MODERN COUNTRY

Meadow Print

A pretty and whimsical full table linen and kitchen textile range. Style with Gingham for a homely look or with our sophisticated new Lily design for Joyful Living.

Gingham Print

The epitome of a classic cosy country look, Gingham is back with us for SS25 in the soft, easy living colours of plaster pink, pale olive and blue. New kitchen textiles sit quite naturally next to pretty ruffle cushions, seat pads and table linen.

FUSION

Lemon

A paean to the bright light and baking heat of Mediterranean summers, Lemon print is a classic vintage-leaning botanical print that conjures the memory of endless lazy summer days.

Wide Stripe

Kitchen textiles are new additions to the table linen collection for SS25.

Carnation

Leaning into the botanical trend further is Carnation in slate blue and olive. Table linens plus cushions and seatpads make for a classical feeling, elegant table setting.

FUSION: pretty prints in 'indienne' style used in new bedrolls and cushions. Earthy shades of terracotta, olive and blue for botanical print cushions. Geometric, contrasting, traditional.

Rugs seen: Haveli in Spice and in Navy. Capri (rolled) in Blue and in Green
