Premium Circular Knitted Fabrics

Natural Fibers Artificial Fibers Synthetic Fibers

ITJV Têxteis is a Portuguese company, specialized in circular knitted fabrics. We have an efficient and technologically advanced factory of 1300 m2 and a **high production capacity with worldwide exportation capability.**

We have several quality and safety certifications and create circular knitted fabrics from a broad variety of natural, artificial, and synthetic fibers. Our compositions stand out for their color palettes, as well as the structures themselves.
