

ION

TEKSTİL

THE COMPANY PROFILE

Founded in 2015 by a textile expert family, ION TEKSTIL is a leading apparel manufacturing partner in Turkiye with its wide product range, reliable service and high quality of womens, mens and kidswear circular knitted apparel products.

ION headquarter is based in Istanbul and we have three affiliated production units in country with a flexible capacity management of both volume orders and small orders.

With our design teams in Istanbul, London and Barcelona, we present style-leading, sustainable and cost-effective premium apparel products with finest quality.

Excellence, integrity, honesty, teamwork and innovation are all integral components to success and sustainable business relationships. We are the reliable business partner of a well-known and strong customer portfolio designing, producing and delivering exclusive garments with excellent communication skills and industry experience of our highly-skilled teams.

Design and Development

01

We follow and analyse catwalks, fashion shows and fashion platforms such as WGSN.

02

This work leads us to research & develop sustainable materials, new fabrics, trims and shapes for our customers at the very beginning of the seasons.

03

We prepare seasonal moodboards inline with our customers' story boards.

04

We prepare Shop Reports every month and share relevant ideas with the brands we work with.

05

We design prints and present for our customers' exclusive selection.

Description of Development And Production Process

01

We have an experienced pattern and sampling team. We not only design fashion product but also focus on quality and efficiency of bulk production to maintain sustainability.

03

Our production units are based in Istanbul, Batman and Tekirdag.

05

We are flexible with order quantities as our lines can be set up accordingly.

02

We risk assess the styles and follow closely all through the production processes.

04

We check bulk components prior to production and follow production very closely.

06

Our QC team runs inline and final inspections according to AQL 2,5 in the manufacturing units.

Ethical Compliance & Sustainability

ION
LOVES
PEOPLE AND
OUR PLANET

Our Sustainability Manifesto

We are committed to placing sustainability at the heart of our business. We pledge to be a driving force for change, recognizing our responsibility to the environment and society. From the selection of eco-friendly materials to the fair treatment of our skilled workforce, we prioritize integrity and sustainability as our core values.

1. **Sustainable Production:** While delivering high-quality products to our customers, we create them from sustainable materials. We carefully choose eco-friendly materials and processes, striving to minimize our energy consumption.
2. **Ethical Business Practices:** We treat all our employees with respect and fairness, upholding ethical labor standards throughout our ethically certified supply chain. We are dedicated to creating a safe and supportive working environment for our team.
3. **Environmental Responsibility:** We aim to reduce our carbon footprint and minimize waste. We continuously explore innovative solutions to make our operations environmentally friendly and sustainable.

Strengths

Smart Fashion

Our company is highly focused on the latest fashion trends. We prioritize staying in tune with future and current trends while supporting our customers with clever and sustainable designs.

Collection, R&D, Innovation

We continuously develop new collections through robust research and development efforts. Our commitment to innovation drives our extensive product offerings.
