BOBBI BOOT //

MEET YOUR PERFECT EVERYDAY LIFESTYLE BOOT!

Made with natural rubber, lined with 4mm of neoprene and featuring our enhanced traction sole, the Merry People Bobbi Boot elevates the humble Wellington boot from a practical necessity to an everyday classic. By seamlessly merging fashion and function, the Bobbi Boot is ready for all your favourite adventures - rain or shine!

- // 100% waterproof and tested for sub-zero temperatures, keeping your toes dry and toasty-warm.
- // Durable chunky tread design for extra traction.
- // Enhanced traction sole tested by Intertek Global testing laboratory.
- // Flexible neoprene lining making it easy to slip on and off in style.
- // 100% Vegan, not made from any animal products, or tested on animals.
- // Arch support for all day comfort.
- // The sole design is inspired by the rolling hills of South Gippsland, Australia — the home of our founder.

300,000 Bobbi Boots have sold globally with 15,000+ Five Star Online Reviews.

DARCY BOOT //

In true Merry People fashion, the Darcy is designed not only for functionality but also for versatility - meaning you can wear them from morning to night and from city to country as your essential everyday boot! With an adjustable gusset on the back, the Darcy is suitable for a range of different calf sizes from narrow to wide.

The Darcy is made from natural rubber, and features an enhanced traction sole and flexible neoprene lining - making them both comfortable and functional!

- // 100% waterproof and tested for sub-zero temperatures keeping your toes dry and toasty warm.
- // Made from natural rubber with flexible 4mm neoprene lining.
- // Mid-calf length boot with an adjustable rear gusset.
- // Enhanced traction sole tested by Intertek Global testing laboratory.
- // 100% Vegan, not made from any animal products, or tested on animals.
- // Arch support for all-day comfort.
- // The sole design is inspired by the rolling hills of South Gippsland, Australia — the home of our founder.

Enhanced Traction

- // Enhanced traction sole providing extra grip on wet surfaces
- // Durable chunky tread pattern, insulated for sub-freezing temperatures
- // Wider tread pattern for added grip
- // Tested by Intertek Global for slip resistance on wet surfaces (not suitable for oil or oil and water surface combinations)
- // Gives you assurance and stability on slippery surfaces

BILLIE CLOG //

Perfect for home and out in the garden, the Billie Clog is a comfortable slip-on alternative to our Bobbi and Darcy Boots. The sole design offers enhanced traction with flexible neoprene lining, adding comfort to every step. The Billie Clog shares the same DNA as our classic Bobbi Boot and is designed with all of the features our customers know and love!

// Comfortable and durable lifestyle footwear with enhanced traction sole.

// Open heel design, easy to slip on and off.

// Made from natural rubber with neoprene lining.

// 100% Vegan, not made from any animal products, or tested on animals.

// Arch support for all day comfort.

// The sole design is inspired by the rolling hills of South Gippsland, Australia — the home of our founder.

FERGIE TALL BOOT //

We've taken our Merry Family to higher heights with the all-new Fergie Boot! It is the tallest boot we've ever released, so it was only fitting we named it after the Ferguson Tree, the tallest tree recorded in Victoria. With a long, lean silhouette and a chunkier heel, Fergie is a fashionable take on the traditional knee-high gumboot. Don't be fooled by its sleek appearance, this boot is designed, made and tested to perform. Having already gone through the paces through rigorous independent laboratory testing we know Fergie is built to take you to higher heights!

- // Made with durable natural rubber
- // 100% waterproof
- // Soft neoprene lining
- // Adjustable calf strap and expandable rubber calf gusset
- // Enhanced traction laboratory tested to global standards
- // Arch support footbeds
- // 100% Vegan

Fergie is another step in our journey towards a more sustainable boot:

- // FSC Certified rubber upper
- // 20% of the outsole is made with recycled rubber
- // 85% recycled PU removable innersole
