ABOUT US

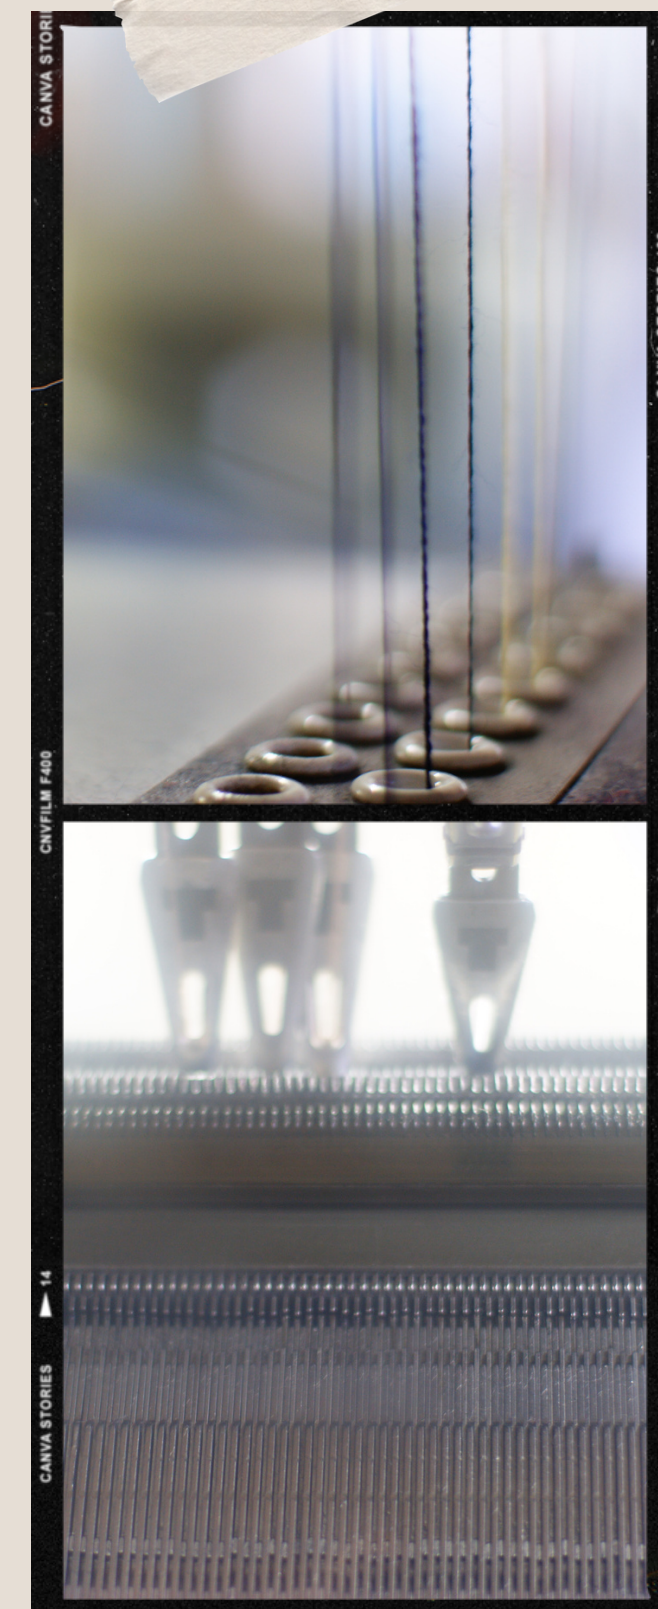

Madalena Beça Têxtil, Lda is a family company with more than 20 years of experience. Founded in 1998, the company went through an internal restructuring process in 2016, investing to comply with all of the requirements of our various certifications.

OUR MISSION

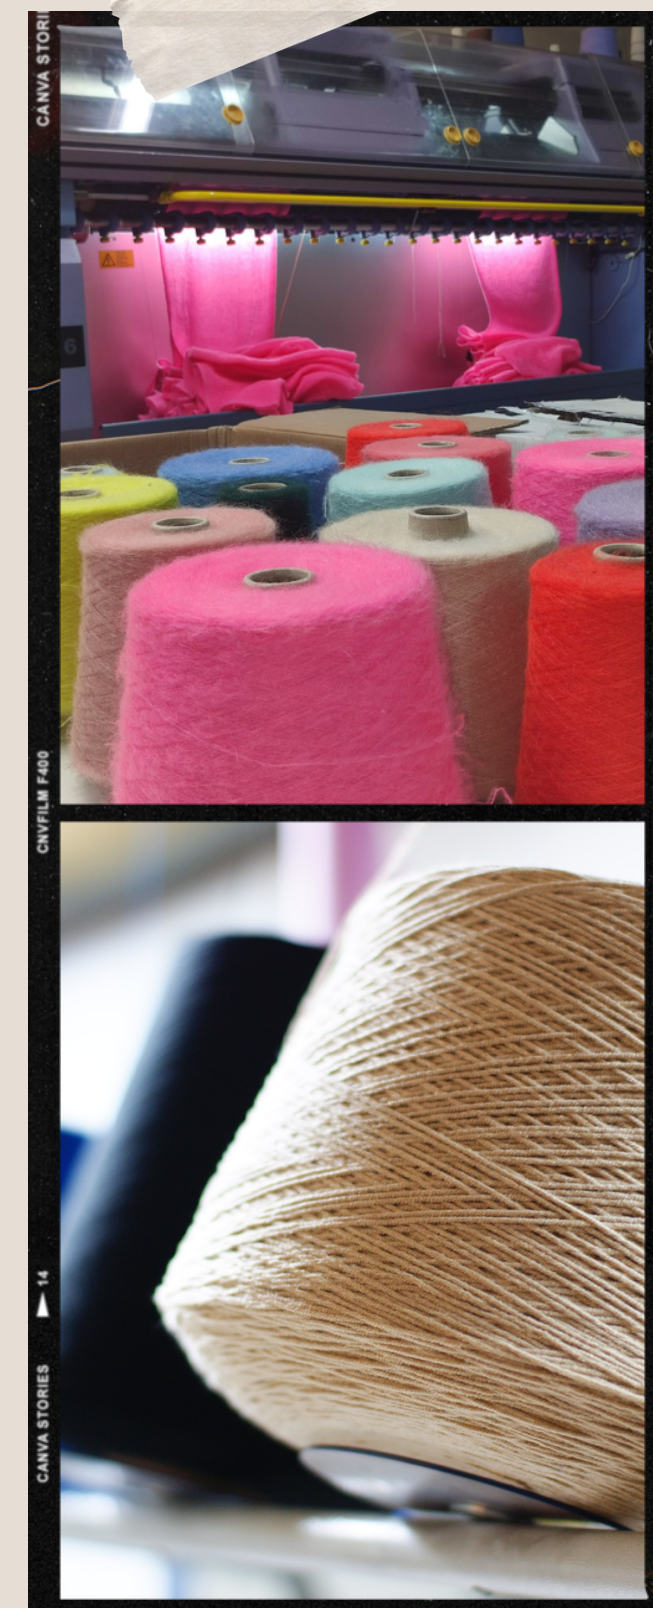

We are driven by a shared belief in the responsible transformation of the textile industry. We understand that every purchasing decision has the power to make a difference, which is why we are dedicated to sustainability across our entire supply chain. As part of the Sustainable Fashion movement, we strive to minimize the environmental impact of garment manufacturing, while maximizing the positive influence of conscious design and production. We firmly believe that luxury cannot exist in isolation from its surrounding context. It is the harmonious blend of natural beauty, preservation of human heritage, and innovative excellence that defines true luxury.

OUR VISION

At Madalena Beca Knitwear we are your partners in design, fueling your creativity with innovative solutions. As a specialized small company, we offer direct access to our technically skilled team, always eager to push boundaries and explore new possibilities. Setting ourselves apart from the competition, we forge strong partnerships to ensure a transparent and sustainable supply chain. Our vision is to be the epitome of fashion-forward knitwear manufacturing, where attention to detail is paramount.

OUR CERTIFICATIONS

Global Organic Textile Standard

OUR MISSION STATEMENT

We prioritize certifications that build trust and demonstrate our commitment to sustainability and social responsibility.

Since 2017, we have been proudly certified by the Global Organic Textile Standard (GOTS), the world's leading processing standard for organic fiber textiles. GOTS ensures the organic integrity of our products from raw material harvest onwards, requiring environmental and social responsibility throughout the production process. This annual in-person monitoring provides our clients with a credible guarantee of our 100% certified supply chain and our dedication to fulfilling our social duties.

In 2022, we embarked on a new chapter by investing in two additional certifications: the Global Recycled Standard (GRS) and the Responsible Wool Standard (RWS).

These certifications reaffirm our dedication to sustainable and ethical practices, providing our clients with the assurance that our products meet the highest standards of quality, responsibility, and respect for the environment.

OUR SERVICES

1

SAMPLING

Planning is where everything begins. Keep everything organized and handy to all stages is the main goal. All information of samples and production by the customer is treated here and also the customer contacts. Planning has a close relationship with the Purchasing Department and the Administrative Department.

2

KNITTING

The Knitting department is where the magic happens. We do not only produce here but also sample all the stitches necessary for collection development together with our commercial team. Here we develop each program using our M1plus system by STOLL which is custom based to each sample. We have flat machines with gauges: 3/5/7/10/12.

3

CONFECTION

Very close and well balanced with Knitting, the Confection is where we join all things up. Due to complexity of the multiple stages that the knit passes here, we rely on strong organization and the recent machines to maintain the high standards of our customers.

OUR SERVICES

PRODUCTION MANAGEMENT AND QUALITY CONTROL

4

Due to a great effort to keep everything in time, organized and ready to go, we develop and maintain quality control points throughout various stages of the production.

PACKING AND SHIPPING

5

Packaging and Shipping department is responsible for the final inspection of the pieces and the carefully preparation of them for shipment out to the customer.
