About Heva

www.hevashoes.com

- **Heva is a professional integrated footwear company.**
- **Our company is devoted to innovations** and ensured the quality of our products. Providing competitive price and high quality delivery efficiency.
- **Our products cover a wide range, including EVA injection slippers**, garden shoes, PE flip flops, beach slippers, jelly shoes, aqua shoes, injection shoes, indoor slippers, casual shoes, craft shoes, sneakers, etc. We have exclusive patents of designs and decent experience in shoes making technology, currently owning 22 footwear patents.
- **We keep our eyes on the international arena.** Continuously introduce popular and novel styles, And meanwhile ensure the quality and sustainability of products.
- **We have maintained a stable cooperation with many international brands and malls for a long time** Our products are favored and trusted by customers in Europe, America, Asia, Australia and other parts of the world. Committed to providing customers with first class service and products since its establishment in 2004.
- **We will never forget our original principle**, that company and employees seek common growth and development. We will break through the past, and forge ahead into the future to create greater glories.
