge themselves or others. Since we believe in creating unique playing experiences for all ages, we happily take on the challenge in everything we do.

Smart

Smart skill-building is our passion. We carefully shape our games until they are the best they can be, closely collaborating with experts. We believe in the power of challenging your mind by playing our games. We focus on delivering high quality original products that will last a lifetime, for generations to enjoy.

Playful

We provide engaging playing experiences for all ages. We believe in the happiness and the self-confidence learning through play can give. Our games are not just logic games, every game has their own story to tell.

Innovative

We stand out due to our unique game concepts, our gradual difficulty levels and our 'first love' – the single player experience. We innovate in compact and portable designs so our games can be enjoyed everywhere. We prioritise educational value in everything that we create. We embrace technology by developing digital adaptations of our games and creating online platforms. This way we can also commit to cognitive development and fun in digital experiences.

At SmartGames we believe in GAME-BASED LEARNING. By playing our games everyone can unlock their POTENTIAL while having a good time!

Challenges

All our games grow with the player's skills by containing many challenges which progressively become more difficult.

The challenges have been divided into four or five difficulty levels: Starter, Junior, Expert, Master and Wizard. Depending on age and skill, you start with easy challenges and work your way up to the most advanced levels.

Progressive Play

The recommended starting age is indicated on the packaging. From this age, you will be able to solve starter level challenges. But like all SmartGames, the challenges progressively become more difficult. This makes it suitable and fun for older children and adults.

Cognitive Skills

We make sure that every game we have is building on multiple skills such as spatial insight, planning, logical thinking, problem-solving, concentration, and visual perception. The skills that are enhanced while playing the game are indicated on every box.

SMARTGAMES CATEGORIES

ONE PLAYER SMARTGAMES

PRESCHOOL PUZZLE GAMES

These puzzle games stimulate cognitive growth, and critical thinking from an early age. They are designed to captivate the curious minds of toddlers.

P. 14

1 PLAYER PUZZLE GAMES

This category of puzzles is narrative driven and takes place in an imaginary setting, where players act as problem-solvers.

P. 20

1 PLAYER LOGIC GAMES

The goal of these multilevel logic puzzles is to fit and fill puzzle pieces into a grid. These games provide a range of challenges starting from simple concepts that gradually increase in complexity.

P. 37

BRAIN TEASERS

These puzzles are challenging brainteasers where the main goal is to fit all the puzzle pieces together.

P. 46

TWO PLAYER SMARTGAMES

GENIUS BATTLE GAMES

This category consists of abstract race puzzle games. The goal is to use speed to outsmart your opponent in completing multilevel challenges.

P. 51

MULTIPLAYER SMARTGAMES

FAMILY GAMES

Smart board games focus on imaginative problem-solving and decision-making. Luck plays a small role, and each game offers at least two difficulty levels.

P. 55

STRATEGY GAMES

Our strategic games demand planning, decision-making, and critical thinking. Players take turns, anticipate opponents, and strategise to defeat them.

PRESCHOOL PUZZLE GAMES

GNOME SWEET GNOME™

Play and learn!

ages
3 to 7

48
challenges

**NEW
SPRING
2024**

HOW TO PLAY

1

Choose a challenge.

2

Recreate the image shown on the challenge card, using one or more flowerpots and gnomes.

3

You have found the solution when the front view of your construction matches the image on the challenge card.

Place the gnomes where they belong!

3 gnomes have set up their home in your garden! Can you discover where they are hiding? Try to recreate the image in one of the 48 challenges. This wooden preschool matching game helps develop logic and deduction skills through stacking, counting, hiding, and just playing with the gnomes!

CONTENTS: 3 wooden gnomes, 3 wooden flowerpots, 1 challenge booklet with 48 challenges and solutions.

1 PLAYER PUZZLE GAMES

FIVE LITTLE BIRDS™

Develop your deduction skills!

ages 5 to adult

60 challenges

Find the right position for each bird in the tree!

These birds flock together...but can you figure out where they perch when they arrive at the tree? Clip the birds to their correct location in the wooden tree by using the clues provided in each of the 60 challenges.

A game of logic and deduction for both kids and adults that will leave your brain chirping!

CONTENTS: 1 wooden tree, 5 clip-on birds, 1 booklet with 60 challenges and solutions.

Catch the (IQ) Wave!

This IQ game is here to make waves! Choose one of the 120 challenges and fill the grid by placing the soft-touch puzzle pieces in the correct location and orientation. If a piece doesn't fit, rotating it 90° might help...or might not! IQ Waves comes in a compact format with lid to take and play wherever you go. This packing-puzzle game is suited for both kids and adults. Are you ready to ride your brain waves?

CONTENTS: 1 game board, 8 puzzle pieces, 1 booklet with 120 challenges and solutions.

Both players receive a grid, a set of colored shapes and seven 'blockers'.

Roll all dice and place the 'blocker' pieces on the numbers as indicated.

Race your opponent to fill the empty spaces on the grid!

Multiplayer games that challenge both cognitive skills and strategic thinking for an exciting gaming experience.

MULTIPLAYER SMARTGAMES

FROGGIT™

Cross the pond but beware of the fish!

Guide your frogs across the pond!

Guide your frogs across the pond and block other players from doing the same. The first player to get their entire frog family to the other side wins the game. But watch out, the fish can scare your frogs back to the start!

Flexible thinking, clever planning and the chance to block your opponents make this a fun and exciting game for 2 to 6 players.

CONTENTS: game board, 1 fish, 6 frog families in different colours, game rules.

ITEM SGM 501

EAN 5414301523345

5 414301 523345

HOW TO PLAY

JUNIOR LEVEL 6+

Place the frog families on the side of the pond.

Move the frogs across the pond by jumping over a path of lily pads. But watch out... the fish can scare frogs back to the start!

The first player to get their entire frog family across the pond wins the game!

EXPERT LEVEL 8+

Jump to the next level by combining your frogs:

- Form teams so no one can stop you.
- Trap small frogs to block your opponent.

FAMILY GAMES

HUDDLE UP™

Don't get ice-olated!

Penguins are scattered across the ice and it's starting to get cold! Move your penguins together into a huddle... while blocking your opponents from doing the same. The first player to bring their entire penguin family together wins the game.

CONTENTS: Contents: game board with 4 penguin families, 6 ice blocks, game rules with 2 different difficulty-levels.

SMARTMAX[®]

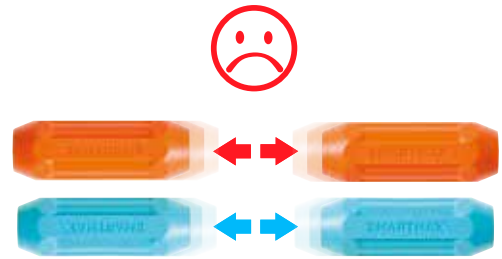

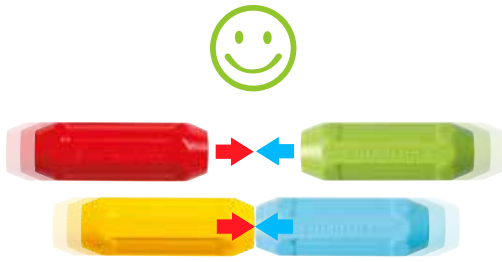

m a g n e t i c d i s c o v e r y

SmartMax are solid, magnetic discovery toys for toddlers and pre-schoolers as young as one year old. Enjoy worry-free, fun, and educative playtime for you and your toddler. Learn all about magnetism with these STEM toys and help develop the motor skills of your child. Durable, sturdy materials make sure these sets can be passed on from generation to generation.

No matter the taste of your little one, there is a set for every child. And all sets are compatible with each other. Build, play, imagine, create, and combine!

www.SmartMax.eu

ATTRACT & REPEL

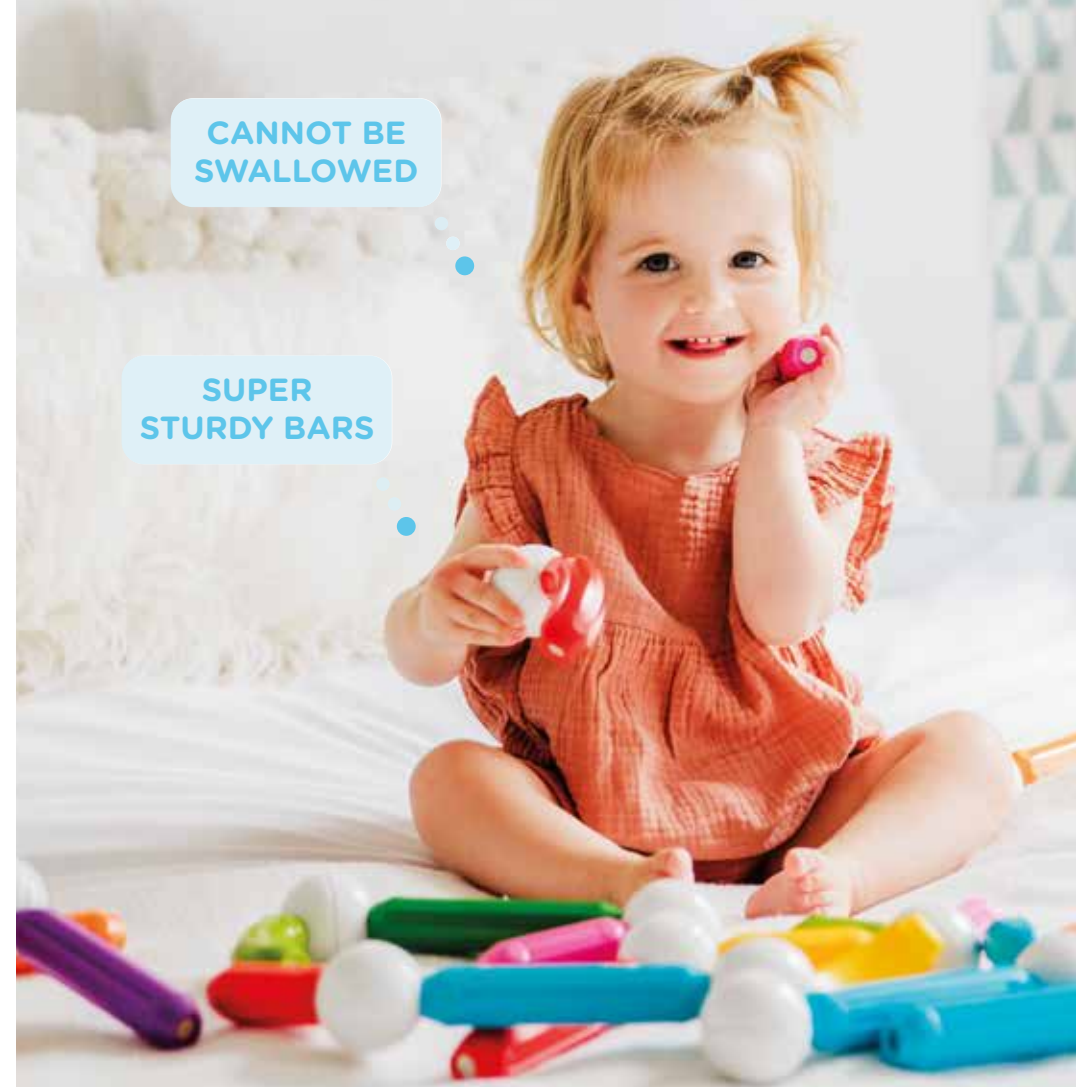

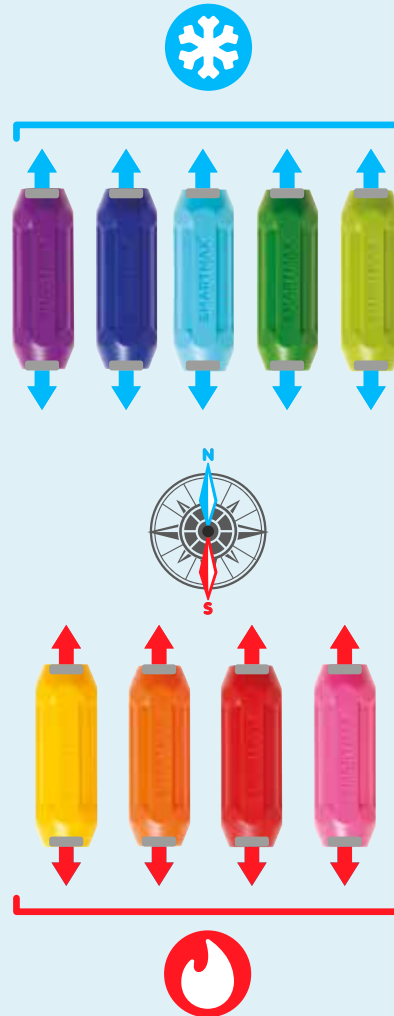

Opposite poles attract each other, identical poles repel. All bars in 'cold' colours can be combined with all bars in 'warm' colours. All other combinations repel.

BALLS

The SmartMax® balls are attracted by all magnetic bars, regardless of their colour.

NORTH & SOUTH
Magnets have a magnetic north and south pole. Bars in cold colours (green, blue and lilac) have outward directed north poles. Bars in warm colours (red, orange, pink and yellow) have outward directed south poles.

CANNOT BE SWALLOWED

GEOSMART™

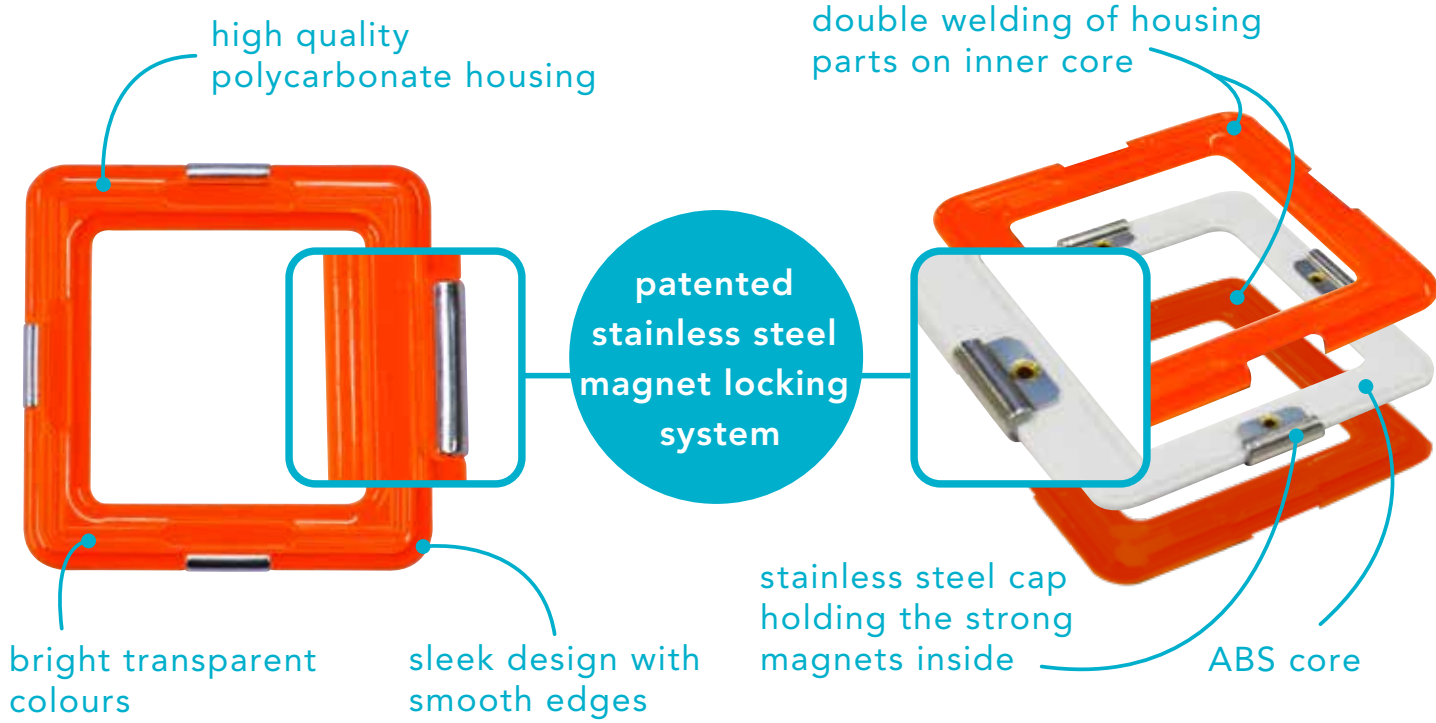

Magnetic construction toys suitable for kids as young as 3 years of age that introduce children in a fun manner to academic STEM fields like geometry, technology, and engineering. Its patented dual safety system makes GeoSmart safe for small kids and sturdy for decades of qualitative playtime. Wheels, lights, remote controllable parts and spinners add extra dimensions to your structures and make sure you can build an infinite amount of constructions.
