HES-6 ESPRESSO MAKER 240 ML (ANY8681126433488)

Description

ALUMINUM MOKA POT: Any Morning coffee pot is made from food grade aluminum. It does not contain any harmful additives and safe for consumption. It conducts heat very well and retains its heat for a longer period of time. It does not impact the taste and quality of your brewed coffee. Has a safety valve to regulate the pressure inside providing you with a safe, robust, long lasting use.

CAPACITY: Beautifully designed in aluminum, this stovetop coffee maker brews up to 6 espresso-

sized cups of coffee. The 6-cup model is just 7 inches -19 cm tall and 4 inches - 12 cm wide. Suitable for all types of hobs, excluding induction, it makes barista-style richer-tasting coffee. It is very easy to store and is a really solid option if you enjoy more than one serving of coffee.

TASTY: This stovetop espresso maker is composed of just three parts, you can fit together easily. A bottom chamber with a safety valve, a filter, and a top chamber with an

attached lid. Water in the bottom chamber boils, creating steam that causes pressure and pushes water up through the coffee grounds. The coffee goes into the top chamber. Thanks to its strong and smooth brew technique, extracts all of the flavorful oils and aromas from your coffee and produce an exceedingly delicious cup.

HOW TO PREPARE A COFFEE: Simply fill the base with cold water, place the filter basket inside and fill with your chosen ground coffee. Screw

on the top half securely and place on the stovetop. For the best tasting results, ensure you remove the coffee maker from the heat once the coffee starts emitting lighter-coloured steam or the steam becomes audible. Pour carefully using the roomy handle.

EASY TO CLEAN: To preserve the longevity of the moka pot, only hand wash and rinse it with warm water, and let it dry

THERMOS MUG (ANY212122547)

Any Morning Stainless Steel Travel Coffee Mug, Coffee Tumbler, Double Wall Vacuum Insulated Travel Mug, Leak Proof, Spill Proof, Insulated Tumblers for Hot and Cold Drinks, 20 oz (600 ml)

Description

Any Morning travel mug is made from pure 304 food grade stainless steel. The stainless-steel outer and interior wall is BPA-free. This highest quality construction means your coffee won't taste any different. You don't get any metallic flavors. It doesn't absorb strong flavors or aromas, keeps your drinks tasting fresh. Dimensions: 10x2.6 in (25.7x6.8 cm) Capacity: 20-oz (600 ml) Weight: 0.01 oz (0.298 gr). Our thermos coffee mugs have a double wall with vacuum thermal insulation, more effective than standard insulation from a layer of air, it keeps your hot drinks hot for 8-10

hours and your cold drinks cold for 25-30 hours. Thanks to its vacuum insulation technology it does not transfer heat from inside to outside or from outside to inside. The insulation also protects your hands and the temperature of your hands does not affect the temperature of your favorite drink. This coffee tumbler can be used as a travel cup to take with you on the go. It is 100% watertight and can hold up to 600 ml (20 oz). Its twist lid is reliable without worrying about leaks. You can turn upside down and shake it, it will not spill its contents. You can confidently throw this

coffee thermos into your laptop bag completely full. Any Morning offers high quality travel mugs as well as emphasizing the importance of waking up well in the morning. A warm greeting is a great way to start the day however not all of us can face up the rush we live every day or tolerate the sound of the alarm clock in the morning. Therefore, we have designed "good morning with coffee" theme for you. Any Morning travel mug encourage you to be full of energy. A coffee next to blue sky and bright sun make your awakening easier and will make you

realize every morning will be different with new flavours. With its wide opening, this thermos travel mug is easy to clean. There is no need extra attention when cleaning the inner mechanism and the lid. You will appreciate how easy they are to clean and use again. Hand-washing is recommended. It is very functional for a portable breakfast on road trips. Very durable for camping life, mountaineering or make you enjoy still drinking ice coffee in the depths of winter. Fits most car cup holders and also includes a convenient carry loop.

THERMOS WITH TEMPERATURE DISPLAY (ANY8681126433723)

Double-walled stainless steel material, inside S/S 304, outside S/S 201 vacuum insulated Temperature indicator, stainless steel, rotary seal, leak-proof lid 12 hours hot and 24 hours cold keeping feature 420ml capacity

Description

INSULATED WATER BOTTLE WITH LED DISPLAY: Our water bottles are insulated to maximize block heat transfer. Thermal cup keeps liquids warm for up to 12 hours and cold for up to 24 hours. Tapping the LED panel makes it simple to find out exactly the interior temperature of the liquid. No more guessing the temperature before the first sip. Now you will know exactly how hot it is! Ideal for keeping your hot or iced coffee for any day

HIGH QUALITY STAINLESS STEEL WATER BOTTLE: The inner layer is made of 304 stainless steel and the outer body is made of high quality 201 stainless steel; it is 100% BPA Free

TRAVEL COFFEE THERMOS: With its leakproof design, 360-degree rotation and

secure lid, carrying is now hassle-free. An ergonomic design makes the small thermos feel comfortable in your hand. The 420ml capacity is perfect for coffee, tea, and juice

SPECIAL DESIGN: With advanced double-wall vacuum technology, this thermal coffee mug is stylish and durable. Whether you are on the go, at home, in the office or outdoors, it is the ideal companion. Simple and practical, it is the best gift for friends, family.

EASY TO CLEAN: Use a brush to make cleaning easy and fast. The rubber band under the lid are easy to disassemble and install. Please wash with soap and water before first use. Do not put in the washing machine

THERMOS MUG (ANY212122525)

Any Morning Stainless Steel Travel Coffee Mug, Coffee Tumbler, Double Wall Vacuum Insulated Travel Mug, Leak Proof, Spill Proof, Anti Slip Base, Insulated Tumblers for Hot and Cold Drinks, 17 oz (500 ml)

Description

Any Morning travel mug is made from pure 304 food grade stainless steel. The stainless-steel outer and interior wall is BPA-free. This highest quality construction means your coffee won't taste any different. You don't get any metallic flavors. It doesn't absorb strong flavors or aromas, keeps your drinks tasting fresh. Dimensions: 7x3.6 in (17.8x9.2 cm) Capacity: 17-oz (500 ml). Our thermos coffee mugs have a double wall with vacuum thermal insulation, more effective than standard insulation from a layer of air, it keeps your hot and cold drinks hot

for 4-8 hours. Thanks to its vacuum insulation technology it does not transfer heat from inside to outside or from outside to inside. The insulation also protects your hands and the temperature of your hands does not affect the temperature of your favorite drink. This coffee tumbler can be used as a travel cup to take with you on the go. It is 100% watertight and can hold up to 500 ml (17 oz). The snapseal lid is reliable without worrying about leaks. You can turn upside down and shake it, it will not spill its contents. You can confidently throw this coffee thermos into your

laptop bag completely full. Any Morning offers high quality travel mugs as well as emphasizing the importance of waking up well in the morning. A warm greeting is a great way to start the day however not all of us can face up the rush we live every day or tolerate the sound of the alarm clock in the morning. Therefore, we have designed "good morning with coffee" theme for you. Any Morning travel mug encourage you to be full of energy. A coffee next to blue sky and bright sun make your awakening easier and will make you realize

COLD BREW COFFEE MAKER COFFEE BREWER FOR ICE COFFEE & ICE TEA 1300 ML (ANY8681126433891)

Description

"Any Morning Cold Brew Coffee Maker is the perfect way to make yourself a cup of coffee at home! This cold coffee brewer is made of durable, BPA-free, heat-resistant borosilicate glass, complete with a leak-proof lid and an easy-to-clean filter cap.

Our coffee pitcher has a 1300 ml capacity, which is 30% more than your typical 1000 ml cold brewers, and creates a rich, smooth cold brew concentrate that is up to 60% less acidic by nature than regular hot coffee. It is easy to use and makes delicious cold-brew coffee in just a few hours. Using this process, a cold brew kit can be made at home without expensive special equipment.

Coffee cold brew is usually made by adding water and a "grind" to a refrigerator, where the coffee grounds sit at room temperature for

approximately 24 hours. Cold brew has its own unique taste but can also be used in other forms of coffee or cocktails.

The cold brew coffee pitcher's ergonomic handle and simple-to-adjust top make it straightforward to use. The replaceable mesh core is an added bonus because, unlike other iced coffee makers, it won't rust with time or leave you with a lasting metallic taste.

After your coffee concentrate, you can easily store the pitcher in the refrigerator by covering it with an airtight, leak-proof lid to lock in the flavors. Additionally, the form may suit most refrigerator doors. The extra-large 1.3-liter capacity, which keeps your brew fresh for up to 2 weeks, allows you to enjoy a more full-bodied brew."

FRENCH PRESS COFFEE AND TEA MAKER 600 ML (ANY8681126433877)

Description

HIGH QUALITY FRENCH PRESS: Any Morning coffee maker features a frame made of durable plastic that protects the borosilicate glass coffee maker from cracks and scratches, as well as protecting surfaces from heat damage. The plunger and the filters are made of stainless steel

SPECIAL DESIGNED GIFTING BOX: Ideal for brewing coffee / tea, whether at home or on the road, for camping or picnics, this press pot is an essential companion. Volume: 600 ml. Suitable for housewarmings, weddings, birthdays, holidays, Christmas, Thanksgiving, New Year, and Valentine's Day

3-LAYER FILTERING: Advanced filter system separates the ground coffee beans from the water smoothly. It makes sure that water

goes through but no ground coffee. Moreover, preserves the rich taste and robust aroma while maintaining the natural oils of the ground coffee

HEAT RESISTANT BOROSILICATE GLASS : This large coffee maker features a durable and strong borosilicate beaker. You have precise control over the brewity of the coffee because it allows you to observe the brewing process and stop it when it's exactly right

EASY TO CLEAN: To preserve the longevity of the stainless steel french presses, handwashing is recommended. Use only nonabrasive sponge to clean the frame and lid

FRENCH PRESS COFFEE AND TEA MAKER 600 ML (ANY8681126435659)

Description

STAINLESS STEEL FRENCH PRESS: Any Morning's French Press Coffee and Tea Maker allows you to brew coffee, herbal and fruit teas in a healthy way through its glass body and stainless steel filters (BPA free). Plastic knob, frame and handle do not loosen over time and maintains the same tight form.

CAPACITY: 20 oz capacity French Press with an elegant and timeless design that comfortably complements any kitchen decor, allows you to brew approximately 3 cups of coffee, which will be enough to meet your daily needs.

ENJOY EVERY SIP: Experience the excellence of fine-mesh filtration system, which is impermeable to particles and brews your coffee

smoothly. In addition it does not filter the oils and aromas in the coffee so you can fully feel them.

BOROSILICATE GLASS: This tea press model is made of heat-resistant borosilicate glass and provides extra protection against cracks and scratches. The handles are plastic, so it protects your skin while holding. Hand wash is recommended.

VERSATILE & PORTABLE: Perfect for your on-the-go lifestyle, this compact, lightweight French Press coffee maker from Any Morning is ideal to use while camping, traveling, or at work. Enjoy the rich, metal-free flavor of French Press coffee anytime, anywhere.
