

Welcome to Everbright International

Information provided as at 2023. Customer insight.

About Everbright International

When Everbright International was founded in 1999, we owned several plants and focused on the garment manufacturing stage of the supply chain.

Today, we operate an import & export trade company and three factories. We collaborate with about 80 factory bases, numerous fabric mills and accessory suppliers to expand our product range and to increase the flexibility of our supply chain.

Over the past 20 years, we have grown from a small local business to an international one, but our goal to create customer value by producing quality clothing in a safe working environment remains unchanged. Our vision is to become a global apparel sourcing solution provider.

We believe that doing business is also to help with economic growth and social development by creating jobs for the local community. Therefore, while we are expanding business in Asia as well as in the US and Europe, we protect employees' health and assist them to achieve their career plans. Talents are the most valuable to our company.

Recently, we have started our venture in Southeast Asia. We would like to provide more geographically diversified supply chain solution for our clients.

Ownership

Everbright International is a family business led by Chairman Mr. Hamen Fun and Managing Director Mr. Peak Fun.

The company is privately owned.

Everbright International has a Board with independent members. The Board actively involves in overseeing the financial governance and compliance of the organization.

MANAGING DIRECTOR MR PEAK FUN

CHAIRMAN MR HAMEN FUN

Most Frequently Asked Questions and Answers

What are your key services and products?

Key service is to provide apparel sourcing solution.

Key product is apparel clothing.

What has been your annual turnover each year for the last three years?

2020 USD 78.3 million

2021 USD 100 million

2022 USD 112 million

What is the expected sales in 2023?

In 2022, our sales were \$112 million, and sales are expected to remain at this level through 2023.

Has any company under your control been bankrupt or placed into receivership?

No.

Does your company act as a trustee of a trust?

Yes, we do have an established trust called 'Run Fund'. 1% of Everbright International's annual profit goes to this fund and it supports and subsidizes some poor families that work in our factories as well as supports some other public welfare projects.

Most Frequently Asked Questions and Answers

In which countries have you established operation?

China, Vietnam, USA, Australia.

Do you have product liability insurance?

Yes, we have taken various insurance covering many relevant areas of our business.

How many facilities / sites / locations do you operate?

Directly involved in eight sites.

How many people does your company employ?

Approximately 800 people.

Does your Company hold any industry accepted quality certification?

Yes, we hold several quality certificates and comply with a range of well-recognized industry standards to meet the demand of our reputable clients. You can see our certification later in this document.

Does your Company operate within any industry accepted Compliance and Sustainability policy?

Yes. Please see some examples later in the presentation.

What are your key product types?

Key products are Cut and Sew Knit (35%) and Woven (65%).

We do mainly women's wear.

Most Frequently Asked Questions and Answers

Who is your biggest customer?

Cotton On Group .

Do you initiate or partake in any social welfare activities to help others?

Yes, we set up the Everbright Grants to support key universities and often participate in the social welfare activities held by the local community.

How do you service your customers?

Normally, we receive a technical pack from the customer and we source the items including fabrics and trims. If the customer has nominated suppliers for branded trims we coordinate with those suppliers and then we provide a fit sample for check. When all fabrics, trims and styles are approved, we proceed with bulk production and finally the finished garments will be delivered based on the contracted trade terms and we also invoice accordingly.

Do you offer any other value-adding services?

Yes, we can also design. Our fabric team can search specific fabric quality according to our clients' needs and provide fabric samples for references. We conduct market analysis to recommend suitable fabrics and styles to our customers. We can pack and deliver goods in different ways as needed. We are flexible and can assist our customers based on their needs.

How will my business be supported?

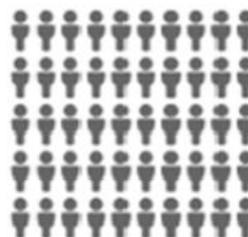

Each customer is given their own team. This team consists of a Sales Director who helps to set and implement the overall strategy and several merchandisers who follow the specific production process. The number of merchandisers allocated to your account depends on the size of sales.

Our Operation

Your Sourcing Solution Provider in China

Owning several factories by ourselves and collaborating closely with up to eighty other factory bases give us the flexibility on order quantity and product range.

This enables us to construct a customized supply chain promptly and to provide quality one-stop sourcing service to our clients when orders are placed.

Everbright International has a lean and flat organizational structure and takes efforts to standardize and optimize its operational practices. Our experienced sales directors work closely with our clients in every step to identify and meet their specific needs.

We also highly value business integrity and honor our customers' confidentiality. We believe that building trust in business relationships is critical to our survival and growth.

Organizational Structure

At the forefront of our operation is some hundreds of merchandisers who work directly with our customers.

The ability to sit on the top to manage and supervise the production in the corresponding factory allows us to accurately track and report the production progress. Acting as the communication and organization centre of the production, we can better coordinate the process, reducing the risks and the costs.

Information System

Everbright developed three information systems to improve business efficiency.

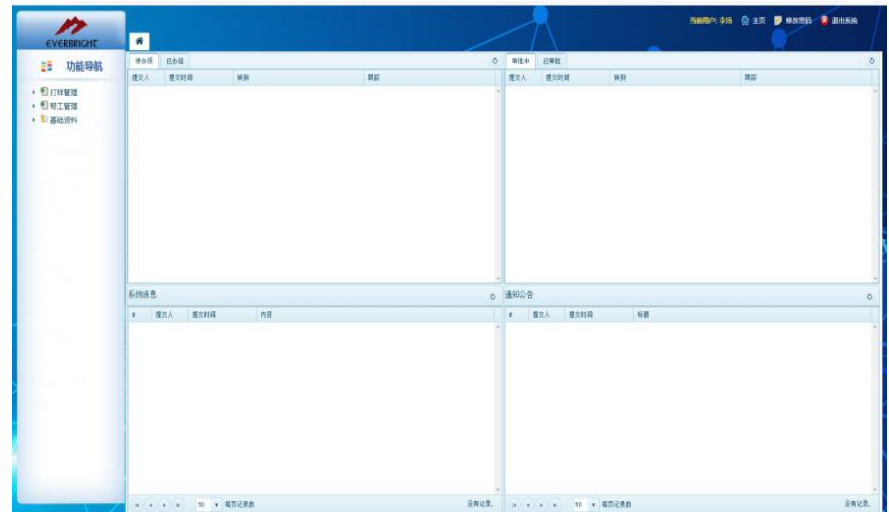

ERP System: We can search information through it, including fabric, style details, order status, inspection status and so on. Distant access to ERP system allows our employees to look up relevant order information any time and any where if needed.

MES System: This system enables us to track the sampling process easily so that we can make the sample in a timelier and more flexible manner.

OA System: This system can improve our operational efficiency.

XURUN TECHNOLOGY CENTRE

Wuxi Everbright Technical Center is directly managed by the top management and is established to help with our strategy of becoming the “Global Fashion Brands Supply Chain Platform.” It offers great support to our sales team by quickly developing styles and making samples according to customers’ needs.

Our technical center has the capacity of designing, patterning, sample production and low-volume bulk production. There are currently around 6 pattern makers, 18 sample workers, and others in supportive roles. The daily output is approximately 50 patterns, and 100 garment samples. Our goal is to complete the first run of sampling from pattern making to garment production within 3 days.

To provide high-quality well-fitted samples in a short lead time is the area we focus on. “Professional, Focused and Dedicated” are the values we highlight in the daily work.

Everbright currently holds the European Flax Certificate, GOTS Certificate, and GRS Certificate.

Premium linen fibre

WUXI EVERBRIGHT FASHION CO.,LTD

Everbright Fashion is a medium-sized garment factory founded in 2004. It locates in Wuxi Huishan economic development zone and now has around 170 staff.

Everbright Fashion is an all-round factory that can deal with various fabrics and produce both woven and knitted garments. There are six production lines, and the annual capacity is around 1.8 million pieces.

To catch the trend of technology development, Everbright Fashion has invested in intelligent cutting system, sewing equipment, hanging system and sorting system, which help with increasing the production efficiency and decreasing the cost. Product quality is under good control by implementing a range of preventive activities and inspections.

For all the points mentioned above, we are confident to provide high-quality service for our customers and to serve as one of their most reliable suppliers.

In addition, Everbright Fashion co., Ltd has certifications such as WRAP, SMETA and BSCI.

Everbright International

SUQIAN YANGRUN APPAREL CO.,LTD

Suqian Yangrun was set up in 2013 with about 100 staff. It locates in Fengxu village industrial park, Zhaxia town, Shuyang.

The factory increased its investment in automation equipment, along with large air compressor devices and 2 full-automatic suspension layouts in the sewing workshop. Now the annual production turnover is about 1.8 million pieces, and the main products are being cut and sew knitting garments.

The factory has a senior technician who trains the staff regularly to increase their proficiency in using high-tech machines.

WUXI HARBOUR TEXTILES CO.,LTD

Harbour Textiles was set up in 2015 with about 20 staff. It locates in Jiangyin, a city beside Wuxi.

The factory has 20 circular weaving machines and several fabric inspection machines. The annual production turnover is around 1500-ton knitting fabric.

Our factory has European Flax certificate, GOTS certificate and GRS certificate.
