LOG GROWING KITS

RRP £24.99

Key Features

-  **Perfect for Gifting**
An ideal birthday, Father's/Mother's Day or Christmas present as they can be purchased in good time with no need for immediate use
-  **Extended Shelf Life**
Shelf-stable kits reducing spoilage risks and extending stock time.
-  **On-Demand Freshness**
Vouchers allow customers to redeem, free of charge, fresh spawn. Ensuring successful cultivation.
-  **Sustainable and Eco-Friendly**
By delivering spawn only when redeemed. Our system reduces waste, contributing to a more sustainable supply chain. The kits are recyclable and compostable.

A game-changing solution for retailers and distributors in the mushroom cultivation market. Our innovative Mushroom Grow Kit is designed with a unique voucher system that eliminates the challenges of stocking perishable live spawn. Instead, we provide a voucher that customers redeem, free of charge, for fresh mushroom spawn.

Why it works **RETAILER**

Our voucher-based system provides a reliable, sustainable solution for retailers and distributors. It ensures longer product viability, higher customer satisfaction, and more efficient inventory management, making it an ideal choice for businesses looking to offer high-quality, flexible, and eco-friendly mushroom cultivation products.

Partner with us to bring this innovative product to your customers and stay ahead in the growing market of home mushroom cultivation.
