

  
Jackie Brazil

# ABOUT THE BRAND

JackieBrazil resin jewellery is handmade in Brazil. Our jewellery is considered wearable art, as each item is unique. Resin can be recycled and is therefore ecofriendly. Our designs are fresh and contemporary, incorporating the colour and happiness of Brazil's lifestyle and attitude.

All our jewellery is made under strict fair-trade conditions. To keep your JackieBrazil jewellery in perfect condition, avoid knocking it against hard surfaces or exposing it to extreme heat. When treated with love, resin will last for many years. To clean and restore your JackieBrazil jewellery to its original brilliance, simply rub a small amount of moisturizing cream into a cloth and apply it gently to the piece.

*THIS IS WHO I AM. FASHION IS MY PASSION.*
