# WHO **WE** ARE

Established in 2000, Coton Code Garments (CCG) is a leading apparel manufacturing company based in Tirupur, India. Specializing in high-quality knitted apparel, we are renowned for our expertise in creating value-added garments. With a firm commitment to quality, innovation, and client service, we are dedicated to exceeding expectations in every aspect of our business.

At CCG, we foster a culture of research and development, constantly exploring new technical and sustainable solutions. Our team is driven by a passion for staying ahead of the curve and delivering cutting-edge products to our clients.

With two state-of-the-art manufacturing units, we have the capacity and capability to fulfill large-scale production requirements while maintaining the highest standards. Additionally, we partner with leading mills in the region to source superior raw materials, ensuring the excellence of our finished products.

We prioritize meticulous craftsmanship and attention to detail in every step of our manufacturing process. From selecting the finest materials to employing skilled artisans, we ensure that each garment meets the highest standards of excellence.

At the heart of our operations lies a deep-seated commitment to client satisfaction. We prioritize building strong, long-term relationships with our clients by providing exceptional service and tailored solutions to meet their unique requirements. Our client-centric approach has earned us a solid reputation as a trusted partner in the industry.

At CCG, we believe in responsible manufacturing practices and sustainability. We are committed to minimizing our environmental impact by implementing eco-friendly processes and adhering to ethical standards throughout our supply chain.

CCG is dedicated to pushing the boundaries of apparel manufacturing, combining quality, innovation, and client service to deliver exceptional products to our valued

# HOW WE WORK

The process starts with us working with the clients to understand their ideas and requirements for the garments that they need developed and manufactured. Our design team works with the client to ensure their vision is projected throughout the product development process.

We believe the quality of the products we produce is only as good as the input we put in. Therefore we are constantly updating ourselves with the newest industry innovations and maintain an array of ever-expanding tools and machinery. We ensure the quality of the raw material used in our products by exclusively partnering with trusted and reputed spinning mills to source yarn.

# OUR PROCESS

## 1 GATHERING REQUIREMENTS

Customer provides designs, specifications and vision for apparel.

## FIRST SAMPLE

We transform customer designs into reality and ensure quality and style. Samples are sent for approval.

## 3 SOURCING RAW MATERIALS

Raw materials are sourced from trusted suppliers after understanding the client's vision.

## MANUFACTURING

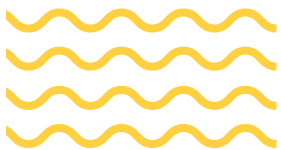

Manufacturing process begins, including knitting, cutting, and stitching.

## 5 QUALITY CHECK

Apparel undergoes rigorous quality checks before being carefully packaged and shipped to clients.
